PART I.

No. R. 5650-699—L. R. 10-14-211, DATED 5TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 5650-699—L. R. 10-14-211, dated 5th December 1916.

Government have had under consideration for some time the question of holding District and Taluk Conferences annually for taking stock of progress made in the districts during the year and for discussing subjects of local importance relating to the well-being of the people. Under the initiative of Deputy Commissioners in some districts, notably Tumkur and Chitaldrug, a number of Taluk Conferences were held during previous years. They are reported to have served a very useful purpose. Government will be glad if Deputy Commissioners of Districts will convene such conferences for every taluk under their jurisdiction as well as for the district, as a whole, with effect from the current year.

2. With a view to secure uniformity of procedure in the matter, the following general instructions in regard to District Conferences are laid down for guidance. On matters not provided for in these rules, the Deputy Commissioners may exercise their discretion and frame subsidiary rules of procedure.

(1) *Time of meeting.*—The District Conference may be held as soon as all the Taluk Conferences are over, usually before the end of February.

(2) *President.*—The Conference will be presided over by the Deputy Commissioner.

(3) *Members.*—The Conference will consist of the members of the District Board and District Economic Conference Committee, the Dasara Representative Assembly Members, selected representatives of the Municipalities, Unions, Tank Panchayets and other interests in the district whom the Deputy Commissioner may invite.

(4) *Work to be done.*—The work to be transacted at the Conference will be—

(*a*) Preparation or revision of the list of the major and minor wants of each taluk and of the district and discussion of the means of providing the same.

(*b*) Discussion of local grievances, and measures for redressing the same.

(*c*) To examine the progress made in the working of the special schemes, such as Economic Conference activities, Village Improvement Scheme, minor tanks, village forests, Courts, etc., and taking stock of progress made.

(5) All the District Officers who may be invited by the Deputy Commissioner will be expected to attend the conferences and render all possible help. The Departments of Education, Agriculture, Industries and Commerce, the Registrar of Co-operative Societies and the Secretary to the Economic Conference should be good enough to depute, as far as convenient, their representatives for delivering lectures and holding demonstrations, etc., at the Conference.

(6) The expenses of the District Conferences should be met by contributions from local bodies and Government grant of Rs. 150 for each Conference, which will be met from the Village Improvement and Economic Conference grants in equal proportion. No grants will be given by Government for Taluk Conferences.

(7) Within a month of the close of the District Conference, the Deputy Commissioner should submit to Government a brief report of the proceedings of the Conference not exceeding three pages of printed matter together with the lists of major and minor wants adopted by the Conference and a list of proposals made for the development of the district. The lists of major and minor wants which

will be in lieu of those to be submitted under Government Order No. G. 6345-93—G. M. 259-14-1, dated the 18th December 1914, should show succinctly what remedies were suggested at the Conference and what action is intended to be taken or recommended by the local officers.

3. The Deputy Commissioners will take steps to see that the Conferences are fully representative of the various interests of the different taluks and towns in the district. From the experience gained within the next few years, it may be possible to prescribe more explicit rules for guidance.

4. As regards Taluk Conferences the Deputy Commissioners may exercise their discretion in regulating the proceedings. The subjects to be discussed in Taluk Conferences will be on the same lines as those prescribed for District Conferences.

5. Government will be glad to have a report from the Deputy Commissioners before the end of June 1917, showing how far these suggestions were adopted in their respective districts and whether any modifications are necessary in the future working of the scheme.

Fresh Inam Lands for the Sri Rameswara and Sri Ramadevaru Temple, Chamarajpet, Bangalore City.

No. R. 5865-72—L. R. 244-10-9, DATED 11TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 7559-60—L. R. 482-07-2, dated 22nd May 1908, directing that suitable lands of similar extent be acquired and granted to the temple of Sri Rameswara and Sri Ramadevaru in Chamarajpet, Bangalore, as inam in lieu of the temple inam lands 6 acres 16 guntas of land out of survey No. 6 in the Bargi Muddenahalli village, Bangalore Taluk, and 22 guntas of Mantrapushpa service inam land in the same village belonging to the temple, acquired by Government in 1880 for the Bangalore City Railway Station, and for a feeder channel of the Jakkarayankere, respectively, and requesting the Deputy Commissioner, Bangalore District, to select suitable lands in consultation with the temple committee and submit proposals for their acquisition.

2. Correspondence ending with letter No. 6768, dated 30th November 1915, from the Revenue Commissioner in Mysore, forwarding with his recommendation, copy of letter No. R. C 326, dated 23rd September 1915, from the Deputy Commissioner, Bangalore District, reporting on the matter.

Order No. R. 5865-72—L. R. 244-10-9, dated 11th December 1916.

The Deputy Commissioner reports that the President of the Temple Committee has selected the bed of a tank (Kanthaivanakatte) bearing survey No. 207 of the Kankanhalli village, Kankanhalli Taluk, and measuring 17 acres 28 guntas to be given as inam to the temple, and that he requests that in addition to this, the compensation already fixed, *viz.*, Rs. 413, for the temple inam land at the time of its acquisition in 1880, might also be paid to the temple together with compound interest from that date. The ground for urging these concessions are:—

(1) that the temple has been deprived for a period of 35 years of its income from the lands acquired by Government, and

(2) that the present value of the acquired lands would be nearly Rs. 15,000 on account of their advantageous situation.

2. Both the Deputy Commissioner and the Revenue Commissioner are of opinion that his first request may be granted in view of the circumstances urged by the President, but that the second is inadmissible.

3. Government agree that the grant of the bed of the tank as *Sarva inam* would be quite sufficient to meet all claims both for compensation and for the interest on account of the delay of over 35 years in making good the compensation. The total extent of the lands taken up in 1880 is 6 acres 38 guntas (dry), while the land selected in exchange comes up to 17 acres 28 guntas which, though Kharab at present, is expected to be eventually irrigated by the Maralwadi project. Not only is the selected land larger in extent, but the revenue which Government will forego in perpetuity in the shape of assessment on about 17 acres of wet land in favour of the temple will be more than ample compensation for the claim on account of the loss of service, and interest for 35 years.

4. The Deputy Commissioner, Bangalore District, is requested to place the President, Temple Committee, in possession of the selected lands, as soon as other arrangements are made for the irrigation of the lands now depending on the tank.

No. R. 5865-72—L. R. 244-10-9, DATED 11TH DECEMBER 1916.

5. The Chief Engineer is requested to take needful action to expedite the extension of the channel from the Mavattur tank, so as to make the abandonment of the tank and the cultivation of its bed feasible, as early as possible.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore, with records.

The Chief Engineer in Mysore, with the intimation that the capital sad value of the water-rate to be waived may be credited to the project, and debited to the Railway Department for the benefit of which the lands were acquired originally, so as not to affect the financial results of the Maralwadi scheme.

The Secretary to Government, Railway Department, with one file.

The Comptroller, Mysore Government, Public Works and Railways.

The Superintendent, Revenue Survey.

The Superintendent, Inam Settlements in Mysore.

The President, Sri Rameswara and Sri Ramadevaru Temple Committee.

The Muzrai Superintendent in Mysore.

Form of Report of Inspection of Villages under the Village Improvement Scheme.

No. R. 6164-73—L. R. 12-16-63, DATED 15TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 6164-73—L. R. 12-16-63, dated 15th December 1916.

With reference to paragraph 8 (iii) of Government Order No. R. 9859-908—L. R. 15-15-154, dated 24th April 1916, issuing instructions in regard to the more efficient working of Village Committees and defining the scope for their higher activities, the appended form of Inspection Report is issued for the use of officers inspecting villages to readily obtain a clear idea of the condition of the villages, and the progress made in the working of the Village Improvement Scheme.

2. Inspecting Officers are expected not merely to record their replies to the several questions but also to issue suitable instructions then and there for the early rectification of any omissions and defects that may come to their notice during the course of their inspection. The more important instructions may also be recorded in the Village Inspection Book for the information and guidance of the Village Officers and others concerned.

3. Every Amildar and Deputy Amildar should inspect not less than 50% of the villages in his charge at least once a year. The Sub-Division Officer and Deputy Commissioner should endeavour to visit as many villages as possible in each taluk during the course of Jamabandi and other tours.

4. A copy of the Inspection Report should be attached to the Amildar's Monthly Journal so that the Sub-Division Officer and Deputy Commissioner may be kept informed of the condition of the villages inspected by the Amildar.

5. The Superintendent, Government Press, is requested to print and keep in stock a sufficient number of forms of the Inspection Report and supply the same to the Deputy Commissioners on indents.

No. R. 6164-73—L. R. 12-16-63, DATED 15TH DECEMBER 1916.

INSPECTION REPORT OF THE..... ...VILLAGE OF.....TALUK.

Name and rank of Inspecting Officer.

Date of inspection.

Time spent in inspection.

Date of previous inspection and name and rank of Inspecting Officer.

QUESTIONS.	*ANSWERS.*
1. What is the general sanitary condition of the village? Give results of inspection under vital statistics, water-supply, epidemics, general health of the inhabitants, vaccination, etc.	
2. (*a*) What is the general economic condition of the village?	
(*b*) What is the average amount of indebtedness or prosperity?	
(*c*) What are the chief industrial occupations of the people?	
GENERAL ADMINISTRATION.	
3. Is there an Improvement Committee for the village?	
(*a*) Has the Committee been maintaining properly the record of progress prescribed in Government Order No. 5605-14—L. R. 10-11-71, dated 26th December 1914?	
(*b*) Are the monthly returns submitted to the Amildar punctually?	
4. (*a*) Is the Committee maintaining besides this a separate book for recording the proceedings at meetings?	
(*b*) How many times did the Committee meet during:—	
(i) last year.	
(ii) the current year till the date of inspection for purposes of discussing the general administration of the affairs of the village?	
II. WEEKLY HALF-DAY LABOUR.	
5. State how the voluntary system of labour for improvement is working. Do the villagers meet every week systematically? Is any compulsion exercised? Is any record maintained? Note result of examination.	
6. What are the works executed in this way and what is their approximate value?	
III. GRANT-IN-AID-WORKS.	
7. What are the works executed with the aid of Government grants-in-aid?—	
(i) Last year.	
(ii) Up to date.	

8. (*a*) What is the total value of such works?

(*b*) How much of it did the Government grant?

(*c*) What is the amount contributed by the villagers?

(i) in cash.

(ii) in the shape of labour.

IV. WEEKLY MEETING FOR SPREADING USEFUL INFORMATION.

9. What is the week day prescribed for this purpose for the taluk?

10. How many times have the villagers met for this purpose and what generally is the nature of the work they do at those meetings?

11. Has the Committee been supplied with the village prosperity rules and other booklets and publications issued under the Village Improvement Scheme and also a Kannada Edition of the Village Improvement Manual? Are these read at these meetings?

V. VILLAGE FUND.

12. (*a*) Have the villagers collected a common fund distinct from the amount collected in lieu of personal labour and special contributions to supplement Government grant?

(*b*) What is the amount of the fund?

(*c*) At what rate is it collected?

(*d*) On what objects have the funds been expended?

VI. VILLAGE STATISTICS.

13. Were the village statistics compiled and submitted in time last year?

14. How are they compiled? Is a house to house enquiry made, or are the figures adapted simply from the Kaneshumari?

15. Is there any appreciable divergence between the population as recorded in the latest return and the population according to the census? If so explain the cause.

Note.—Differences either increase or decrease of less than 5% may be ignored.

16. What is your opinion about the accuracy and reliability of the statistics?

VII. EDUCATION.

17. Is there a Reading Room or a Library in the village?

What are the newspapers subscribed for?

No. R. 6164-73—L. R. 12-16-63, dated 15th December 1916.

VIII Agriculture.

18. (*a*) Are the Registers of agricultural statistics prescribed by Government in their Proceedings No. R. 10838-48—Agri 197-08-2, dated 23rd June 1909, being properly maintained ?

(*b*) What was the general condition of the seasons and crops in the village during the past year ?

19 How many improved agricultural appliances are in use in the village ?

20 Have the villagers taken any interest in rice planting according to the circular of 18th March 1916 and what have they done ?

21 Has any attempt been made to improve the growth of grass in gomal lands and to raise fodder crops ?

IX Industry.

22 (*a*) What are the principal occupations of the people ?

(*b*) How many agriculturists follow subsidiary occupations ?

What are they ?

What other subsidiary occupations do you think can be introduced ?

X Higher Duties and Activities

23 Are any higher duties and activities such as those mentioned in para 4 of Circular No R. 9859-908—L R 15-15-154, dated 24th April 1916, being pursued in the village ? If so, mention them

XI Important Wants of the Village

24 Has a list of the principal wants of the village been maintained, arranged in order of importance together with such information as may be available as to funds, agency, and time of completion ?

If so, reproduce the list

State what steps are being taken or are proposed to be taken to meet these wants

Decentralization of Work in the Revenue Department.

No. R. 6185-233—L. R. 641-13-14, DATED 16TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The following communications on the subject of decentralization of work in the Revenue Department :—

(1) D. O. No. 177, dated the 18th April 1914, from Mr. K. Matthan, Deputy Commissioner, Shimoga District, forwarding a memorandum.

(2) Note by Mr. K. Srinivasa Rao, Retired Deputy Commissioner, received with his D. O. dated the 23rd April 1914.

(3) Correspondence ending with D. O. No. 9, dated 10th July 1916, from the Revenue Commissioner in Mysore.

Order No. R. 6185-233—L. R. 641-13-14, dated 16th December 1916.

(1) *Preliminary.*—The question of conferring increased powers and duties on the several classes of Revenue officers and thereby relieving the congestion of work in the offices of the controlling and appellate authorities, has, for some time past, been under the consideration of Government. Before proceeding to pass orders on the correspondence read above, the Government will review briefly the measures of decentralization effected in 1902, 1906 and 1907.

(2) *Review of the reforms effected in 1902, 1906 and 1907.*—The office of Revenue Commissioner was created in August 1902 for the more efficient control and supervision of the Revenue Department and by Regulation No. VI of 1906, (passed on 20th August 1906) the Revenue Commissioner was constituted the Chief Controlling Revenue Authority subject to Government. Certain additional powers in regard to the Revenue, Forest and Treasury administration and the disposal of certain periodical returns were subsequently assigned to him by the marginally noted orders (pages 5—15, Revenue Manual).

(1) G. P., dated 11th September 1906, No. R. 3105-14—L. R. 212 06-1.
(2) G. P., dated 31st October 1916, No. R. 4426-65—Ft. 86 06-1.
(3) G. P., dated 3rd November 1906, No. 3228-37—G. F. 134-06-1.
(4) G. P., dated 15th November 1906, No. R. 5042-80—L. R. 199-06-2.
(5) G. P., dated 2nd December 1907, No. R. 3432-41—G. F. 134-06-6.

3. *Measures of decentralization now effected.*—Owing to a general increase of work in all directions, there is much congestion in all the Revenue Offices and Government consider that it is necessary to decentralize authority in regard to the less important and routine matters of Revenue Administration and are therefore pleased to direct that certain additional powers and responsibilities should be given to Amildars, Sub-Divisional Assistant Commissioners and Deputy Commissioners as indicated below :—

(i) *Additional powers and duties to Amildars.*—The existing powers and duties of Amildars in regard to the disposal of lands, control over establishments and recovery of revenue, are contained chiefly in the marginally noted provisions of the Land Revenue Code, Land Revenue Rules and the Mysore Revenue Manual.

Land Revenue Code, Sections 10, 12, 58 and 71.
Land Revenue Rules—3, 7, 41, 46, 95, 96 and 99.
Mysore Revenue Manual—Chapter VI.
Ruling under Land Revenue Rules 99 and 99 (b).
(Page 390, Revenue Manual.)

The Government trust that the powers which under Land Revenue Rule 3, can be delegated to Amildars by the Deputy Commissioners have been already delegated to all the Amildars, *ex-officio*, in every district and that if this is not the case in any district, the Revenue Commissioner will take the requisite action.

No. R. 6185-233—L. R. 641-13-14, DATED 16TH DECEMBER 1916.

The following additional powers are now delegated to the Amildar:—

(*a*) Power to adopt the precautionary measures prescribed in Sections 146 to 149, Land Revenue Code, for the recovery of land revenue due to Government.

(*b*) Power to declare forfeiture of land for default of payment of land revenue, when the assessment of the lands in the holding concerned is less than Rs. 50.

(*c*) Power to order the transfer of registry under Sections 67, 68 and 69, Land Revenue Code.

(*d*) Power to grant in malnad taluks an extent not exceeding ten guntas of unassessed land (including gomal land) for building purposes finally.

(*e*) Power to confirm the sale of building sites when the sale proceeds do not exceed Rs. 25.

(*f*) The following powers of patronage and of disciplinary control over the Taluk Establishment:—

(1) To appoint, dismiss, suspend or otherwise punish all menial servants including dafadars.

(2) To fine up to a limit of Rs. 5 any member of the Taluk Establishment other than the Taluk Sheristadar.

(3) To grant leave to any member of the Taluk Establishment (including the establishments of travellers' bungalows under the Revenue Department and the Nala Manegars) other than the Sheristadars and to appoint substitutes for the absentees, provided that in the case of officials drawing Rs. 15 or more, the Amildar shall not grant leave, or make temporary arrangements for more than a month.

(4) To grant casual leave to Taluk Sheristadars when the Amildar is at headquarters and is in charge of the Treasury himself.

(5) To suspend village officers for a period not exceeding *one month* without reference to higher authority and to appoint substitutes.

(6) To grant leave to village officers up to three months and to appoint substitutes temporarily.

(NOTE.—All orders of appointment, punishment, etc., passed by an Amildar should be communicated within a week to the Deputy Commissioner through the Sub-Divisional Assistant Commissioner. Either of these officers may cancel the Amildar's order giving reasons therefor, the same being communicated to him.)

(*g*) The Deputy Commissioner may, in his discretion, delegate to any Amildar or Deputy Amildar the power to confirm sale of occupancy at a public auction in cases where an upset price for the occupancy has previously been fixed by the Deputy Commissioner and the final bid is not less than such upset price.

(ii) The following additional powers are delegated to Sub-Divisional Assistant Commissioners.—

(*a*) *Powers of patronage and disciplinary control over their own establishments and the Taluk establishments.*—(1) To appoint, suspend or dismiss all officials, excluding Shekdars, drawing pay not exceeding Rs. 25.

(2) To fine officials drawing a higher pay than Rs. 25 except the Taluk Sheristadar up to Rs. 5.

(3) To grant leave to any member of the establishment and to make temporary arrangements during such period provided that in the case of Taluk Sheristadars, the Assistant Commissioner shall not grant other than privilege leave for a period not exceeding one month at a time and that in the case of other officials drawing Rs. 25 and above, he shall not grant leave for more than six months.

(4) To order the transfer of officials except Taluk Sheristadars within their Sub-Divisions and of Shekdars with the approval of the Deputy Commissioner.

NOTE.—The Assistant Commissioner's orders in respect of the above matters should be communicated, within a week to the Deputy Commissioner, who may cancel them for specific reasons which should be communicated to the Assistant Commissioner.

No. R. 6185-233—L. R. 641-13-14, dated 16th December 1916.

(*b*) *Power under the Land Revenue Code and Land Revenue Rules.*—To confirm or set aside sales of land where the sale proceeds do not exceed Rs. 1,000.

(*c*) *Power under the Village Offices Regulation.*—To dismiss or remove a holder of a village office without previous reference to the Deputy Commissioner.

(iii) *The following additional powers are delegated to Deputy Commissioners* :—

(*a*) To assign land for communal purposes under Section 39 of the Land Revenue Code when survey operations are not in progress.

(*b*) To write off assessment on lands, acquired for public purposes under the sanction of Government.

(*c*) To write off demands made in error.

(*d*) To sanction refund of all sums (including departmental fines) collected by any department under their control, where it is clear that Government were not in the first instance or have since ceased to be entitled to such amounts, as for instance, when an original assessment, fine, etc., has been cancelled or reduced in appeal, all cases, in which there is any doubt, being referred to the Revenue Commissioner for sanction subject to a period of three years' limitation and provided the amount does not exceed Rs. 500.

(*e*) To appoint and transfer all officials in the district and subordinate offices drawing pay not exceeding Rs. 50 per mensem.

(*f*) To grant leave not exceeding three months to officials drawing pay up to Rs. 100 per mensem and to make the necessary acting arrangements.

(*g*) To make proposals half-yearly for the transfer of Amildars within the district.

Note.—The Revenue Commissioner will review these proposals and submit them in a consolidated form to Government half-yearly.

(4) *Drafts of consequential amendments.*—The Revenue Commissioner is requested to submit drafts of amendments rendered necessary in the Land Revenue Code and the Standing Orders in the Mysore Revenue Manual in consequence of this order.

(5) *Extension of the Sub-Divisional system.*—The Government consider that no Deputy Commissioner should, as a rule, be in direct charge of taluks and the Revenue Commissioner is requested to submit proposals for the extension of the Sub-Divisional system to the taluks now in the direct charge of Deputy Commissioners.

(6) *Residence of the Sub-Divisional Officers within their Sub-Divisions.*—The Government agree with the Revenue Commissioner that Sub-Divisional Officers should ordinarily reside within their Sub-Divisions. The Revenue Commissioner is requested to submit proposals wherever such a change is feasible.

No. R. 6113-22—L. R. 36-16-10, DATED 15TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. Per 144, dated 6th October 1916, from the Revenue Commissioner in Mysore, forwarding the reports on the restoration of minor tanks for the year 1915-16, received from the Deputy Commissioners of all the Districts together with a copy of his review thereon.

(Printed as an annexure)

Order R. No. 6113-22—L. R. 36-16-10, dated 15th December 1916.

Recorded.

2. The reports are not in the form prescribed in Government Order No. R. 2440-87—L. R. 408-14-40, dated 29th August 1916, which is explained as due to their having been prepared before the said order was issued.

3. The statement appended to the Revenue Commissioner's review shows in detail the results of the operations during the year. Government regret to observe that the progress of work under the scheme is still far from satisfactory. Out of 18,689 tanks that remained unrestored at the beginning of the year, 597 were dealt with both under the old and new rules out of which only 169 were completed, which works out to just a little over a sixth of the number (1,000) expected to be restored every year, in paragraph 6 of Government Order No. R 5042-89—L. R. 408-14-1, dated 11th December 1914, passing orders on the scheme. The Financial results of the operations are also disappointing. The total amount available for expenditure including contribution from raiyats was Rs. 3,59,540, out of which only Rs. 68,814, or a little over 19 per cent were actually spent. According to the ratio laid down in the revised rules, the contribution from the raiyats should be one-half the Government grant, but the sum actually recovered (Rs. 51,572) represents a little over 33 per cent of the sum that should have been recovered, *viz.*, Rs. 1,53,894.

4. The disproportion between establishment charges and outlay on works is still very great in almost all the districts, and particularly in the Mysore and Kadur Districts where the former exceeded the latter by more than four and one and a half times respectively. An observation about this disproportion was made in Government Order No. R. 10713-22—L. R. 42-15-30, dated 18th May 1916, reviewing last year's (1914-15) progress report, and the Revenue Commissioner was requested to call for and submit the explanation of the Deputy Commissioners concerned with his remarks which, Government feel constrained to observe, has not yet been done.

5. The progress so far as the results show was most satisfactory in the Bangalore District, and least satisfactory in the Mysore District.

6. Government have passed orders separately with regard to the difficulties which were said to be in the way, and they trust that efforts will be made towards substantial progress in future.

The Revenue Commissioner is requested to insist in future on the punctual submission of returns by the Deputy Commissioners and to watch progress periodically with a view to issue the necessary instructions during the year.

PRESS TABLE.

Exd.—C. R.

No. R. 6113-22—L. R. 36-16-10, dated 15th December 1916.

Review of the Revenue Commissioner on the progress reports received from the Deputy Commissioners of Districts in respect of the progress achieved in the working of the Minor Tanks Restoration Scheme during 1915-16.

The marginally noted communications received from the Deputy Commissioners reporting on the working of the rules for the restoration of minor tanks for the year 1915-16.

Letter No. 50, dated 15th August 1916	from Deputy Commissioner,	Bangalore
Letter No. D. Dis. 41, dated 12th August 1916	do	Kolar
Letter No. 73—Mt., dated 9th August 1916	do	Tumkur
Letter No. R. Dis. 2—Mt., dated 22nd August 1916	do	Mysore
Letter No. Per. 16-3—Mt., dated 29th August 1916	do	Hassan
Letter No. Per. 18-3—Mt., dated 11th August 1916	do	Shimoga
Letter No. C. Per. 32, dated 29th August 1916	do	Kadur
Letter No. D. Dis. 10—Mt., dated 12th August 1916	do	Chitaldrug

The reports from all the Deputy Commissioners were received after the due date, *viz.*, the 31st July 1916 and those from the Deputy Commissioners of Mysore, Hassan and Kadur Districts were received in this office nearly a month after the due date.

2. The accompanying Statement (A) shows the results of the operations during the year. Out of an allotment of Rs. 3,07,788 a sum of Rs. 68,814 was spent during the year on the restoration of minor tanks. A sum of Rs. 22,521 recovered from the raiyats was also spent during the year in the Bangalore, Kolar, Tumkur and Hassan Districts. The Deputy Commissioners of other Districts have not furnished information under this head.

3. A sum of Rs. 18,000 was as per details in the margin distributed among the districts for granting advances to the raiyats to meet their share of the cost of restoring certain tanks the estimates for which had been sanctioned under the old rules. The accompanying Statement (B) shows the amounts advanced and recovered during the year. Another sum of Rs. 1,000 was granted for the survey charges of minor tanks in the districts and sums of Rs. 141 and Rs. 15 were spent in the Bangalore and Hassan Districts. The Deputy Commissioners of the remaining districts should have stated how the amounts granted were utilised.

Bangalore	... 3,000
Kolar ..	... 3,000
Tumkur ...	... 3,500
Mysore ..	... 2,000
Hassan ..	... 1,500
Shimoga ...	... 2,000
Kadur ..	... 2,000
Chitaldrug	.. 1,000
Total	...18,000

4. No expenditure was incurred in the taluks of Chikballapur, Koppa, in the sub-taluks of Narasimharajapura and Harihar and in the taluks of Mysore, Hunsur, Gundlupet, Nanjangud and Nagamangala. The results achieved in the remaining taluks of the Mysore District and in Honnalli Taluk were very poor. This is very unsatisfactory and requires special investigation. The attention of the Deputy Commissioners concerned is invited to this matter.

5. The marginally noted sums were spent on account of the establishment during the year in the districts, except Shimoga and Chitaldrug, the figures for which have not been reported. The Deputy Commissioner, Hassan District, says that on account of inefficiency the services of the Tank Inspectors of Hole-Narsipur and Belur Taluks were dispensed with by the Chief Engineer recently and the Deputy Commissioner, Shimoga, says that the major portion of the executive staff consists of inexperienced men who could not be expected to show good progress. The Deputy Commissioners of other Districts also are not impressed with the work of Tank Inspectors.

	Rs.
Bangalore	... 11,713
Kolar ...	... 13,181
Tumkur ...	... 11,691
Mysore ...	.. 10,351
Hassan ...	.. 11,523
Kadur ...	... 7,676

6. Lists of unrestored minor tanks have been prepared except in the Shimoga District and in a few taluks in the Hassan District. Meetings were held in all the districts to settle the programme of work during 1916-17 and the proceedings thereof were recorded by Government in Government Order No. R. 1508-16—L. R. 597-15-11, dated 4th August 1916. The numbers of tanks proposed to be taken up in the districts during the current year are as noted below:—

Bangalore	... 94	Hassan	... 100
Kolar	... 100	Shimoga	... 115
Tumkur	... 77	Kadur	... 80
Mysore	... 70	Chitaldrug	... 13
		Total	... 649

7. At the beginning of 1915-16 there were 336 incomplete works started under the old rules and 121 started under the new rules. The number of fresh works sanctioned during the year was 140. Out of the total number of 597 works, 169 were completed and 428 remained incomplete at the end of the year.

No. R. 6113-22—L. R. 36-16-10, DATED 15TH DECEMBER 1916.

8. Out of the 94 new works proposed to be taken up in the Bangalore District during 1916-17 estimates are ready in respect of 13 and the projects for 30 more are under investigation. The Deputy Commissioner, Shimoga says that 21 sanctioned works could not be taken up for want of contractors and that projects have been prepared in respect of 49 tanks. The Deputy Commissioner, Kadur, says that in respect of five sanctioned estimates contribution is being recovered, that in respect of 47 tanks field work is completed and estimates are under preparation and that four projects have been removed from the list as the raiyats could not pay contribution and 3 referred to the Public Works Department as they were projects for restoring tanks the assessment under which is more than Rs. 300.

9. The District Reports should in future be submitted in the form prescribed in Government Order No. R. 2440-87—L. R. 408-14-40, dated the 29th August 1916.

No. R. 6113-22—L. R. 36-16-10, dated 15th December 1916.

Award of Prizes under the Village Improvement Scheme.

No. R. 6284-97—L. R. 15-15-254, DATED 19TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. A. C. 34, dated 3rd July 1916, from the Revenue Commissioner in Mysore, submitting for orders a proposal made by the Deputy Commissioner, Shimoga District, for awarding a prize of Rs. 50 to the village showing the best results under the Village Improvement Scheme in each taluk.

Order No. R. 6284-97—L. R. 15-15-254, dated 19th December 1916.

The primary or obligatory duties to be done by every Village Committee and the higher duties and activities to be attempted by as many of them as possible have been indicated in the Circular issued with Government Order No. R. 9859-908—L. R. 15-15-154, dated 24th April 1916. Government agree that some special inducement is necessary for sometime to create a spirit of emulation and healthy rivalry among the villages in each taluk in effecting village improvements.

2. Government are accordingly pleased to direct that, tentatively for a period of three years, a prize of the value of Rs. 50 (not in cash) be awarded to the village showing the best results under the Village Improvement Scheme in each taluk and sub-taluk and to issue the following instructions in the matter:—

(1) The standard of good work should have reference to the activity shown under each of the essential and higher duties referred to in the Government Order of 24th April 1916 mentioned above.

(2) The Sub-Division Officer will select, subject to the approval of the Deputy Commissioner, the village in each taluk in his charge, deserving the prize.

(3) The prize will be an annual one and will take the form to be fixed at the discretion of the Deputy Commissioner, *e.g.*, a silver cup or any other mark of recognition to be kept in the village chavadi.

(4) The Deputy Commissioners of Districts should submit, not later than 31st August through the Revenue Commissioner, a list showing the names of villages selected by them for the award of prize with a brief description of the important items of works and improvements carried out by each such village. After approval by Government, the prizes may be paid to the Village Committees, the charge being debited to the Village Improvement allotment of the district concerned.

Maintenance of the Marikanave Channels.

No. R. 6311-14--L. R. 280-16-4, dated 19th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Paragraph 7 of Government Order No. R. 2399-409—L. R 633-15-4, dated 26th August 1916, reserving for separate orders the question of sanctioning a grant from the State Funds for the maintenance of the Marikanave channels

2. Letter No. 10103, dated 25th September 1916, from the Chief Engineer of Mysore, recommending that 40 per cent of the cost of maintenance of the above channels may be debited to the State Funds.

3. Correspondence ending with letter No. C. 385, dated 1st December 1916, from the Revenue Commissioner in Mysore, stating that the Chief Engineer's proposal is equitable and that it may be accepted.

Order No. R. 6311-14—L. R. 280-16-4, dated 19th December 1916.

The recommendation made above is sanctioned. The amount debitable to the State Funds should be shown both under receipts and expenditure as in the case of the cost of maintenance of the river channels in the Mysore and Hassan Districts.

READ—

Summary of discussions at the Conference of the Deputy Commissioners of Districts and Select Heads of Departments at Mysore during the Dasara of 1915, regarding the grant of additional clerical establishment for each taluk to assist the Tank Inspector in connection with the working of the Minor Tanks Restoration Scheme.

2. Correspondence ending with letter No. A. C. 603, dated 9th August 1916, from the Revenue Commissioner in Mysore, forwarding in original the communications received from the Deputy Commissioners of Districts on the subject, stating that the maintenance of the several registers relating to tank restoration works, etc., renders it necessary to employ an additional clerk, and recommending sanction to the appointment of a clerk on Rs. 20 per mensem for each taluk in which at least 10 works are in progress, to attend to all the correspondence connected therewith and to keep all the accounts properly.

Order No. R. 5814-25—L. R. 36-16-8, dated 8th December 1916.

Government recognize the need for additional establishment and are accordingly pleased to sanction, as a temporary measure, the appointment of a clerk on Rs. 20 per mensem in all taluks where at least a dozen works are in the annual programme and under execution.

2. The cost should be debited to the allotment made for the restoration of minor tanks every year.

3. The Revenue Commissioner is requested to submit for the information of Government a list of such taluks at an early date.

Construction of Buildings on Agricultural Lands within Municipal Limits.

No. R. 6667-86—L. R. 334-15-3, DATED 26TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ –

Government Order No. 4505-21—L. R. 132-11-1, dated 29th February 1912, directing that no application be entertained by a Municipal Council for a license to construct buildings on agricultural lands within Municipal limits unless it is accompanied by a copy of the order of the Deputy Commissioner permitting the appropriation of the land for building purposes and also that the Deputy Commissioner, should, whenever an application is made to build on land situated in the headquarters of a district or other town of importance, consult the Municipal Council concerned as to whether there is any objection to the permission applied for being granted under Section 63 (2) of the Land Revenue Code.

2. Letter No. 212, dated 13th December 1915, from the Government Advocate in Mysore, forwarding a copy of the order of the Chief Court on Criminal Revision Petition No. 30 of 1915-16 on the file of that Court in which the Judges have held that the rule contained in the Government Order read above is inconsistent with the Municipal Regulation and *ultra vires* and stating that under the circumstances legislative action appears to be necessary.

3. Letter No. 182, dated 22nd January 1916, from the President, Bangalore City Municipal Council, soliciting instructions as to how to proceed with license applications to build on agricultural lands within Municipal limits in future as there is an apparent conflict between the Government Order read above and the decision of the Chief Court.

Order No. R. 6667-86—L. R. 334-15-3, dated 26th December 1916.

Under the circumstances brought to notice, the Government Order of 29th February 1912 read above is hereby cancelled.

2. The question of making suitable legal provision to facilitate disposal of such cases will be considered along with the Local Self-Government Scheme Amendment Bills.

Read—

Letter No. C. 151*, dated the 24th October 1916, from the Revenue Commissioner in Mysore, forwarding the report of the Superintendent of the Civil Veterinary Department in Mysore, on the Working of the Department during 1915-16.

* (*Printed as an accompaniment*)

Order No. R. 6634-42—Agri. 28-16-2, dated 26th December 1916.

Recorded.

2. Government note with satisfaction that the scientific treatment of cattle diseases is becoming more and more popular as evidenced by the increase in the number of cattle treated in the Veterinary Institutions and of inoculations performed during the year, and also by the demand for more dispensaries throughout the State. The Revenue Commissioner's attention is invited to Government Order No. R. 109—Agri. 65-15-3, dated 3rd July 1916, and he is requested to expedite the opening of two more dispensaries, for which provision has been made in the budget and for the improvement in the accommodation and equipment of the Mysore Veterinary Hospital.

3. The Revenue Commissioner is requested to issue necessary instructions to the subordinate Revenue officers to give prompt information to the Veterinary officers on the outbreak of epidemic diseases and also to see to the proper maintenance of cattle mortality registers.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. 2910, dated the 14th September 1916, from the Conservator of Forests in Mysore, indicating the measures necessary to be taken in the matter of the development of the forest resources of the State with a view to increase forest revenue.

Order No. R. 6049-55—Ft. 155-15-3, dated 14th December 1916.

The suggestions made by the Conservator of Forests relate to the following points:—

(1) Preparation of Working-plans immediately for the rich forests of Kadur and Shimoga Districts covering an extent of 679 square miles and gradually for other forests in the State which require systematic working;

(2) Opening of forest tramways to the ghaut forests of Shimoga, Kadur and Mysore Districts and a railway line from Shimoga to Tirthahalli;

(3) Opening of new roads to a length of 343 miles in the Shimoga, Kadur and Mysore forests and metalling 42 miles of ghaut road in the malnad to make it fit for traffic even in the rainy season;

(4) Establishment of more saw mills;

(5) Placing the traction engines in the hands of experts;

(6) Establishment of one experimental depôt at Hole-Narsipur or Arsikere and another at Hassan near the Railway line for the sale of timber of Hassan forests, sawn *in situ* by hand labour preliminary to installing saw mills;

(7) Employment of more elephants for dragging timber from forests.

(8) Empowering the District Forest Officers to send sample consignments of timber of varieties known only locally, to respectable firms, Industrial schools, and Government workshops in order to test their utility and to arrange to sell them on commission;

(9) Deputation of reliable merchants with a good business turn of mind to canvass orders for the Mysore Government timber;

(10) Provision for roads and buildings for some of the forests in the districts of Bangalore, Kolar and Tumkur to ensure sufficient protection and supervision though these works are not of an urgent nature.

2. Government will now proceed to pass orders on each of the foregoing proposals. The first proposal has been dealt with in Government Order No. 4545-7—Ft. 47-16-4, dated the 14th November 1916. Regarding the 2nd and 3rd proposals, Government fully agree with the Conservator as to the necessity for the extension of roads, tramways, and railways in order to increase transport facilities for the proper working of the interior forests. The survey of the Tadasa-Hebbe and Mysore-Kakankote tram lines has already been sanctioned. The Railway Secretary will be requested to expedite the work. The construction of the new roads and the metalling of certain ghaut roads proposed should be spread over three years. If the annual budget provision is insufficient, funds may be found by postponing less urgent works.

No. R. 6049-55—Ft. 155-15-3, dated 14th December 1916.

3. The question of purchasing additional saw mills may lie over till the receipt of Mr. G. Krishnamurthi Naidu's report from America. Orders have been issued regarding the removal of the saw mill from Kumsi to Shimoga.

4. Government agree with the Conservator that the traction engines should be placed in the hands of experts and worked to the best advantage under proper supervision and on commercial lines. Separate orders have been passed in the matter (*vide* Government Order No. R. 4555-7—Ft. 26-14-8, dated the 15th November 1916).

5. Government are pleased to sanction proposal No. (6) for establishing two additional depôts, one at Hassan and the other at Arsikere. Arrangements should be made to open these early. A report on their working should be submitted at the end of one year.

6. As regards the employment of more elephants, the Conservator is requested to furnish detailed information as to the number of elephants at present working in the Department, the cost of maintenance, the value of work turned out by them annually and to submit definite proposals as to how many additional elephants are required and how they should be employed with information as to the necessary additional recurring expenditure.

7. With a view to create a better market for local timber, the Conservator of Forests is authorised to send sample consignments not exceeding Rs. 2,000 in value each, of varieties of timbers unknown or only locally known, to respectable merchants, Industrial schools and Government workshops in order to test their utility and to arrange for their sale on commission. The Conservator should submit quarterly returns to Government as to quantities and places to which consigned and as to the commercial results obtained.

8. Regarding proposal No. 9, Government observe that the appointment of a special commercial agent is necessary. The Conservator of Forests is requested to submit separate detailed proposals in this behalf.

9. As regards proposal No. 10, the attention of the Conservator is drawn to paragraph 2 *supra* regarding roads; and as regards buildings, to Government Order No. 11300-2—Ft. 87-14-6, dated the 2nd June 1916, laying down the principles on which the annual programme of forest buildings should be drawn up.

No. R. 5987-9—Ft. 97-16-2, dated 13th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. R. 3345-6—Ft. 141-15-5, dated 27th September 1916, suggesting the desirability of carrying on Forest research work in the Agricultural Laboratory at Bangalore, and requesting the Conservator of Forests to submit proposals therefor on a moderate scale in consultation with the Director of Agriculture.

2. Letter No. 5015, dated 21st November 1916, from the Conservator of Forests in Mysore, stating that the Director of Agriculture has agreed to provide the Forest Department with a working table in the Mycological Laboratory for Botanical and Histological work, but that the department is interested more in the sylvicultural side of research work than in the botanical and histological, and requesting that sanction may accordingly be accorded to the establishment of a Research Division and to the grant of Rs. 3,000 for the purchase of the necessary library, microscope, field camera and furniture.

Order No. R. 5987-9—Ft. 97-16-2, dated 13th December 1916.

The Conservator's proposal to start a small library in his office with microscope, field camera, and the necessary furniture and books at a total cost of Rs. 3,000 in addition to utilising a working table offered to be provided by the Director of Agriculture, is sanctioned.

2. Government are prepared to increase the grant for the next year, if research work develops, for which specific proposals may be submitted in good time to admit of provision being made in the budget.

3. The expenditure during the current year should be met from the lumpsum grant of Rs. 10,000 made for Development of Forest Resources.

No. R. 5638-41—Fr. 39-16-4, dated 5th December 1916.

NOTIFICATION.

No. R. 5642—Ft. 39-16-5, dated 5th December 1916.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st February 1917, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk, hobli and villages	Approximate area	Name of block	Situation and boundaries
Shimoga	Nagar Taluk, Nagarhobli, Nidagod, Sulagod, Hummadagalu, Gubbiga and Ullatiga.	8·54 square miles	Varahi	BOUNDARIES.

North.—Starting from a point on the Haidargharghat-Nagar road about 2 chains south from the north-west corner of Survey No. 106 of the Nidagod village, which is also the Provincial boundary, the line runs south-east, north-east, north-west, south-east, north-east, east, north-east, east and north-east, for about 192 chains along the right side of the said Haidargarghat-Nagar road to a point about 5 chains south-west from the westernmost corner of Survey No. 4 of the Nidagod village.

East.—Thence south-east for about 38 chains along the left bank of a small halla through Survey No. 106 of Nidagod to its junction with the Hulikal-halla which is about 20 chains south-west from the south-west corner of Survey No. 23 of the said Nidagod village; then across the latter halla in a south-easterly direction for about 20 chains through Survey No. 106 to a point on a ridge about 13 chains south-west from the southernmost corner of Survey No. 59; then south-east for about 30 chains through the said Survey No. 106 to a point on its east side about 10 chains south from the south-west corner of Survey No. 58; then south-west and south-east along a halla through Survey No. 79 for about 52 chains to a point about 1 chain south-west from the south-west corner of Survey No. 82; then north-east for about 1 chain along the north side of Survey No. 84 to the south-west corner of Survey No. 82; then along the south side of the latter survey number to its south-east corner; then east for about 12 chains through Survey No. 84 to a point on a ridge about 12 chains south-east from the north-east corner of Survey No. 82; then south-east for about 35 chains through Survey No. 84 meeting a halla at the southernmost corner of Survey No. 77; then south-west for about 19 chains through Survey No. 84 of the same village along the right bank of the said halla to its junction with the Varahi River; then east for about 30 chains along the right bank of the said Varahi River through Survey Nos. 84 and 73 to the junction of Ambugudde halla and the Varahi River; then south-east across the Varahi River and along the left bank of the same for about 19 chains through Survey No. 73 to a point on the north side of Survey No. 52 of Sulagod about 19 chains north-east from the westernmost corner of Survey No. 52 of the same village; then south-west for 17 chains along the left bank of the Varahi River through Survey No. 52 of the said Sulagod village to a point about 8 chains south-east from its westernmost corner; then south for about 34 chains crossing the Varahi River in two places through Survey No. 52 to a point on its south side about 18 chains north-east from its south-west corner; then south-east for about 82 chains along the left bank of the said Varahi River through Survey Nos. 15 and 10 of Hummadagallu to the south-west corner of the latter survey number; then south-west along the west side of Survey No. 41 of the Gubbiga village for about 67 chains to a point about 5 chains north-east from the north-west corner of Survey No. 31 of the same village; then west for about 5 chains through Survey No. 40 to a point on its west side about 5 chains north-west from the north-west corner of Survey No. 31; then south-west and south-east for about 12 chains through Survey No. 93 of Gubbiga to a point on the west side of Survey No. 43 about 5 chains south-west from the south-west corner of Survey No. 31 of the said village; then south-west along the west side of Survey No. 43 of Gubbiga for about 17 chains to a point about 5 chains north-east from the north-east corner of Survey No. 37; then west for about 11 chains through Survey No. 93 to a point about 5 chains north-west from the north-west corner of the said Survey No. 37; then south-west for about 4 chains through the said Survey No. 93 to a point about 5 chains north-west from the south-west corner of Survey No. 37; then south-east for about 7 chains through Survey No. 93 to a point on the west side of Survey No. 43 about 5 chains south-west from the south-west corner of Survey No. 37; then in the same direction for about 38 chains along the said west side of the said Survey No. 43 to its south-west corner; then south-west for about 28 chains along the west side of Survey No. 40 of Ullatiga to its westernmost corner; then south for about 54 chains along the west side of Karekallu (hamlet of Ullatiga) to the westernmost corner of the said hamlet, then south-east in a straight line for about 42 chains through Survey No. 125 of Ullatiga to a point about 5 chains north-west from the north-west corner of Survey No. 64 of the same village; then west for about 5 chains through Survey No. 125 of the same village to a point about 7 chains north-west from the north-west corner of Survey No. 64; then south-east in a straight line for about 20 chains through the said Survey No. 125 to a point about 5 chains west from the south-west corner of

No. R. 5638-41.—Ft. 39-16-4, dated 5th December 1916.

Survey No. 63: then south-east for about 8 chains through the aforesaid Survey No. 125 to a point about 5 chains south-east from the south-west corner of Survey No. 63; then south-east in a straight line for about 17 chains through Survey No. 125 to a point about 5 chains north-west from the south-west corner of Survey No. 43: then south-west for about 5 chains through the said Survey No. 125 to a point about 8 chains north-west from the south-west corner of Survey No. 43; then south-east in a straight line for about 13 chains through Survey No. 125 to a point about 7 chains south-east from the south-west corner of Survey No. 43; then north-east for about 7 chains through Survey No. 125 to a point about 5 chains south-east from the south-west corner of Survey No. 43; then south-east in a straight line for about 23 chains through Survey No. 125 to a point about 3 chains west from the south-west corner of Survey No. 25 of the same village; then south for about 5 chains through Survey No. 125 to a point about 7 chains south-west from the southernmost corner of Survey No. 26 of the same village: then south-east for about 12 chains through Survey No. 125 to a point about 9 chains south-west from the westernmost corner of Survey No. 118: then north for about 5 chains through Survey No. 125 to a point about 8 chains west from the westernmost corner of Survey No. 118; then south-east for about 8 chains along the south side of the aforesaid Survey No. 41 of Ullatiga to the westernmost corner of Survey No. 118, then south-east for 30 chains along the west side of the said Survey No. 118 to a point about 5 chains north-west from the north-west corner of Survey No. 8 of the same village; then west for about 5 chains, then south for about 12 chains; then south-east for about 7 chains through Survey No. 125 of Ullatiga to a point about 5 chains south from the south-west corner of Survey No. 8; then east through Survey No. 125 for 6 chains and north for about 5 chains to a point on the south side of Survey No. 117 about 5 chains east from the south-east corner of Survey No. 8; then east along the south side of Survey No. 117 for about 27 chains to its south-east corner; then in the same direction for about 34 chains along the south side of Survey No. 116 to a point about 5 chains west from the southernmost corner of Survey No. 119, then south through Survey No. 125 for about 4 chains to a point on its eastern boundary about 5 chains south-west from the southernmost corner of the said Survey No. 119; then south-west along the western boundary of the Suntihakkalu village of the Tirthahalli Taluk for about 27 chains to the trijunction bandhs of Ullatiga, Suntihakkalu and South Canara frontier.

South and West.—Thence along the South Canara frontier to the starting point.

Remarks.—The undermentioned rights of way are admitted within the block throughout the year.

Foot-path from Hulikal to Kunchikalabbey, 6 feet wide and about 56 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 2 chains north-west from the south-east corner of Survey No. 82 of Nidagod, goes south-west through Survey Nos. 84 85 and 106 of Nidagod and quits the forest in its western boundary.

(2) *Foot-path* from Hulikal to Gubbiga, 6 feet wide and about 166 chains long, open for men and cattle. It enters the forest in its western boundary at the junction of Ambuguddehalla with the Varahi River, runs south, south-west, south-east, south, south-east, south, south-west and south-east through Survey Nos. 73, 84 and 85 of Nidagod, Survey No. 40 of Gubbiga and Survey No. 15 of Humadagallu and again Survey No. 40 of Gubbiga and reaches the enclosure in Survey No. 40 of the same village, then it crosses the demarcation line and quits the forest in its eastern boundary at a point on the west side of Survey No. 41 of Gubbiga about 25 chains south-west from the south-west corner of Survey No. 10 of Hummadagallu.

(3) *Foot-path* from Hulikal to Sulagod, 6 feet wide and about 15 chains long, open for men and cattle. It branches from the foot-path No. (2) *supra* at a point about 15 chains north-east from the southernmost corner of Survey No. 73 of Nidagod, goes south-east through Survey No. 73 of Nidagod and Survey No. 52 of Sulagod and quits the forest in its eastern boundary at a point about 16 chains north-west from the southernmost corner of Survey No. 73 of Nidagod.

(4) *Foot-path* from Hummadagahallu Gubbiga, 6 feet wide and about 13 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 20 chains south-east from the north-west corner of Survey No. 15 of Hummadagallu, goes south-west through Survey No. 15 of the same village and joins the foot-path No. (2) *supra*.

(5) *Foot-path* from Ullatiga to Thambatti (South Canara District), 6 feet wide and about 76 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 14 chains south from the westernmost corner of Survey No. 40 of Ullatiga, runs south-west and west through Survey Nos. 125 and 54 of Ullatiga, and quits the forest in its western boundary at the South Canara frontier about 4 chains south-east from the north-west corner of the said Survey No. 125 of Ullatiga.

(6) *Foot-path* from Ullatiga to Kelasanka, 6 feet wide and about 27 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 5 chains south-west from the south-west corner of Survey No. 25 of Ullatiga, goes south-west through Survey No. 125 of the said village and quits the forest in its western boundary at the South Canara frontier.

B. The following concessions are admitted within the Block.

(i) Survey Nos. 24 and 83 of Nidagod are treated as enclosures.

(ii) Udafa Survey No. 54 of Karankote village located in Survey No. 125 of Ullatiga is treated as an enclosure with a margin of 3 chains all round. Access to it will be by means of foot-path No. 5 *supra*.

(iii) The southern portion of kan, bearing Survey No. 40 of Gubbiga, having an extent of 280 acres is treated as an enclosure, access to it being along the foot-path No. 2 *supra*.

No. R. 5638-41—Ft. 39-16-4, dated 5th December 1916.

(iv) **The raiyats of Gubbiga, Hummadagallu, Ullatiga Nirthotlu, Karankote and Begadal are entitled to remove free, from the reserve, 20 head-loads of rattan, 2 head-loads of broom-stick from dadasalu tree, annually for the use of each house, and 6 *vanikes* of the balige wood for each house, once in three years.**

(v) **The raiyats of Nidagod and Ginikal are allowed to remove free, from the reserve, 20 head-loads of rattan, 10 head-loads of vate and 2 head-loads of broom-stick from the dadasalu tree, annually, for each house, and 6 *vanikes* of the balige wood for each house, once in three years.**

Letter No. A. C. 164—6, dated 2nd August 1916, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith the marginally noted papers relating to the conclusion of the settlement of the Varahi Block in the Nagar Taluk retransmitted by the Deputy Commissioner, Shimoga District with his letter No. H. C. 34—Rev., dated the 6—7th instant.

1. Letter No. Camp 1, dated 31st January 1914.
2. Boundary notification.
3. 'B' register of claims.
4. 'C' register of lands taken up.
5. One tracing.
6. One Topo extract.

2. The block in question lies in the south-western portion of the Nagar Taluk and on the borders of the South Canara District. It is a hilly tract and as settled it extends over an area of 5,466 acres 8 guntas or about 8·54 square miles consisting of gomal and kharab lands taken from the marginally noted five villages.

3. At the time of settlement 16 claims were preferred by the villagers concerned. Of these three related to rights of way and the rest were of a miscellaneous character. All these claims were admitted by the Settlement Officer. It is reported that no appeals were made to the Deputy Commissioner against the decision of the Settlement Officer.

1. Nidgod.
2. Sulagod.
3. Hunnadagalu.
4. Gubbiga.
5. Ullatiga.

4. As the villagers concerned have been permitted to exercise their usual rights in the proposed forest and as sufficient areas of lands have also been left for grazing the cattle, the settlement may be approved and the final notification ordered to be published.

Letter No. 1, dated 31st July—6th February 1914, from C. Venkata Rao, Esq., B. A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the Varahi Block in the Nagar Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest, appeared on pages 581 and 582 of the English issue of the *Mysore Gazette*, Part I, dated the 23rd December 1909; and the proclamation under Section 5 of the said Regulation was issued by me and the same was published on pages 46 and 47 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 27th January 1910.

3. The proclamatory notices were got served on the villagers concerned through the Amildar of the Nagar Taluk.

4. The locality was inspected and perambulated by me on the 18th and 22nd January 1913 in company with the Range Officer of the Tirthahalli Range.

5. The undermentioned sixteen claims were preferred to me during the enquiry.

(i) Three claims to right of way.

& (ii) Thirteen claims to miscellaneous rights.

All the claims in (i) & (ii) were admitted.

6. The Deputy Commissioner has intimated in his letter No. 1445, dated 10th September 1913, that no appeals have been preferred to him against my settlement decision.

7. The following records are herewith submitted.

(1) 'B' Register.
(2) 'C' Do
(3) Sketch map.
(4) Boundary notification.
& (5) Topo tracing.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B—Register of claims to lands, rights to forest produce or easements in the proposed Varahi State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Chinnanna, Patel of Hummadagal.	16th Jan. 1913	Requests that right of way to the foot-path leading through Survey No. 15 of Hummadagal, to Gubbiga may be admitted.	.....	...	Right of way to the foot-path leading to Gubbiga through Survey No. 15 will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 18th January 1913. As only a small extent of lands belonging to Hummadagal and Sulagode villages is proposed for inclusion in the forest, I confirm the line as now laid out therein. C. VENKATA RAO, Forest Settlement Officer. 18th January 1913.	.....	
2	Venkataramaniah, Patel Gumasta of Gubbiga.	18th Jan. 1913	Requests that the preliminary demarcation line may be shifted wherever it touches the edge of cultivation.	...	.....	As the preliminary demarcation line abuts on Survey Nos. 31 and 37 which are cultivated lands, the same will be deviated in these places so as to leave a margin of 5 chains on three sides, as marked by me in the sketch. C. VENKATA RAO, Forest Settlement Officer. 18th January 1913.	.....	
3	Venkata Rao, khatedar of Survey No 40 in the Gubbiga village.	Do ...	States that he is the khatedar of Survey No. 40 of Gubbiga, a portion of which, *viz.*, 280 acres, is in his enjoyment, that he pays to Government an assessment of Rs. 17-8-0 for the same, and that the whole of Survey No. 40 is proposed to be included in the Reserve, and prays that an extent of kan equal	Supported by the evidence of the village Patel.	The hiduvali kan should be included in the Reserve and right to forest produce as defined in kan rules may be given to Venkata Rao.	As regards Gubbiga village there cannot be any objection to the inclusion of lands referred to in the statement of lands proposed to be taken for the Reserve, except to the extent of 280 acres out of Survey No. 40 which is in the holding of Venkata Rao, *bin* Bellaiya. He prays that his claim to it may be admitted and an equal extent	...	

No. R. 5638-41—Ft. 39-16-4, dated 5th December 1916.

			to the area in his holding near his bagayet land (Survey Nos. 31 and 34) may be excluded from the Reserve.			of land in the said survey number adjoining his cultivated lands bearing Survey Nos. 31 and 34 may be excluded from the Reserve and retained in his holding. As his portion of the kan has not been defined and demarcated separately, the best solution of the question pending the orders of Government, relating to the disposal of private kans, is to treat a portion of Survey No. 40 measuring 280 acres on the west the south side thereof as an enclosure. I accordingly admit his claim and direct that an extent of 280 acres as described above, be demarcated out free from reservation. C. VENKATA RAO, Forest Settlement Officer. 16th January 1913.
4	Venkatasubbanaiya, patel, Gubbiga.	16th Jan 1913.	Represents that the raiyats have been removing 20 bundles of rattan for every house per annum, six wanikes of Baluga wood for every house once in three years and also two bundles of broom-sticks (Dodasalu) every year from the Reserve, and that this right may be admitted.	.....	..	The raiyats of Gubbiga will be allowed to remove free for each house from the Reserve 20 headloads of rattan per annum, 6 wanikes of the baluga wood, once in three years, as also 2 headloads of broom-sticks from the dadasalu tree per annum. C. VENKATA RAO, Forest Settlement Officer. 18th January 1913.
5	Ramaiya, a leading raiyat of Ullatiga.	Do	... Requests that the preliminary demarcation line may be shifted farther away from cultivated lands.	.....	.....	In the case of Ullatiga, even after deducting the large extent of kharab proposed for inclusion in the Reserve, there remains for the communal purposes of the raiyats concerned, 674 acres of kharab and 1,007 acres of gomal which is more than ample. As the preliminary demarcation line touches the edge of Survey Nos. 64, 63, 44, 26, 9, 10 and 119, it will be put back by 5 chains wherever possible. With this modification, I direct that the demarcation line as now laid out within this village be confirmed. C. VENKATA RAO, Forest Settlement Officer. 18th January 1913.

B—Register of claims to lands, rights to forest produce or easements in the proposed Varahi State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
6	Ramaiya, a leading raiyat of Ullatiga.	18th Jan. 1913.	States that Survey No. 54 of the Kornakoto village which is a Udala land is included in the Reserve and prays that this may be demarcated out free from reservation with a sufficient margin, as he has built a house there and his tenant is occupying it, and that a right of way may be given to it.	Supported by the evidence of Shanbhog Vasudevaiah.	There is no objection to the hiduvali land being treated as an enclosure provided only a small portion of land not more than 3 chains all round the survey number is left out as the jungle here consists of thick growth of Bogi trees.	One Ramaiya has set up a claim to Udala Survey No. 54 of Kornakota, located in Survey No. 125 of Ullatiga and has adduced evidence in support of the claim which is accordingly admitted. The said survey number will be treated as an enclosure in the block with a margin of three chains all round. Access to it will be by foot-path branching from the cart-track from Hosur. C VENKATA RAO, Forest Settlement Officer. 18th January 1913.	...	
7	Do ...	Do ..	Requests that right of way to the foot-path leading to Thambatti (South Canara) and to that leading to Kelasanka (South Canara) may be given.	.....	.....	Right of way to the foot-paths leading to Thambatti and Kelasanka in the South Canara District will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 18th January 1913.	.....	
8	Subbanna, Vejanan of Namadara community in the Hummadagal village.	18th Jan 1913	States that the raiyats of Hummadagal have been enjoying the right of obtaining rattan, broom-stick of thadasalu and vanikes of the Balige species from the Gubbiga jungle proposed to be included in the reserve and requests that this right may be admitted	.....	.....	*Claims 8, 9, 10, 11 and 12.* It is in evidence that the raiyats of Humadagal, Ullatiga, Nirthotlu, Korankote, and Begadal have been exercising the right of obtaining rattan, dadasalu, broom-stick and Balige vanikes for agricultural and domestic purposes from the Reserve. As in the case of Gubbiga, I admit their claims and accordingly direct that the raiyats of the above mentioned five villages be entitled to remove free from the reserve for each house 20 head-loads of rattan per annum and six vanikes of the	.....	

						Balige wood once in three years, as also two head-loads of broom-stick from the dadasalu tree per annum. C. VENKATA RAO, Forest Settlement Officer. 18th January 1913.	
9	Ramaiah, a leading raiyat of Ullatiga.	Do ...	States that the raiyats of Ullatiga have been from time immemorial enjoying the right of removing rattan, dadasalu broom-stick and balige vankes from the ghat portion proposed for inclusion in the reserve, and prays that this right may be admitted.	.....	.....	(*Vide* Claim No. 8)	.....
10	Subrayabhatta, a leading raiyat of Neerthotlu.	Do ...	Prays that the right of removing rattan, dadasalu, broom stick and Balige vankes from the lands of Gubbiga proposed to be included in the reserve, may be admitted.	..	On account of indiscriminate cutting of rattan in these parts it has become scarce and therefore the raiyats should not be allowed to remove more than 5 bundles for each house per annum	(*Vide* Claim No. 8)	.....
11	Venkataramaniah, patel of Korankote	Do ...	States that the raiyats have been exercising the right of removing rattan, dadasalu, broom stick and Balige vankes from the lands of Gubbiga proposed to be taken to the forest, and prays this right may be admitted.	.....	...	(*Vide* Claim No. 8.)	... ..
12	Chinnanna, patel of Begadal.	Do ..	Represents that his village raiyats have been enjoying the right of removing rattan, dadasalu broom-stick and balige vankes from the lands of Gubbiga proposed to be included in the reserve, and requests that this right may be recognized.	..	.....	(*Vide* Claim No. 8.)	.. ..
13	Venkappa, Patel of Nidugode.	21st Jan. 1913	Requests that adequate extent of lands for soppu, fuel and grazing may be excluded from the reserve around the hamlets of Mattadajaddu, Hebballa, Thambemakki and Mavinakana.	.....	The line may be shifted so as to run along a small halla which runs from north to south where it meets the big halla.	In the Nidugode village the preliminary demarcation line while abutting on cultivated Survey Nos. 81, 77 and 25 deprives the raiyats of the hamlets of Mattadajaddu, Hebballa, Thambamakki and Mavinakana of their pasture lands which on my inspection were found to be most useful for grazing purposes. Considering the fact that the growth of grass is wretchedly poor in the evergreen forests, the argument that there still remains a large extent of kharab and gomal lands for pasture is not of much avail. It is therefore equitable to exclude from the reserve available pasture lands in the neighbourhood of the residences of the raiyats concerned. Accordingly direct that the line be deviated at the point of junction of Ambugudde halla and the Varahi river and taken on the right bank of the latter until it meets	

B—Register of claims to lands, rights to forest produce or easements in the proposed Varahi State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks

Sharmanavathi Forest Block.

No. R. 5622-5—Ft. 77-16-4, dated 5th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Notification No. R. 4496—Ft. 31-08-3, dated 3rd February 1911, declaring under Section 4 of the Forest Regulation, that it is proposed to constitute certain lands in the Nagar Taluk, as a State Forest under the name of Sharmanavathi block.

2. Letter No. A C. 842, dated 17th October 1916, from the Revenue Commissioner in Mysore, forwarding letter No. 96, dated 31st January 1915, from the Forest Settlement Officer, reporting on the conclusion of the settlement of the block

(Printed as accompaniments with B & C Registers.)

3. Correspondence ending with letter No 5086, dated 22nd November 1916, from the Conservator of Forests in Mysore, stating that the settlement effected is acceptable to him.

Order No. R. 5622-5—Ft. 77-16-4, dated 5th December 1916.

The settlement effected by the Forest Settlement Officer is approved. The notification under Section 17 of the Forest Regulation declaring the block a State Forest with effect from 1st February 1917, will be published in the Gazette.

2. The assessment on the marginally noted occupied lands taken up for the forest should be written off the accounts.

No. R. 5622-5—Ft. 77-16-4, dated 5th December 1916.

NOTIFICATION

No R 5626—Ft 77-16-5, dated 5th December 1916

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st February 1917, the area, the boundaries of which are set forth in the Schedule annexed to this Notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District	Taluk, hobli and villages	Approximate area	Name of block	Boundaries
Shimoga	Nagar Taluk, Kuvalalli 1 Guddekoppa 2 Muthur 3 Mumbar Kallur 1 Punaji Humeha 5 Byahalli	1·67 square miles	Sharmanavathi	BOUNDARIES *North*—Starting from the south east corner of Survey No 52 of Punaji the line runs south-east through Survey No 60 of the same village for about 42 chains to the north west corner of Survey No 59, then south-east along its north side to its north-east corner, then north-east through the said Survey No 60 for about 32 chains to the westernmost corner of Survey No 64, then east along its south side for about 12 chains to the point where it meets the Sharmanavathi river *East*—Thence south for 4 chains through Survey No 19 of Muthur crossing the Sharmanavati river, then south west along the right bank of the said river for 17 chains to a point about 17 chains north-west from the north west corner of Survey No 20 of Muthur, then south west along the said west side of Survey No 19 for 15 chains crossing the Sharmanavathi river to a point about 2 chains south-east from the north-east corner of Survey No 58 of Punaji, then south east along the left bank of the said river through Survey Nos 19 and 18 to a point about 4 chains south from the south east corner of Survey No 17 of Muthur, then north-east across the said river and through Survey No 18 for about 73 chains to the south west corner of Survey No 36, then south west along the west side of Survey No 49 of Kodur for about 18 chains to the north east corner of Survey No 15 of Muthur then along its north and west sides to its south-west corner, then south along the west side of Survey No 49 of Kodur for about 4 chains to its south-west corner, then east along its south side for about 19 chains to the north-west corner of Survey No 16 of Kodur, then south-east along its west side to its south-west corner, then south west along the west side of Survey No 36 of Byahalli to its south-west corner crossing the Shimoga Kallurkatte High road, then south across the Sharmanavathi river and south-east along the left bank of the said river to a point about 10 chains south-east from the south-east corner of Survey No 31, then north east across the said river and through Survey Nos 54 and 59 for about 26 chains to meet the north side of the latter survey number at a point about 20 chains east from the south-west corner of Survey No 38, then east along its south side to its south-east corner, then south east along the west side of Survey No 13 for about 12 chains to the northernmost corner of Survey No 52 *South.*—Thence south-west through Survey Nos 59 and 54 of Byahalli for about 44 chains to a point on the right bank of the Sharmanavathi river about 9 chains west from the north-west corner of Survey No 32, then west across the said river and through Survey No. 54 for about 9 chains to its south-west corner then north-west through Survey Nos 27 of Byahalli and 37 of Mumbar for about 60 chains to the north-east corner of Survey No 38 of the said Mumbar village *West*—Thence north-west through Survey No 37 of Mumbar for about 10 chains to meet its west side at a point about 10 chains north-west from the north-east corner of Survey No 38, then north-west in a straight line through Survey Nos 17 and 25 for about 55 chains to a point about 35 chains west from the south-west corner of Survey No. 27, then in the same direction along the left bank of the Sharmanavathi river for about 11 chains to a point where a halla joins it, then south west across the latter and through Survey No 13 for 17 chains to the north east corner of Survey No 14, then north-west in a straight line through Survey No. 13 of Mumbar for 10 chains to meet the hotte bandhs on the east side of Survey No. 99 of Guddekoppa about 13 chains south-west from its north-east corner, then north-west through the said Survey No. 99 for about 89 chains to a point on its west side about 19 chains north-east from the north-east corner of Survey No. 100, then in the same direction through the said Survey No 99 for about 43 chains to a point on its west side about 19 chains north-west from the northernmost corner of Survey No 101, then north-west through Survey No. 66 for about 35 chains to a point about 11 chains north from the north east corner of Survey No. 68 (tank), then north-east through Survey No. 66 for about 11 chains to the starting point.

Remarks.

A. The following rights of way are admitted in the block throughout the year —

(1) *Foot-path* from Punaji to Arlekoppa, 6 feet wide and about 65 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 12 chains east from the westernmost corner of Survey Nos. 64 of Punaji, runs south-west through Survey No. 19 of Muthur and Survey No. 60 and 58 of Punaji and quits the forest in its western boundary at a point about 19 chains north-east from the north-east corner of Survey No. 100 of Guddekoppa

No. R. 5622-5—Ft. 77-16-4, dated 5th December 1916.

(2) *Cart-track* from Guddekoppa to Muthur, 15 feet wide and about 18 chains long, open for men, cattle and carts It enters the forest in its western boundary at a point about 12 chains north from the north-west corner of Survey No. 83 (tank) of Guddekoppa, runs north-west through Survey No. 99 of the said village and Survey No 19 of Muthur and quits the forest in its eastern boundary at a point about 15 chains south-west from the south-west corner of Survey No. 17 of Muthur.

(3) *Foot-path* from Muthur to Herekai, 6 feet wide and about 15 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 16 chains south-west from the south-west corner of Survey No. 36 of Muthur, runs south-east through Survey No. 18 of the said village and quits the forest in its eastern boundary at a point about a chain north from the north-east corner of Survey No. 15.

(4) *Foot-path* from Mumbar to Muthur, 6 feet wide and about 56 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 9 chains north-west from the north-east corner of Survey No. 38 of Mumbar, runs north-west through Survey Nos. 37 and 17 and reaches the Balehalli enclosure, then again it begins in the said enclosure at a point about 5 chains north-east from the northernmost corner of Survey No. 26, runs north-west through Survey No. 29 of Mumbar and Survey No. 18 of Muthur and quits the forest in its eastern boundary at a point about 19 chains south-west from the south-west corner of Survey No. 36 of Muthur.

(5) *High road* from Shimoga to Kallurkatte, 45 chains long, open for the public as usual. It enters the forest in its eastern boundary at a point about 15 chains west from the westernmost corner of Survey No. 35 of Byahalli, runs north-west and south-west through Survey Nos. 29 and 17 and quits the forest in its western boundary at a point about 13 chains north-east from the north-east from the north-east corner of Survey No. 15 of Mumbar.

(6) *Cart-track* branching from the above and leading to Byahalli 15 feet wide and about 33 chains long, open for men, cattle and carts. It branches at a point about 18 chains north-east from the north-east corner of Survey No. 15 of Mumbar, runs north-east through Survey Nos. 17 and 29 and quits the forest in its eastern boundary at a point about 16 chains west from the westernmost corner of Survey No. 35 of Byahalli.

(7) *Foot-path* from Byahalli to Kodur *via* Surlikoppa, 6 feet wide and about 20 chains long, open for men and cattle. It enters the forest in its southern boundary at a point about 5 chains north from the northernmost corner of Survey No. 32 of Byahalli, runs north-west through Survey No. 59 and quits the forest in its eastern boundary at a point about 12 chains south-east from the south-west corner of Survey No. 38 of Byahalli.

B. The undermentioned concessions are admitted in the block.

(1) Survey Nos. 26, 27 and 28 of Mumbar are clubbed together and treated as an enclosure with the following boundary.

Starting from a point on the west side of Survey No. 29 of Mumbar about 10 chains north from the north-west corner of Survey No. 26 the line runs south-east through Survey No. 29 for 15 chains to a point about 5 chains east from the north-east corner of Survey No. 26, then in the same direction for 18 chains through Survey No. 29 to a point about 5 chains east from the north-east corner of Survey No. 28, then south-east through Survey No. 29 for about 13 chains to a point about 5 chains east from the south-east corner of Survey No. 28, then across the Sharmanavathi river to the north-east corner of Survey No. 17. then along the left bank of the said river to meet the west side of Survey No. 25 and then north-east along the west sides of Survey Nos. 25 and 29 to the starting point.

(ii) The raiyats of the undermentioned villages are entitled to graze their cattle in the Reserve, on payment of a lump-sum grazing fee noted against them, per annum, during the prescribed season.

Name of village.	No. of horned cattle.	Amount to be paid per annum.

By Order,
L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

Letter No. A. C. 842—6, dated 17th October 1916, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith in original letter No. 96, dated 31st January 1915, together with its enclosures, from the Forest Settlement Officer in Mysore, received through the Deputy Commissioner, Shimoga District, with his letter No. 679, dated 6th March 1915, reporting on the conclusion of the settlement of the Sharmanavathi Block in the Nagar Taluk.

No. R. 5622-5—Ft. 77-16-4, dated 5th December 1916.

2. The block in question is situated about 3 miles to the north-east of Kallurkatte and on the banks of the Sharmanavathi river. According to the settlement it measures 1,071 acres, 39 guntas or 1·67 square miles consisting of assessed waste, kharab and gomal lands taken from the marginally noted five villages.

1. Guddekoppa.
2. Punaji.
3. Mathur
4. Mumbar.
5. Byahalli.

3. Five claims to right of way and five claims to miscellaneous rights were advanced by the villagers concerned and all of them except two of the latter kind were admitted by the Settlement Officer. No appeal was preferred to the Deputy Commissioner against the Settlement Officer's decision. The Deputy Commissioner has no objection to the issue of the final notification. The settlement of the block may be approved.

Letter No. 96, dated the 31st January 1915, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer (now Vice-President), to K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the Settlement of the Sharmanavathi block in the Nagar Taluk of the Shimoga District.

2. The initial notification under section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 55 and 56 of the English issue of the *Mysore Gazette*, Part I, dated the 9th February 1911, and the proclamation under section 5 of the said Regulation was published on pages 645 and 646 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 28th September 1911.

The proclamatory notices were got served on the villagers concerned through the Amildar of the Nagar Taluk.

3. The locality was inspected and perambulated by me on the 12th and 13th April 1914.

4. The undermentioned ten claims were preferred to me during the enquiry:—

(i) Five claims to right of way.

(ii) Five claims to miscellaneous rights. All the claims in (i) were admitted.

Of the five claims in (ii) three were admitted, and two rejected.

5. The Deputy Commissioner has intimated in his letter No. 1663, dated the 28th August 1914 that no appeals have been preferred to him against my settlement decision.

6. The following records are herewith submitted:—

1. 'B' Register.
2. 'C' Register.
3. Sketch map.
4. Boundary notification.
5. Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Sharmanavathi State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Bhadrappa, patel of Mumbar.	11th Apl. 1914	States that the preliminary demarcation line runs close to dwelling houses of the raiyats of the asli village, while, it includes within the forest boundary Survey Nos. 26, 27 and 28 which are cultivated lands belonging to the bachirak hamlet of Balehalli, and therefore prays that the forest boundary may be cancelled.	.....	The line may be shifted from the dwelling houses.	In the Mumbar village the preliminary demarcation line while touching the corner of Survey No. 15 which is an occupied land, deprives the raiyats of the hamlet of Hillalkye of a portion of the jungle which supplies soppu, etc., to them. It also runs rather close to the asli village. I therefore direct that it be deviated at the north-east corner of Survey No. 38 and taken north-west for 11 chains through Survey No. 37 so as to meet its west side at its hotte bandhs; then north-west through Survey No. 17 to meet its north side at a point about 15 chains north from the north-east corner of Survey No. 15, then in the same direction through Survey Nos. 25, and 13 for 10 chains to meet the Sharmanavathi river where a halia joins it, then south-west across the latter and through Survey No. 13 for about 17 chains to the north-east corner of Survey No 14, and then north-west for about 10 chains through Survey No. 13 so as to meet the hotte bandhs situated on its west side at a point about 6 chains north-west from the north-west corner of Survey No. 14. According to the village accounts Survey Nos. 26, 27 and 28 are occupied lands, while according to the statement prepared by the Forest Department they are assessed waste lands. It is not known when they were brought under cultivation. However they will be treated as enclosures within the block having the following boundary :— Starting from a point on the west side of Survey No. 29 about 10 chains north from the north-west corner of Survey No. 26, the line runs south-east through Survey No. 29 for 15 chains to a point about 9 chains east from the north-east corner of Survey No. 26, then in the same direction for 18 chains to a point about 5 chains east from the north-east corner of Survey No. 28,	.....	

					then south east for about 13 chains to a point on the river bank about 5 chains east from the south-east corner of Survey No 28, then across the said river to the north-east corner of Survey No 17, then along the left bank of the said river to meet the west sides of Survey Nos 25 and 29 to the starting point Owing to the modification of the line about 331 acres will be excluded out of the reserve C VENKATA RAO, Forest Settlement Officer 13th April 1911
2	**Bhadrappa, patel of Mumbar.**	11th Apl 1911	Requests that right of way to the following path ways may be admitted. (1) Shimoga-Kallinkatte high road (2) Cart track from Mumbar to Lyahalli (3) Foot path from Mumbar to Muthur	May be admitted	Right of way to the following path-ways will be admitted throughout the year — (1) High road leading from Shimoga to Kallinkatte and passing through Mumbar (2) Cart-track (16 feet wide) from Mumbar to Lyahalli, for men, cattle and carts, and (3) Foot-path (6 feet wide) from Mumbar to Muthur for men and cattle C VENKATA RAO, Forest Settlement Officer 13th April 1911
3	**Bhadrappa, patel of Muthur**	Do	Represents that the line passes through Survey No 13 which is an occupied kan, that the line runs close to ash village, that it has also contributed a large area of gomal for the Kodur reserve He therefore begs that the line may be shifted to the left bank of the Sharmanavathi river so that a large area of Survey Nos 18 and 19 may be left for the raiyats' use		The Muthur village has also contributed lands to the adjoining Kodur reserve, two of its large gomal survey numbers, The preliminary demarcation line passes at the edge of some of the occupied lands, while it divides an occupied kan It therefore requires to be shifted In view of the measures to be adopted for the improvement of the malnad, I would throw the forest boundary further away to the bank of the Sharmanavathi river I accordingly direct that it be deviated at a point about 11 chains north from the north-west corner of Survey No 20 and taken along the right bank of the abovementioned river to meet the west side of Survey No 19 at a point about 11 chains south from its north west corner, then south west for 11 chains along its west side to meet the left bank of the same river, then south-east along the said bank through Survey Nos 19 and 18 to a point about four chains south from the south east corner of Survey No 17 then across the said river to a point about two chains south from the aforesaid south-east corner,

B.—Register of claims to lands, rights to forest produce or easements in the proposed Sharmanavathi State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5		7	8	9
						and then east through Survey No 18 for about 72 chains to the south-west corner of Survey No. 36. By this arrangement about 435 acres more will be left for the use of the raiyats, as also Survey No. 12 which is an occupied kan. C. VENKATA RAO, Forest Settlement Officer. 13th April 1914.		
4	Bhadrappa, patel of Muthur.	11th Apl. 1914	Requests that right of way to the foot-paths leading to Hirekai and Arlikoppa may be admitted.	.....	.. ..	Right of way to the foot-paths leading from Muthur to Hirekai and Arlikoppa will be admitted for men and cattle, throughout the year width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 13th April 1914.	.....	
5	Veerappa, patel of Punaji.	Do	States that the preliminary demarcation line runs close to some of the paddy fields, that the raiyats depend for soppu on Survey No. 2 and prays that the line may be shifted to the limits of the hechirak hamlet of Chikkunda in Survey No. 60, and the said Survey No 2 excluded from the reserve.	.. .	The soppinbetta may be excluded	In the Punaji village the preliminary demarcation line runs close to some of the occupied lands and dwelling houses of the hamlet of Brahmeswara, depriving the raiyats of a large extent of jungle. As this village has already contributed a large extent of kharab and gomal lands to the adjoining Kodur reserve which was settled by me last year, it is inequitable to take away for the reserve in question the entire extent of lands in the neighbourhood of two of its hamlets I accordingly direct that the said preliminary demarcation line be shifted eastwards to the south east corner of Survey No. 52, and taken east through Survey No. 60, for about 48 chains to the north-west corner of Survey No. 59, then along its north side to its north-east corner, then north-east through Survey No. 60, for about 32 chains to the north-east corner of the latter survey number and then east	. ..	

No. R. 5622-5—Ft. 77-16-4, dated 5th December 1916.

								for 12 chains along the south side of Survey No. 64 to the left bank of the Sharmavathi river. Owing to the above modification of the forest boundary in this village about 367 acres will be excluded for the benefit of the raiyats. C. VENKATA RAO, Forest Settlement Officer. 18th April 1914	... ...
6	Do	...	Do	...	Requests that right of way to the foot-path leading from Punaji to Arlikoppa may be admitted.	.....	May be admitted	Right of way to the foot-path leading from Punaji to Arlikoppa will be admitted for men and cattle throughout the year width to be 6 feet C. VENKATA RAO, Forest Settlement Officer 19th April 1914.	... ...
7	Jangoji, a leading raiyat of Guddekoppa.	Do	...	Represents that the area remaining for the village is inadequate for the communal requirements of the raiyats, as it is a populous one, that it runs close to some of the cultivated lands, that the raiyats depend for their requirements mostly on the lands proposed for the reserve, and prays therefore that the preliminary demarcation line in his village may be cancelled.	... ...	A portion of the area may be excluded.	In the Guddekoppa village, the lands proposed to be included are studded with bamboos which at present they are of no use to the Forest Department. The raiyats will be deprived of all their pasture lands if the proposed line be confirmed. The Ranger Officer suggests that a portion of them may be excluded. I would return for the Forest Department the belly portion of the same further away from the village. As the preliminary demarcation line touches some of the cultivated lands, it has to be shifted from its present position. I accordingly direct that it be shifted 5 chains east from its present position to the northernmost corner of Survey No. 66 where two bottle handles are located, and taken south through the said survey number for 11 chains to a point about 11 chains north-west from the north-east corner of Survey No. 68 (tank), then east through the said Survey No. 66 for 35 chains to meet its east side at a point about 19 chains north-west from the northernmost corner of Survey No. 101, then in the same direction through Survey No. 99 for 45 chains to meet the bend in its south side at a point about 19 chains north-east from the north-east corner of Survey No. 100, and then in the same direction through Survey No. 99 for 89 chains so as to meet its east side at a point about 17 chains south from its north-east corner. C. VENKATA RAO, Forest Settlement Officer. 18th April 1914.	... ...

B.—Register of claims to lands; rights to forest produce or easements in the proposed Sharmanavathi State Forest—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
8	Ascertained by the Forest Settlement Officer.	11th Apl. 1914	Requests that right of way to the cart-track from Guddekoppa to Muthur may be admitted.	....	....	Right of way to the cart-track from Guddekoppa to Muthur will be admitted for men and cattle and carts throughout the year. Width to be 15 feet C. VENKATA RAO, Forest Settlement Officer. 13th April 1914.	....	
9	Chennabasaviah, patel of Byahalli.	Do ...	States that the preliminary demarcation line touches the edge of Survey No 39 which is an occupied land, that it includes Survey Nos. 34 and 35 which are also under occupancy, and that it deprives the raiyats of Survey No. 59 from which they obtain soppu and fuel. Begs that Survey Nos. 59 and 27 may be excluded from the reserve.	.....	The cultivated survey numbers may be excluded.	If the proposed line may be confirmed in the Byahalli village, the hamlet of Suralkoppa will be divested of all its pasture lands and jungle. The western portion of the forest boundary requires to be shifted in some places as it runs at the edge of cultivated lands. For these reasons, I direct that the preliminary demarcation line be diverted at the south-east corner of Survey No. 38 and taken west for 22 chains along its south side, then south-west through Survey Nos. 59 and 54 for 25 chains so as to meet the bank of the Sharmanavathi river, then across it to the other side, then along the said side, to the north-west corner of Survey No. 27, then north-west for 5 chains along the same river, then across it to the westernmost corner of Survey No. 36, and then north-east along its west side to its north-west corner. The other boundary line of the Reserve will be diverted at the northernmost corner of Survey No. 52 and taken south-west through Survey Nos. 59 and 54 for 46 chains so as to meet the Sharmanavathi river at a point about 7 chains north-west from the south-east corner of Survey No. 54, then west across the said river through the said Survey No. 54 for 9 chains so as to meet the northernmost corner of Survey No. 33 and then north-west through Survey No. 27 for 36 chains so as to meet its west side at a point about 23 chains south from its north-west corner. C. VENKATA RAO, Forest Settlement Officer. 13th April 1914.	....	

No. R. 5622-5—Ft. 77-16-4, dated 5th December 1916.

.....	.....	.....	.....	.....	.....	Owing to this modification Survey Nos. 34 and 35 proposed to be treated as enclosures, will be totally excluded from the Reserve, while 2/2 acres more will be left for the use of the ryots. C. VENKATA RAO, Forest Settlement Officer. 13th April 1914.	.....
10	Chennabasaiah, patel of Byahalli.	11th Apl. 1914	Requests that right of way to the following path-ways may be admitted:—(1) Foot-path from Byahalli to Kodur, (2) Foot-path from Byahalli to Surlikoppa and (3) High road from Shimoga to Kallurkatte passing through Byahalli.	.....	May be admitted	..	Right of way to the foot-path (6 feet wide) leading from Byahalli to Kodur and Surlikoppa, and to the high road leading from Shimoga to Kallurkatte passing through Byahalli will be admitted throughout the year. C. VENKATA RAO, Forest Settlement Officer 13th April 1914.	.....
						In view of the difficulties in the matter of obtaining fodder for cattle in the malnad jungles and in consideration of the fact that the malnad cattle are not headed at all, but allowed to roam about in the jungle, I would grant the ryots concerned the right of grazing in the reserve on concession rates. I accordingly direct that the undermentioned villages affected by the proposed reserve, be entitled to graze therein their cattle on payment of a lumpsum fee per annum, during the prescribed season. Name of village / Number of horned cattle / Amount to be paid per annum Rs. 1. Ponaji 238 5 2. Guddekoppa 121 7 3. Muralur 663 8 4. Muthur 76 2 5. Byahalli 257 1 C. VENKATA RAO, Forest Settlement Officer. 13th April 1914.

C VENKATA RAO,
Forest Settlement Officer.

Hulikal Forest Block.

No. R. 5860-3—Ft. 60-16-4, dated 11th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Notification No. R. 4295—Ft. 62-09-2, dated 21st February 1909, declaring, under Section 4 of the Forest Regulation, that it is proposed to constitute certain lands in the Nagar Taluk as a State Forest under the name of Hulikal Block.

2. Letter No. A. C. 804, dated 13th September 1916, from the Revenue Commissioner in Mysore, forwarding letter No. 11, dated 20th February 1914, from the Forest Settlement Officer, reporting on the conclusion of the settlement of the block.

*(Printed as accompaniments with B and C registers.)

3. Correspondence ending with letter No. 5087, dated 22nd November 1916, from the Conservator of Forests in Mysore, stating that he concurs with the settlement effected by the Forest Settlement Officer and that the final notification under Section 17 may be issued.

Order No. R. 5860-3—Ft. 60-16-4, dated 11th December 1916.

Government approve of the settlement effected by the Forest Settlement Officer. The notification under Section 17 of the Forest Regulation declaring the block a State Forest with effect from 1st February 1917, will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to promulgate the boundaries of the forest in the villages in which the forest is situated.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Deputy Commissioner, Shimoga District, with map and registers B, and C.
The Superintendent, Revenue Survey and Settlements.

Exd.—C. R.

No. R. 5860-3—Ft. 60-16-14, dated 11th December 1916.

NOTIFICATION.

No. R. 5864—Ft. 60-16-5, dated Bangalore, the 11th December 1916.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that, from 1st February 1917, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE

District	Taluk	Hobli	Village	Approximate area	Name of block
Shimoga	Nagar	Nagar hobli	1. Nidagod 2. Khairgunda	1·64 square miles	Hulikal

BOUNDARIES.

North.—Starting from the northernmost corner of Survey No. 127 of Khairgunda, which is also the trijunction of South Canara District, Karemane and Khairgunda villages of the Nagar Taluk, the line runs south-east for about 10 chains along its east side to the south-west corner of Survey No. 6 of Khairgunda, then east through Survey No. 4 for a distance of about 23 chains to a point on its east side about 11 chains south-east from the south-west corner of Survey No. 7, then south-east along the west side of Survey No. 5 for about 35 chains to a point about 5 chains north-west from the northernmost corner of Survey No. 3, then north-east through Survey Nos. 5 and 19 for about 25 chains to a point on the east side of the latter survey number about 5 chains north-east from the north-west corner of survey No. 20; then north-east along the said east side of the said survey No. 19 for about 18 chains meeting the Haidergherghat. High road at a point about 20 chains north-west from the westernmost corner of survey No. 28, then north-east across the said high road for about a chain, then north-west and north-east along the right side of the said high road for about 15 chains, then north-east in a straight line through survey No. 18 for about 21 chains meeting the said high road at a point about four chains south-east from the south-west corner of survey No. 17, then north-east and north along the right side of the said high road for about 13 chains to the south-west corner of survey No. 68; then north-east for about 10 chains through survey No. 28 to a point about 5 chains south from the south-east corner of survey No. 69.

East.—Thence south through survey No. 28 for about 36 chains in a straight line to a point about 9 chains west from the westernmost corner of survey No. 26, then south-east in a straight line through the said survey No. 28 and and survey No. 32 for about 46 chains to a point in the north side of survey No. 95 of Nidagod, about chains west from its northern most corner

South.—Thence south-west along the north side of survey No. 95 of Nidagod to its north-west corner, then south-west along the north side of survey No. 89 to its north-west corner; then north-west along the east and north sides of survey No. 22 to its north-west corner; then south-west along the north side of survey No. 10 to its north-west corner; then south-west crossing the Haidergherghat-Nagar road to the north-east corner of survey No. 9; then west along the north side of the same survey number to its north-west corner; then along the north side of survey No. 106 of Nidagod for about 9 chains to the southernmost corner of survey No. 4 of Khairgunda, then south-west along the north side of the said survey No. 106 of Nidagod for about 41 chains to a point where a halla meets it; then south-east along the said halla through survey No. 106 for about 30 chains to a point 15 chains south-west from the south-west corner of survey No. 7 of the Nidagod village, then south-west through the said survey No. 106 for about 21 chains so as to meet the said high road at a point about 9 chains south-west from the south-west corner of survey No. 6 of Nidagod, then south-west and north-west along the left side of the said high road for about 165 chains to a point about a chain south from the north-west corner of survey No. 106, which is also the Provincial boundary.

West.—Thence north-east and north along the South Canara frontier to the starting point

No. R. 5860-3—Ft. 60-16-4, dated 11th December 1916.

Remarks:—

A. The following rights of way are admitted within the block throughout the year:—

(1) *High road* from Haidergherghat to Nagar, open for men, cattle and carts. It enters the forest in its southern boundary at a point about a chain south from the north-west corner of survey No. 106, runs between the Hulikal and Varahi Blocks through survey No. 106, of Nidagod for about 165 chains and quits the forest in its southern boundary at a point about 9 chains south-west from the south-west corner of survey No. 6, then again it enters the forest in its southern boundary at the north-west corner of survey No. 10, goes north-west, north-east, north and north-west between survey Nos. 21, and 18 of Khairgunda for about 100 chains and quits the forest in its northern boundary at a point about 19 chains north-west from the westernmost corner of survey No. 28 of Khairgunda.

(2) *Foot-path* from Hulikal to Khairgunda, 6 feet wide and about 40 chains long, open for men and cattle. It enters the forest in its southern boundary at a point about 6 chains west from the north-west corner of survey No. 9 of Nidagod, runs north-west and north through survey No. 1 of Khairgunda and Kumbarmane enclosure in the same village and quits the forest in its northern boundary at a point about 5 chains north-east from the southernmost corner of survey No. 19.

B. The undermentioned concessions are admitted within the Block:—

(i) The hamlet of Kumbarmane in the Khairgunda village with survey Nos. 3, 2, and 20 is treated as an enclosure having the following boundary:—

Starting from a point about 5 chains north-east from the north-west corner of survey No. 20 of Khairgunda, the line runs east for about 5 chains till it meets a halla, then south along the said halla to a point about 5 chains south-west from the south-east corner of survey No. 2, then west for about 13 chains through survey No. 1, to a point on its west side about 5 chains south from the south-west corner of survey No. 3, then north-west for about 8 chains and north for about 25 chains through survey No. 4, meeting the demarcation line at a point about 5 chains north-west from the northernmost corner of survey No. 3.

(ii) The raiyats of Khairgunda are entitled to remove free, from the Reserve, for each house, 20 head-loads of rattan, 30 head-loads of vate and 2 head-loads of broom stick of dadasalu plant, annually and 6 vanikes of the baligey tree, once in three years.

By Order,
L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

Letter No. A.C. 804, dated 13th September 1916, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith the marginally noted papers relating to the conclusion of the settlement of the Hulikal Block in the Nagar Taluk, retransmitted by the Deputy Commissioner, Shimoga, with his letter No. H. C. 34 (Rev.), dated 6th July 1916.

tter No. 11, dated 20th February 914 from the Settlement Officer.
2. 'B' Register.
3. 'C' Register.
4. Boundary Notification.
5. One plan.
6. Topo tracing.

2. The block in question lies in the south-western portion of the Nagar Taluk and to the north of the Varahi Block whose conclusion report was submitted to Government with this office letter No. A. C. 164, dated 28th July 1916. According to the settlement the block covers an area of 1,055 acres 4 guntas or about 1·64 square miles consisting of kharab and gomál lands of Nidagod and Khairgunda villages.

3. One claim of right of way and four of a miscellaneous character were preferred by the villagers concerned. All of them were admitted by the Settlement Officer and no appeals were preferred against his decision.

4. The villagers concerned have been allowed sufficient land for pasture and their usual rights and privileges as regards agricultural implements have not been curtailed. The Deputy Commissioner has not recorded any objection. The final notification may be issued.

Letter No. C. 11, dated 24th February 1914, from C. Venkata Rao, Esq. B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the Hulikal Block in the Nagar Taluk of the Shimoga District.

No. R. 5860-3—Ft. 60-16-4, dated 11th December 1916.

2. The initial notification under section 4 of the Forest Regulation proposing to constitute the area into a State Forest appeared on pages 580 and 581 of the English issue of the *Mysore Gazette*, Part I, dated the 23rd December 1909, and the proclamatory notice under Section 5 of the said Regulation was issued by my predecessor in office Mr. M. Shama Rao, and the same was published on pages 48 and 49 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 27th January 1910.

3. The proclamatory notices were got served on the villagers concerned through the Amildar of the Nagar Taluk.

4. The tract was inspected and perambulated by me in company with the Range Forest Officer of the Tirthahalli Range on the 21st and 22nd January 1913. The area left for the use of the raiyats of the two villages concerned after deducting the extent of the lands proposed to be included in the Reserve in question, is apparently very much more than required. But the fact remains that most of these kharab and gomal lands are inconveniently situated from the various hamlets belonging to the Asli village. Besides, in my inspection I found a large extent of treeless lands more suited for grazing purposes, having been included within the preliminary forest boundary, to the prejudice of the raiyats. As the pasture-lands in the malnad are not rich, all such available lands have been excluded from the Reserve, and this accounts for the area of the proposed State Forest being reduced considerably.

5. The undermentioned four claims were preferred to me during the enquiry:—

(i) One claim to right of way and

(ii) Four claims for miscellaneous rights.

All the claims in (i) and (ii) were admitted.

6. The Deputy Commissioner has intimated in his letter No. 1445, dated the 10th September 1913, that no appeals have been preferred to him against my settlement decision relating to the Block in question.

7. The following records are herewith submitted:—

(1) 'B' Register.

(2) 'C' Register.

(3) Sketch map.

(4) Boundary notification and

(5) Topo-tracing.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

9. I beg to add that in the sketch map, the boundary line of the Reserve, which according to my decision, has to pass at a distance of half a chain from the south-east corner of survey No. 69 in the Khairgunda village, is subject to approval of Government, slightly altered, so as to leave the necessary margin of 5 chains from it, as the same has since been ascertained to be a land under cultivation. This alteration of the boundary line is duly described in the accompanying boundary notification.

B.—**Register of claims to lands, rights to forest produce or easements in the proposed Hulikal State Forest**—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Venkappa, patel of Nidagod.	21st Jan. 1913	States that the preliminary demarcation line abuts on Survey No. 22 of Khairgunda and Survey Nos. 11 and 12 of Nidagode, in the khate of the Narasimhaswamy temple, as well as Survey Nos. 7, 8, 14, 15 5, 6 and 4 which are also in the said holding and prays that it may be shifted farther away Further prays that as the raiyats of the hamlet of Hulikal depend upon the lands to the west of the Hulikal halla for fuel and pasture, the said lands may be excluded from th reserve.	.....	The line adjacent to Survey Nos. 6, 7 and 8 may be shifted so as to run from the north-west corner of Survey No. 9 and to join the Haidergherghat road to the south-west of Survey No. 6	The Nidagod village has already contributed 2,600 acres to the adjoining Varahi Block. Even after excluding this extent the area of lands left for the raiyats' use is more than necessary. Survey No. 9 and a portion of Survey No 106 (kharab) not far from the Hulikal village form a large maidan well suited for grazing purposes. I would accordingly exclude it from the Reserve. I therefore direct that the preliminary demarcation line be diverted near the Haidergherghat road at a point about 9 chains south-west from the south-west corner of Survey No. 6 and taken north-east for about 21 chains through Survey No. 106 till it meets a halla, then north-west along the said halla for about 30 chains meeting the south side of Survey No. 127 of Khairgunda at a point 40 chains north-east from the south-west corner of the said survey number. By this modification of the forest boundary, an extent of about 160 acres will be excluded from the proposed area. C. VENKATA RAO, Forest Settlement Officer. 22nd January 1913.	... ..	
2	Venkappa, patel of Khairgunda.	Do ...	Represents that in the Vatebachalu hamlet, the prelminary demarcation line includes two tanks close to Survey No. 24, and also good pasture lands to the south, west and north side	.....	As these tanks are close to cultivated lands, about 5 chains of land are to be excluded from the edge of cultivation. By this deviation of the line these tanks will also be excluded.	In the Khairgunda village the preliminary demarcation line will be continued from the point referred to in my decision relating to the claims of the Nidagod raiyats, along the south side of Survey No 127 to its south-east corner, then along the south side of Survey No. 1 to its south-east corner, then across the Nagar road, then along the south side of Survey No 18 to its south-east corner and then north-east along the south side	.. ..	

No. R. 5860-3—Ft. 60-16-4, dated 11th December 1916.

of the tank, that another tank known as Vasantamahakere to the west of Survey No. 26 on which this land as well as Survey Nos. 25 and 27 depend for irrigation is included in the Reserve, that the whole of Survey No. 67 known as "kanjaddinabyana", which is the main pasture land of the village is included in the Reserve, that survey No. 99 is also a pasture land, that except to the north of survey No. 98, there are no trees standing, that survey No. 5 is nothing but pasture land on which the cattle of the Asli village of Khairgunda entirely depend and therefore pray, that the above area may be excluded from the Reserve.	All round this "kyans" which is about 10 or 15 acres we found good growth of trees. As this pasture land cannot conveniently be excluded without excluding larger area, these survey numbers may be included in the Reserve and free grazing given in Survey Nos: 67, 99 and 98. As the demarcation line cannot conveniently be laid out excluding a portion of survey No. 5, no portion of it need be excluded. The village in question will have, after excluding the area proposed for the reserve, 798 acres Kharab and 1,256 acres of gomal for the use of 437 head of cattle	of Survey No. 32 for about 11 chains within the limits of the hamlet of Vatchakehalli. Here again the preliminary demarcation while touching the edge of cultivated lands bearing Survey Nos. 21, 26, 30 and 25 runs behind some dwelling houses. Besides, it includes within the Reserve three tanks, which irrigate the paddy fields situated below them, and also some good pasture land forming a portion of the catchment area of the said tanks. It will therefore be shifted westwards by about 8 chains and taken northwards for about 16 chains to a point 9 chains west from the westernmost corner of Survey No. 26 and then in the same direction for 26 chains to a point 1 a chain south from the south-east corner of Survey No. 69. From this point the proposed line takes a meandering course touching some bagayet lands and houses belonging to the hamlets of Mudugappe, Kaddakoli, Kelgar and Kudagere, and comprising within it the best pasture lands available in the neighbourhood on which their cattle depend throughout the year. During my inspection of the locality, the ryots prayed for the exclusion of these lands from the Reserve and I, found, their prayer most reasonable. The Range Officer suggests that the lands of these hamlets may be given the right of free grazing in them without altering the forest boundary. But I do not understand what advantage the Forest Department would again by including within the Forest boundary line a tract devoid of trees growth on its major portion, while the cost of cutting the final demarcation line and its annual maintenance is simply prohibitive. When this view of the case was explained to him, he was prepared to withdraw the objection. I therefore decide that these lands referred to above, be excluded altogether and the forest boundary line almost circumscribing them be cancelled. It would therefore be continued from the point referred to above, along the south side of survey No. 68 to its south-west corner where it meets the Nagur road; then south, south-west, and south for about 13 chains along the said road, then south-west for about 21 chains through survey No. 18 till it meets the bund of the said road, then along the said road for about 15 chains, then across it; then south-west along the east side of survey No. 19 for about 18 chains to a point about 5 chains north-west from the north-west corner of survey No. 29, then south-west for about 25 chains through survey

B.—Register of claims to lands, rights to forest produce or easements in the proposed Hulikal State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks

24th February 1914

C. VENKATA RAO,

Kilandur Forest Block.

No. R. 6241-4—Ft. 66-16-4, dated 18th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Notification No. R. 6095—Ft. 130-08-2, dated 12th February 1909, declaring under Section 4 of the Forest Regulation, that it is proposed to constitute certain lands in the Nagar Taluk, as State Forest under the name of Kilandur block.

2. Letter No. A. C. 806, dated 15th September 1916, from the Revenue Commissioner in Mysore, forwarding letter No. 95, dated 31st January 1915, with its enclosures from the Forest Settlement Officer, reporting on the conclusion of the settlement of the block and recommending the issue of final notification.

(Printed as accompaniments with B and C registers.)

3. Correspondence ending with letter No. 5030, dated 21st November 1916, from the Conservator of Forests in Mysore, stating that he is agreeable to the settlement.

Order No. R. 6241-4—Ft. 66-16-4, dated 18th December 1916.

Government approve of the settlement effected by the Forest Settlement Officer. The notification under Section 17 of the Forest Regulation declaring the block a State Forest with effect from 1st February 1917, will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to promulgate the boundaries of the forest in the villages in which it is situated.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Deputy Commissioner, Shimoga District, with the map and registers.
The Superintendent, Revenue Survey and Settlement in Mysore.
PRESS TABLE

NOTIFICATION.

No. R. 6245—Ft. 66-16-5, dated 18th December 1916.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st February 1917, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Hobli	Villages	Approximate area	Name of block
Shimoga ...	Nagar ...	Lakshmipur Muganad Nagar	1. Mettikai 2. Kattinhole 3. Kilandur jungle 4. Karemane 5. Malali	25·4 sq. miles ...	Kilandur

No. R. 6241-4—Ft. 66-16-4, dated 18th December 1916.

North.—Starting from the south-west corner of Survey No. 15 of Kattinhole, the line runs south-east along its south side to its south-east corner, then north-east along the south side of Survey No. 84 to its south-east corner, then east along the south side of Survey No. 138 of Mettikai for about 25 chains to the south-west corner of Survey No. 135, then along its south side to its south-east corner, then south-east through Survey No. 134 for about 31 chains to the south-west corner of Survey No. 131 then north-east along its south side to its south-east corner where it joins the Chakra river, then along the right bank of the said river till it meets the south side of Survey No. 131, then east along the south side of the said Survey No. 134 to its south-east corner, (junction of Mettikai, Brahmanvad, Kilandur and Kattinhole villages).

East.—Thence along the western boundary of the Brahmanvada village to the trijunction of Brahmanvada, Kilandur and Malali villages, then south-east along the western boundary of the Brahmanvada village for about 24 chains to the north-west corner of Survey No. 48 of Malali, then south along the west side of Survey No. 58 for about 35 chains to a point about 22 chains south-west from the south-west corner of Survey No. 47, then south-east through the said Survey No. 58 for about 55 chains to a point on a ridge about 29 chains south from the south-west corner of Survey No. 49, then north-east through the said Survey No. 58 for about 44 chains to meet its east side at the south-west corner of Survey No. 97, then south along the east side of Survey No. 58 to its south-east corner, then south-east along the west side of Survey No. 143 of Karemane to its south-west corner, then south-west along the north side of Survey No. 165 for about 25 chains till it meets the Kudakoli halla at a point about 6 chains north-east from the south-east corner of Survey No. 149, then across the said halla and along the left bank of the same through Survey Nos. 165 and 178 to a point about 4 chains south-east from the south-east corner of the former Survey number; then south-east through the said Survey No. 178 for about 5 chains to a point on its south side about 9 chains south-east from the south-east corner of Survey No. 165.

South.—Thence south-west along the western boundary of Khairgunda for about 54 chains to a point about 5 chains east from the north-east corner of Survey No. 11 of the said village, then north for 5 chains, west for 23 chains and south for 5 chains through the said Survey No. 178 to a point about 5 chains west from the north-west corner of Survey No. 10 of Khairgunda, then south-west along the western boundary of the said village for about 41 chains to the trijunction of Khairgunda, South Canara District, and Karemane village, then along the South Canara boundary to the south-west corner of Survey No. 1 of the Kilandur jungle.

West.—Thence along the South Canara boundary to the starting point.

Remarks.

A.—The following rights of way are admitted in the Block throughout the year:—

1. *Cart-track*, from Nagar to Maddur (South Canara), 15 feet wide and about 270 chains long, open for men, cattle and carts. It enters the forest in its northern boundary at the south-west corner of Survey No. 131 of Mettikai, runs south and south-west through Survey No. 134 of Mettikai and Survey Nos. 132, 131 and 127 of Kattinhole and quits the forest in its western boundary at a point about 2 chains north from the southernmost corner of Survey No. 133 of the latter village.

2. *Foot-path*, branching from the above and leading to Bantavad, *via* Hollapur, 6 feet wide and about 72 chains long, open for men and cattle. It branches from the above cart-track in Survey No. 127 of Kattinhole, runs north-east through the same survey number and Survey No. 125 of the same village and reaches the Hollapur enclosure, then again it begins in the said enclosure at a point about 5 chains east from the north-east corner of Survey No. 123, runs north-east and north through Survey No. 125 and quits the forest in its northern boundary at a point about 5 chains west from the south-east corner of Survey No. 84

3. *Foot-path*, from Kulsosi (hamlet of Mettikai) to Hollapur, 6 feet wide and about 37 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 10 chains west from the south-west corner of Survey No. 135 of Mettikai, runs south-west through Survey No. 134 of the said village and Survey No. 125 of Kattinhole and joins foot-path No. 2 *supra*.

4. *Foot-path*, from Sampekodu to Kabbinahitlu, 6 feet wide and about 15 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 18 chains north-west from the north-west corner of Survey No. 156 of Karemane, runs north-west through Survey No. 145 and reaches the said enclosure.

5. *Foot-path*, from Kesavinamane to Kamsile (South Canara), 6 feet wide and about 93 chains long, open for men and cattle. It begins in the Kabbinahitlu enclosure at a point about 15 chains south-west from the south-west corner of Survey No. 160 of Karemane, runs south-west through Survey No. 164 of the said village and Survey No. 1 of Kilandur jungle and quits the forest in its southern boundary.

No. R. 6241-4—Ft. 66-16-4, dated 18th December 1916.

6. *Foot-path*, from Kesavinamane to Hudodi *via* Kadathakole, 6 feet wide and about 44 chains long, open for men and cattle. It begins in the said Kabbinahitlu enclosure at a point about 28 chains south-east from the south-west corner of Survey No. 160, runs south-east, east and south-east through Survey Nos. 164, 180 and 179 (treated as enclosures), and reaches the Hudodi enclosure.

7. *Foot-path*, from Balgurge to Bilginmane, 6 feet wide and about 8 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 14 chains south-west from the north-west corner of Survey No. 174 of Karemane, runs south-west through Survey No. 178 of the said village and reaches the Bilginmane enclosure.

8. *Foot-path*, from Halgadde to Kanchinakallu enclosure in the Malali villige, 6 feet wide and about 28 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 12 chains north from the south-west corner of Survey No. 37 of Malale, runs south-west through Survey No. 58 and reaches the Kanchinkallu enclosure.

9. *Foot-path*, from Hullarike to Kanchinkallu, 6 feet wide and about 51 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 10 chains south from the southern most corner of Survey No. 52 of Malale, runs south-west through Survey No. 58 and reaches the enclosure.

B. The folloing concessions are admitted in the block.—

(i) The bechirak village of Hollapur in the Kattinhole village is treated as an enclosure with a margin of 5 chains all round.

(ii) Survey Nos. 128, 129 and 130 of the said village are clubbed together and treated as an enclosure with a margin of 5 chains all round.

(iii) The hamlet of Hittalakodi (Survey Nos. 135, 136, 137 and 138) is also treated as an enclosure with a margin of 5 chains all round.

(iv) The hamlet of Kanchinkallu in the Malale village and Kabbinahitlu, Kesavinamane and Vandagadde in the Karemane village are clubbed together and treated as an enclosure, having the following boundary:—

Starting from a point on the west side of Survey No. 84 of Malale about 11 chains south-west from the south-west corner of Survey No. 87 of the same village, the line runs north-east along the said west side for about 48 chains to its north-west corner, then along its north side to its north-east corner, then south-east through Survey No. 145 of Karemane for about 64 chains to a point about 13 chains south-east from the north-east corner of Survey No. 148, then south-east through the said Survey No. 145 for about 39 chains to meet its south side at a point about 6 chains north-east from the south-east corner of Survey No. 149, then along the demarcation line for 5 chains, then south-west through Survey No. 165 for about 40 chains to the south-east corner of Survey No. 163, then along its south side to its south-west corner, then west through Survey No. 164 for about 60 chains to a point on a halla about 12 chains south-west from the south-west corner of Survey No. 160; then north-west through Survey No. 164 for about 45 chains to meet its west side, then north-east along the said west side to the northernmost corner of Survey No. 152, then north-east along the west side of Survey No. 150 and across the Kadakoli halla for 5 chains, then north-west along the right bank of the said Kadakoli halla to the starting point.

(v) Survey No. 86 of Malale is treated as an enclosure.

(vi) The hamlet of Biliginmane and Hudodi which are situated close to each other will be clubbed together and treated as an enclosure with the following boundary:—

Starting from a point on the Kadakoli halla about 18 chains north from the northernmost corner of Survey No. 175 of Karemane, the line runs south-east along its left bank for about 37 chains till it meets a small halla, then south along the latter halla and on to the Khairgunda gadi touching the demarcation line to a point about 16 chains south-east from the south-east corner of Survey No. 177, then south-west for 5 chains along the demarcation line, then north-west for about 34 chains through Survey No. 178 so as to meet another small halla at a point about 11 chains south-west from the westernmost corner of Survey No. 177 and then north-east along the latter halla to the starting point.

(vii) Survey Nos. 179 and 180 of the said Karemane village will be treated as enclosures.

(viii) The raiyats of the undermentioned villages are entitled to graze their cattle noted against each village, free, in the Reserve, during the prescribed season.

1. Malale	...	Cattle 575
2. Karemane	...	„ 967
3. Mettikai	...	„ 364
4. Kattinhole	...	„ 112

No. R. 6241-4—Ft. 66-15-4, dated 18th December 1916.

(ix) The raiyats of the following villages are also entitled to remove free from the Kilandur jungle, vate, rattan, dadasalu (broom sticks) balige vanekes and kiri cachalu to the extent noted against them, per each house, per annum.

	Vate head loads	Rattan head loads	Dadasalu head loads	Balige vanekes	Kiri cachalu head loads

By Order,

L. KRISHNA RAO,

Offg. Secy. to Govt., Rev. Dept.

Letter No. A. C. 806—6, dated 15th September 1916, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith the marginally noted papers relating to the settlement of the Kilandur Block in the Nagar Taluk which were received with Shimoga Deputy Commissioner's letter No. 679, dated 6th March 1915, but retained in this office for the reasons given in the statement sent with D. O. No. 45, dated 25th July 1916.

1. Letter No. 95, dated 31st January 1915, from the Forest Settlement Officer.
2. 'B' Register.
3. 'C' do
4. Sketch map.
5. Topo tracing.
6. Boundary notification.

2. The block in question is a hilly tract situated on the western borders of the Nagar Taluk and on the north-west of the Hulikal Block. It measures 16,255 acres and 19 guntas or about 25·4 square miles consisting of 11,301 acres and 20 guntas of kharab and 4,953 acres, 39 guntas of gomal of the marginally noted five villages of which Kilandur is a jungle measuring 9,646 acres and 30 guntas of kharab land.

1. Mettikai.
2. Kattinhole.
3. Kilandur Jungle.
4. Malali.
5. Karemane.

3. Four claims to the right of free grazing, 4 to right of way and 12 of a miscellaneous character were advanced by the villagers concerned and all of them were admitted by the Settlement Officer. There were no appeals against his decision.

4. The villagers affected by the proposal have been allowed to exercise in the forest their usual rights and privileges regarding agricultural implements and pasture. The final notification may be issued.

Letter No. 95, dated 31st January 1915, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer (now Vice-President), to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the Kilandur Block in the Nagar Taluk of the Shimoga District.

No. R. 6241-4—Ft. 66-16-4, dated 18th December 1916.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 72 and 73 of the English issue of the *Mysore Gazette*, Part I, dated the 18th February 1909; and the proclamation under Section 5 of the said Regulation was published on pages 150 and 151 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 25th March 1909.

The proclamatory notices were got served on the villagers concerned through the Amildar of the Nagar Taluk.

3. The locality was inspected and perambulated by me in company with the Range Officer of the Nagar Range, on the 20th and 25th February 1914.

4. The undermentioned twenty claims were preferred to me during the enquiry:—

(i) Four claims to right of free grazing,

(ii) four claims to right of way, and

(iii) twelve claims to miscellaneous rights.

All the claims in (i) (ii), and (iii) were admitted and recorded in the 'B' register.

5. The Deputy Commissioner has intimated in his letter No. 1663, dated the 28th August 1914, that no appeals have been preferred to him against my decision.

6. The following records are herewith submitted:—

1. 'B' Register.
2. 'C' do
3. Sketch map.
4. Boundary notification.
5. Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Kilandur State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Nāganna, patel of Karemane.	20th Feb. 1914	States that the occupied lands in the hamlets of Kesavinamane, Kabbinahithlu and Vandagadde are in his holding and they now lie in the midst of the Reserve and begs that adequate extent of lands for soppu, and fuel etc., may be excluded out of the Reserve.	.....	May be excluded.	In the Karemane village the hamlets of Kabbinahithlu, Vandagadde, Kesavinamane, Bilagimanane, Hudodi and Kodadakole fall within the Reserve. As it is not possible to divert the boundary line so as to exclude these hamlets, I direct that they be treated as enclosures with sufficient margin of grazing lands and jungle for supplying soppu, etc. The first three will accordingly be clubbed together and formed into an enclosure with the following boundary:— Starting from the north-west corner of Survey No. 115, the line runs south-east through the said survey number for 65 chains meeting a halla at a point about 11 chains north-east from the south-east corner of Survey No. 148, then south-east for about 89 chains through the said Survey No. 145, meeting the Kadakoli halla at a point about 6 chains north-east from the south-east corner of Survey No 119, then across the said halla through Survey No. 165 for about 45 chains to the south-east corner of Survey No. 163, then along its south side to its south-west corner, then north-west through Survey No. 164 for about 60 chains till it meets a halla at a point about 11 chains south from the south-west corner of Survey No. 160, then north-west through the said Survey No 164 for about 45 chains to a point on its north side about 33 chains north-east from its north-west corner, and then north-east along its north side for 48 chains meeting the Kadakoli halla.	.....	...

B.—Register of claims to lands, rights to forest produce or easements in the proposed Kilandur State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
						The hamlets of Biliginmane and Hudodi which are situated close to each other will be likewise clubbed and treated as an enclosure having the following boundary:— Starting from a point on the Kadakoli halla about 18 chains north from the northernmost corner of Survey No. 175, the line runs south-east *along its left bank for* 37 chains till it meets a small halla, then south along the latter halla and on to the Khairgunda gadi, touching the demarcation line to a point about 16 chains south-east from the south-east corner of Survey No 177, then west for 5 chains along the demarcation line and then north-west for 34 chains through Survey No 178 so as to meet another small halla at a point about 11 chains south-west from the westernmost corner of Survey No 177, and then north-east along the latter halla to the starting point. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914. Survey Nos. 179 and 180 will also be treated as enclosures As the demarcation line runs close to Sampekodu, Malabail and Balagurge hamlets, the same will be shifted to the opposite bank of Kadakolihalla. The Forest boundary line running along the Khairgunda frontier will be diverted near occupied Survey Nos. 10 and 11 of the said village so as to leave the usual margin of 5 chains near them. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.		

2	Naganna, patel of Karemane.	20th Feb. 1914	Requests that the right of free grazing may be conceded to the raiyats, as the grazing lands have been included in the Reserve.	.....	May be admitted.	Considering the fact that a very large area of the village gomal lands will be included in the Reserve in question, and that under the leafy canopy of the evergreen forests, the growth of grass is wretchedly poor, I decide that the raiyats of Karemane be entitled to graze their cattle (967) free, in the Reserve, during the prescribed season. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....
3	Do ...	Do ...	Requests that right-of-way to the foot-paths shown in the village map and to that leading from Balagurge to Biligimane may be admitted.	.....	.....	Right of way to the following pathways will be admitted for men and cattle throughout the year. Width to be 6 feet:— (1) Foot-path from Sampekodu to Kabbinahitalu. (2) Foot-path from Kesavinamane to Kamsile (South Canara) *via* Kilandur jungle. (3) Foot-path from Kesavinamane to Hudodi *via* Kudathakole. (4) Foot-path from Balagurge to Biligimane.	.....
4	Thimmappa, patel of Kilandur jungle.	Do ...	States that he knows the raiyats of Karemane, Kilandur Bisi, Malali and Brahmanvad are enjoying the right of removing vate, rattan, dadasalu and balige vanikes from the Kilandur jungle and prays that this concession may be granted to them.	.....	.....	*Claims 4 to 7.* The whole of Kilandur jungle is proposed to be included in the Reserve; the raiyats of the adjoining villages of Karemane, Kilandur, Malali, Bisi and Brahmanvad have advanced claims to the right of taking vate, rattan, dadasalu (broom stick), balige vanikes and Kirieachalu (except in the case of Brahmanvad) for domestic and agricultural purposes from the Kilandur jungle and the evidence of the patel of the village supports the claims. As these articles are to be found only in the ghat portions of the forest and as they are indispensable for the raiyats, I concede to them the right of removing the same at the rate noted below:— 1. Rattan, 20 head loads per house, per annum. 2. Vate, 30 do do 3. Dadasalu 4 do do 4. Kirieachalu, 4 do do 5. Balige vanikes, 6 per house, per annum.	.....
5	Naganna, patel of Karemane.	Do ...	States that the raiyats may be permitted to remove from the Kilandur jungle rattan, vate, dadasalu, balige vanikes and kirieachalu, as they have been exercising this right from time immemorial.	.....	.....	*Vide* claim 4.	.....
6	Thimmappa, patel of Malali.	Do ...	Requests that the concession asked for in the case of Karemane, may be continued to his village raiyats.	.....	.....	*Vide* claim 4.	.....

B.—Register of claims to lands, rights to forest produce or easements in the proposed Kilandur State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
7	Venkappa, patel of Brahmanvada.	20th Feb. 1914	Begs that the concession asked for in the above Malali village, except Kirieachalu may be granted to his village raiyats also.	.....	.....	*Vide* claim 4.	.....	
8	Subraya, patel of Mettikai.	26th Feb. 1914	States that the preliminary demarcation line runs close to the hamlets of Kadakodu and Gensinkuli, and begs therefore that it may be shifted to the south beyond the Chakra river.	.....	.....	In the Mettikai village a large area has been taken for the adjoining Mettikai Reserve Besides the shifting of the line to the Chakra river bank will give a natural boundary for the proposed Reserve (Kilandur). Accordingly I direct that the line be deviated at the south-east corner of Survey No 152 and taken south-east along the right bank of the said Chakra river to meet the south side of Survey No. 134 at a point about 26 chains west from its south-east corner. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....	
9	Subraya, patel of Mettikai.	26th Feb. 1915	Requests that right of free grazing may be conceded to his village raiyats as almost all the grazing lands have been included in the Mettikai and Kilandur Reserves.	.....	.....	In consideration of the large area which this village contributes to the Kilandur and Mettikai Reserves. I concede to the raiyats of Mettikai, the right of free grazing for 364 cattle in the Reserve, during the prescribed season. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....	
10	Subraya, Patel of Mettikai.	26th Feb. 1915.	Requests that right of way to the foot-path leading from Kalsosi to Hollapur may be admitted.	.....	.....	Right of way to the foot-path leading from Kalsosi to Hollapur and on to South Canara will be admitted for men and cattle throughout the year width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....	

							Claims 11 to 14.	
11	Subraya, patel of Kattinhole.	Do ...	Requests that right to remove vate, rattan and Dadasalu from the Kattinhole jungle may be conceded to the raiyats.	.....	.....		The raiyats of the adjoining villages of Mettikai, Hosur, Hebburli and Kattinhole have advanced claims to remove vate, rattan, Dadasalu from the Kattinhole jungle included in the Reserve. As these articles are very necessary for domestic and agricultural purposes for the raiyats in the malnad, I decide their claims in the affirmative and direct that they be allowed to remove free, from the Reserve, at the rate of 30 head loads of vate 20 head loads of rattan and 4 heads loads of Dadasalu, per house, per annum. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....
12	Subraya, patel of Mettikai.	Do ...	Begs that the above concession may be continued to the raiyats of his village also.	.....	.....			.....
13	Subraya, patel of Hebburli.	Do ...	Prays that the concession asked for in the case of Mettikai may also be granted to his raiyats.	.....	.....			.....
14	Subraya, patel of Hosur.	Do ...	Requests that the concessions asked for by raiyats of the Hebburli village may be given to his village also.	.....	.....		*Vide* claim 11.	.....
15	Subraya, patel of Kattinhole.	20th Feb. 1914.	Requests that as almost all the grazing lands have been included in the Chakra and Kilandu Reserves, free grazing may be conceded to the raiyats.	.....	.....		For reasons stated in the decision of claim 2, I decide that the raiyats of Kattinhole be entitled to graze their cattle (112), free in the Reserve, during the prescribed season. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....
16	Subraya, patel of Kattinhole.	26th Feb. 1914.	State that the preliminary demarcation line includes within it the hamlet of Hollapur, and begs that it may be excluded from the reserve, in view of its being brought under cultivation.	.....	.....		Kattinhole village has to contribute 2,888 acres of *khanab* and *gomal* lands for the reserve. There is no objection for the same as the hamlet of Holapur shown in the village map is bechmak. In view of its being populated in the future for there are several assessed waste lands, I decide that the hamlet as well as the assessed lands in its neighbourhood with those of the Hittalkode hamlet be treated as enclosures with the usual margin of 5 chains all round. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....
17	Subraya, patel of Kattinhole.	21st Feb. 1914	Requests that right of way to the foot-path leading to Bantavadi *via* Hollapur and to the cart-track leading from Nagar to Maddur (South Canara) may be admitted.	.....	May be admitted		Right of way to the cart-track (fifteen feet wide) leading from Nagar to Maddur (South Canara), and to the foot-path leading from Kattinhole to Bantavadi *via* Hollapur will be admitted throughout the year. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....

B.—Register of claims to lands, rights to forest produce or easements in the proposed Kilandur State Forest etc.—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
18	Thimmappa, patel of Malali.	19th Feb. 1914	States that the raiyats of the hamlets of Manjumane and Hullarike have been exercising the right of removing soppu, fuel in the lands included in the reserve and that the preliminary demarcation line runs at the edge of cultivation and prays therefore that the line may be shifted farther away so as to exclude sufficient lands for the above purpose.	.....	.....	The preliminary demarcation line in the Malali village runs in a zig-zag course abutting on the garden and wet lands of the Hullarike and Manjumane hamlets depriving them of the Sopinbettas which supply soppu to them and the grazing lands known as "byana." It will therefore be shifted from the north-west corner of Survey No 97 to its south-west corner, and taken south-west through Survey No. 58 for about 11 chains to the ridge of a hill, then north-west through the same survey number for about 53 chains to meet a halla where the west side of Survey No. 58 cuts it at a point about 22 chains west from the southernmost corner of Survey No 17, and then north along the west side of the said Survey No 58 to the north-west corner of Survey No. 48. The hamlet of Kanchinkallu with its cultivated lands and assessed waste lands bearing Survey No 87 will be clubbed and treated as an enclosure having the big Kadakolihalla as its southern boundary and the three sides of Survey No. 84 forming the east, north and west side thereof. Survey No. 86 will be treated as an enclosure. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....	
19	Thimmappa, patel of Malali.	19th Feb. 1914.	Requests that free grazing may be conceded to his village raiyats, as the village gomal lands have been included in the Bisi and Kilandur reserves.	.....	.....	For reasons stated in the decision of claim 2, I decide that the raiyats of Malali be entitled to graze their cattle (575) free, in the Reserve, during the prescribed season. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....	
20	Do ...	Do ...	Requests that right of way to the foot-paths to Kanchinkallu from Hulagadde and Hullarike may be admitted.	.....	.....	Right of way to the foot-paths leading to Kanchinkallu from Hulgadde and Hullarike will be admitted for men and cattle throughout the year. Width to be six feet. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....

28th February 1914

C. VENKATA RAO,
Forest Settlement Officer.

No. R. 6298-301—Ft. 113-13-6, dated 19th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 8248*, dated 24th December 1913, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's letter No. 96*, dated 10th September 1913, reporting on the conclusion of the settlement of the Muneeswarabetta block in the Kankanhalli Taluk, and stating that the final notification may be issued.

2. Correspondence ending with letter No. 11762, dated 12th May 1914, from the Conservator of Forests in Mysore, stating that he is agreeable to the settlement effected by the Forest Settlement Officer, and requesting that the final notification under Section 17 of the Forest Regulation constituting the block a State Forest may be issued at an early date.

3. Letter No. R. 8239—Ft. 113-13-4, dated 24th March 1915, from the Secretary to Government, General and Revenue Departments, to the Revenue Commissioner in Mysore, requesting the revision of the boundary Notification, map, etc., so as to exclude from the block certain lands proposed to be treated as enclosures.

4. Letter No. A. C. 451, dated 30th November 1916, from the Revenue Commissioner in Mysore, resubmitting a revised boundary notification with necessary alterations in the settlement records.

* (Printed as accompaniments with the Forest Settlement Officer's report and Registers B and C.)

Order No. R. 6298-301—Ft. 113-13-6, dated 19th December 1916.

Government approve of the settlement of the block. The revised notification under Section 17 of the Forest Regulation declaring the block a State Forest with effect from 1st February 1917, will be published in the Gazette.

2. The Deputy Commissioner, Bangalore District, is requested to promulgate in due course the boundaries of the forest in the localities in which the forest is situated.

B. RAMASWAMAIYA,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent of Revenue Survey and Settlement in Mysore.
The Deputy Commissioner, Bangalore District, with map and Registers B and C.

No. R. 6298-301--Ft. 113-13-6, dated 19th December 1916.

NOTIFICATION.

No. R. 6302—Ft. 113-13-7, dated 19th December 1916.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st February 1917, the area, the boundaries of which are set forth in the Schedule annexed to this Notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

District	Taluk	Hobli	Village	Approximate area	Name of block
Bangalore	Kankanhalli	Kodihalli hobli	1. Thitmelingollahalli 2 Chennasandra 3. Mallapura 4. Kempalnatha 5. Alnatha	6 square miles	Muneeswarabetta.
		Uyamalli hobli	6. Kotekoppa		

Boundaries.

North.—Starting from a point about 24 chains east from the easternmost corner of Survey No. 83 of Thitmelingollahalli, the line runs east for about 18 chains through Survey No. 51 of the said village to a point on the west side of Survey No. 9 of Chennasandra about 14 chains south-west from the south-west corner of Survey No. 57 of the same village, then south-east in a straight line through Survey No. 9 of the said village for 55 chains to a point on the east side of the same survey number about 30 chains south-east from the south-east corner of Survey No 53; then north-east in a straight line through Survey No. 8 of Chennasandra for about 67 chains to a point about 8 chains south-west from the south-west corner of Survey No 21 of Mallapur, then south along the western boundary of Survey No 16 of the same village for about 37 chains to its south-west corner, then north-east in a straight line through the same survey number for about 58 chains to a point on the east side thereof about 16 chains east from the south-east corner of Survey No. 35 of the same village, then north-east through Survey No. 8 for about 38 chains till it meets the junction of two jungle streams, then north-west through Survey No. 8 for 53 chains to its north-west corner; then along its north side to its north-east corner, then south-west along the west side of Survey No. 124 of Hosdurga for about 66 chains to its south-west corner, then east along its south side to its south-east corner.

East—Thence south-east along the east side of Survey No. 20 of Kempalnatha, *i.e.*, western boundary of Hanakadabur to its south-east corner, which is also the trijunction of Hanakadabur, Guddeveeranhosahalli and Kempalnatha; then south-west and south along the western boundary of Guddeveeranhosahalli to the trijunction bandhs of Guddeveeranahosahalli, Irlapodu and Alnatha.

South.—Thence west along the northern boundary of Irlapodu for 30 chains to the trijunction bandhs of Irlapodu, Hunsalnatha and Alnatha, then in the same direction along the northern boundary of Hunsalnatha for about 30 chains where it meets the halla at about 10 chains south-east from the south-east corner of Survey No 89 of Alnatha, then north-east in a straight line through Survey No 19 for about 74 chains to the Kempalnatha gadi, where the said halla meets it, then north-west for about 45 chains through the said Survey No. 19 to a point about 7 chains east from the north east corner of Survey No. 70, then north-west for about 72 chains till it meets the northern boundary of the village at a point about 20 chains west from the north-east corner of the village, then south-west for about 88 chains till it meets the junction of 2 hallas, then south along the halla till it meets the Muggur State Forest boundary, then south and south-west along the Muggur State Forest boundary to the north east corner of Survey No 34 of Kotekoppa; then west along its northern side for about 76 chains to a point about 20 chains east from the south-east corner of Survey No. 22 of Kotekoppa.

West.—Thence north-west in a straight line through Survey No. 8 of the same village for about 71 chains to a point on the north side thereof about 11 chains north-east from the north-east corner of Survey No. 7 of the same village; then north-east along the south side of Survey No. 46 of Dodkoppa for 33 chains to its south-east corner; then north along its east side to its north-east corner; then north-east and north-west along the Chikkoppa village boundary for about 101 chains to a point on the west side of Survey No. 51 of Thitmelin

No. R. 6298-301—FT. 113-13-6, DATED 19TH DECEMBER 1916.

gollahalli about 22 chains south-west from the south-east corner of Survey No. 83 of the same village, then north-east through Survey No. 51 of the said village for a distance of 44 chains to the starting point.

Remarks.—A. The undermentioned rights of way are admitted within the block throughout the year.

Foot-path.—From Thitmelingollahalli to Muneeswarabetta in the Chikkoppa village, 6 feet wide and about 30 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 10 chains south-east from the south-east corner of Survey No. 83 of Thitmelingollahalli, runs south-east through Survey No. 51 of the same village and quits the forest in its western boundry in the Chikkoppa gadi at a point about 33 chains north-west from the north-east corner of Chikkoppa village.

(2) *Foot-path.*—From Thitmelingollahalli to Alnatha, 6 feet wide and about 162 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 10 chains south-east from the south-east corner of Survey No. 83 of Thitmelingollahalli, runs south-east through Survey No. 51 of Thitmelingollahalli and Survey No. 42 of Alnatha and quits the forest at a point about 24 chains north-west from the north-west corner of Survey No. 87 of Alnatha village.

(3) *Foot-path.*—From Chennasandra to Alnatha, 6 feet wide and about 68 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 31 chains south-west from the south-west corner of Survey No. 38 of Mallapur, runs south and south-east through Survey No. 8 of Chennasandra and Survey No. 62 of Alnatha and quits the forest at a point about 28 chains west from the south-west corner of Survey No. 63 of Alnatha.

(4) *Foot-path.*—From Chennasandra to Kempalnatha, 6 feet wide and about 99 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 21 chains south-west from the south-west corner of Survey No. 38 of Mallapur, runs south-east through Survey No. 8 of Channasandra and quits the forest in the northern boundary at a point about 20 chains south-west from the south-west corner of Survey No. 38 of Mallapur, then again it enters the forest in the northern boundary at a point about 17 chains south from the south-east corner of Survey No. 39 of Mallapur, runs east and south-east through Survey Nos. 16 and 8 of Mallapur and Survey No. 3 of Kempalnatha and reaches the enclosure in the lastmentioned village at a point about 17 chains west from north-west corner of Survey No. 18.

(5) *Foot-path.*—From Kempalnatha to Kodihalli, 6 feet wide and about 68 chains long, open for men and cattle. It begins in the Kempalnatha enclosure at a point about 10 chains west from the north-west corner of Survey No. 16 of Kempalnatha, runs west through Survey No. 3 of Kempalnatha and Survey No. 62 of Alnatha and quits the forest at a point about 8 chains east from the south-east corner of Survey No. 91 of the said village, and again it enters the forest at a point about 20 chains north-west from the north-west corner of Survey No. 91 of Alnatha, runs north-west through Survey No. 62 of Alnatha and Survey No. 16 of Mallapur and quits the forest in its northern boundary at a point about 16 chains south-east from the south-west corner of Survey No. 39 of Mallapur.

(6) *Foot-path.*—From Alnatha to Kempalnatha, 6 feet wide and about 32 chains long, open for men and cattle. It enters the forest at a point 18 chains east from the north-east corner of Survey No. 73 of Alnatha, runs north-east through Survey Nos. 19 and 62 of Alnatha and Survey No. 3 of Kempalnatha and reaches the Kempalnatha enclosure at a point about 10 chains south-west from the south-west corner of Survey No. 25 of Kempalnatha.

(7) *Foot-path.*—From Alnatha to Kotekoppa, 6 feet wide and about 97 chains long, open for men and cattle. It enters the forest in its southern boundary at a point about 40 chains north-west from the westernmost corner of the Hunsalnatha village, runs south-west through Survey No. 41 of Alnatha and Survey No. 8 of Kotekoppa and quits the forest in its western boundary at a point about 11 chains south-east from the south-east corner of Survey No. 15 of Kotekoppa.

(8) *Foot-path.*—From Mallapur to Yerangere, 6 feet wide and about 35 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 15 chains east from the north-east corner of Survey No. 7 of Mallapur, runs north-east through Survey No. 8 of the same village and quits the forest in its northern boundary.

(9) *Foot-path.*—From Kempalnatha to Hanakadabur, 6 feet wide and about 30 chains long, open for men and cattle. It begins in the Kempalnatha enclosure at a point about 5 chains east from the northern-most corner of Survey No. 24, runs north-east through Survey No. 20 and quits the forest in its eastern boundary at a point about 15 chains south-east from the north-east corner of Survey No. 20 of Kempalnatha.

No. R. 6208-301—Ft. 113-13-6, dated 19th December 1916.

(10) *Foot-path.*—Branching from the above and leading to Hosdurga, 6 feet wide and about 24 chains long, open for men and cattle. It branches from the above foot-path at a point about 19 chains north-east, from the northernmost corner of Survey No. 24, runs north-east through Survey No. 20 of Kempalnatha and quits the forest in its eastern boundary at a point about 3 chains south-east from the north-east corner of Survey No. 20 of Kempalnatha.

(11) *Foot-path.*—From Guddaveeranhalli, 6 feet wide and about 20 chains long, open for men and cattle. It begins in the Kempalnatha enclosure at a point about 17 chains south-east from the south-east corner of Survey No. 7, runs south-east through Survey No. 3 and quits the forest in its eastern boundary at a point about 46 chains south-west from the north-east corner of Survey No. 3.

B. The following concessions are admitted within the block :—

(i) Kurubarkere in Survey No. 51 of Thitnelingollahalli is treated as an enclosure access to it being along the foot-path No. 2 *supra*.

(ii) The temple of Thalagattappa Survey No. 8 of Mallapur is treated as an enclosure access to it being along the foot-path No. 8 *supra*.

(iii) Survey Nos. 18, 19, 21, 23, 24, 12, 17, 15, 13, 11, 10, 1, 2, 9, 8, 7, 6, 25, 4, 5, 26, 16, and village site of Kempalnatha are clubbed together and treated as an enclosure having the following boundary :—

Starting at a point on the halla about 21 chains north-west from the north-west corner of Survey No. 18, the boundary line runs east for about 21 chains meeting another halla at a point about 11 chains north from the north-west corner of Survey No. 19 then in the same direction for about 8 chains till it meets another halla at a point about 5 chains north from the north-west corner of Survey No 21, then in the same direction for 20 chains to another halla at a point about 5 chains north from the northernmost corner of Survey No. 24, then for 12 chains to a point on another halla about 5 chains north from the north-east corner of Survey No. 21, then south along the last mentioned halla for about 35 chains till it meets the junction of 2 small hallas in Survey No. 3 about 20 chains south-east from the south-east corner of Survey No. 2, then south-west through Survey No. 3 in a straight line for about 47 chains till it meets a big halla and then north-west and north across the same and along a small halla to a starting point.

ACCOMPANIMENTS.

Letter No. 8248, dated 24th December 1913, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith for the orders of Government the marginally noted papers relating to the conclusion of the settlement of the Munceswarabetta block in the Kankanhalli Taluk, received from the Settlement Officer through the Deputy Commissioner, Bangalore District, with his No. 198, dated 19th September 1913.

(1) Letter No. 993, dated 17th September 1913, from the District Forest Officer to the Deputy Commissioner.
(2) Letter No. 96, dated 19th September 1913 from the Forest Settlement Officer.
(3) "B" Register. (4) "C" Register.
(5) Boundary Notification. (6) Sketch Map (7) Topo tracing.

2. This is a tract of jungle in the Kankanhalli Taluk lying to the east of the Arkavati river and to the south-east of the Kodihalli-Satnur road between the Muggur State Forest on the south and the Kamadevara betta block on the east. It extends over an area of 3,877 acres 4 guntas or about 6 square miles and consists of 2,248 acres 7 guntas of kharab and 1,628 acres 37 guntas of gomal belonging to 6 villages.

3. Adequate provision has been made for the grazing requirements of the villages affected.

4. Of the twenty-one claims advanced before the Forest Settlement Officer, 18 were admitted and 3 were rejected. No appeals were preferred to the Deputy Commissioner against the decisions of the Forest Settlement Officer. The Deputy Commissioner has not expressed himself against the reservation and the final notification may therefore issue.

No. R. 8238, to the Revenue Commissioner in Mysore, dated 24th March 1915.

With reference to your letter No. 8248, dated 24th December 1913, forwarding papers connected with the reservation of the Munceswarabetta block in the Kankanhalli Taluk, I am directed to state that the running of the boundary line so as to cut off lands in occupancy from the village inhabited by the raiyats cultivating them is necessarily an inconvenient

No. R. 6298-301—Ft. 113-13-6, dated 19th December 1916.

arrangement and that rights of way within the limits of a State Forest are productive of unnecessary friction between the raiyats and departmental subordinates. I am therefore to request that the boundary line may be shifted so as to exclude enclosures numbered IV and V proposed in the draft notification. This would also avoid the initial irregularity of the Forest Settlement Officer in including in the enclosure Survey No. 15 of the Hunsalnatha village which is not covered by the notification issued under Section 4 of the Forest Regulation.

The draft notification, the registers, map and other papers are herewith forwarded for re-submission after revision.

Letter No. 96, dated the 10th September 1913, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Bangalore District.

I have the honor to report on the conclusion of the settlement of the Muneeswarabetta Block in the Kankanhalli Taluk of the Bangalore District.

2. The initial notification under section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 28, 29 and 30 of the English issue of the *Mysore Gazette*, Part I, dated the 26th January 1911; and the proclamation under section 5 of the said Regulation, was published on pages 101, 102 and 103 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 23rd February 1911. The proclamatory notices were got served on the villagers concerned through the Amildar of the Kankanhalli Taluk.

3. The tract was inspected and perambulated by me in company with the Amildar of Kankanhalli and the Range Officer on the 31st October 1912 and 5th November 1912.

4. During the enquiry the following twenty-one claims were preferred to me :—

(i) One claim to right of free grazing;
(ii) Nine claims to right of way;
(iii) One claim to right of water; and
(iv) Ten claims to miscellaneous rights;

The claim in (i) was rejected. Of the nine claims in (ii) 7 were admitted, and 2 rejected. The claims in (iii) and (iv) were all admitted.

5. According to Notification No. R. 4330—Ft. 97-10-3, dated the 24th January 1911, issued under section 4 of the Forest Regulation, proposing to constitute the block in question into a State Forest, the demarcation line runs along certain sides of Survey Nos. 6, 7, 5, 4, 14, 13, 2 and 1 of the Hunsalnatta village which are under cultivation, and these are therefore ordered to be treated as enclosures within the forest. As a margin of 5 chains on 3 sides has, according to my decision, to be left from these survey numbers, there is no alternative but to run the demarcation line itself in Survey No. 15 (kharab) of that village which has not been proposed to be included in the Reserve, so that the abovementioned cultivated lands of Hunsalnatta and those of the adjoining village of Alnatta may be formed into a compact block and treated as an enclosure within the proposed State Forest.

6. The Deputy Commissioner has intimated in his docket No. R. 3517, dated the 8th May 1913, that no appeals have been preferred to him against my settlement decision.

7. The undermentioned records are herewith submitted:—

(i) "B" Register;
(ii) "C" Register;
(iii) Sketch map;
(iv) Boundary notification; and
(v) Topo-tracing.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Muneeswarabetta State Forest,

Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
2	3	4	5	6	7	8	9
Krishnah, patel of Alnatta.	31st Oct. 1912	States that in addition to the lands already applied for, the raiyats require more lands for agricultural purposes and that the preliminary demarcation line touches all the cultivated lands of his village and requests that it may be shifted further away.	.....	Wherever the line touches the edge of cultivation, it may be shifted to a distance of 5 chains and the rest of the line confirmed.	The whole village of Alnatta has been proposed to be treated as an enclosure in the block. It is one of the biggest villages in the neighbourhood containing 83 houses with a population of 324 persons and a live stock of cattle of which 614 belong to the horned species. All the assessed lands have been occupied, and therefore provision has to be made for expansion of cultivation by the raiyats of the several hamlets attached to the village. As the entire area of gomal and kharab lands of the village is included in the forest, provision has also to be made for the pasturage of the cattle. In consideration of these circumstances, I would form an enclosure within the forest having the following boundary and have it demarcated out free from reservation. I accordingly direct that the eastern boundary of the enclosure be made to begin at the halla about 10 chains south-east from the south-east corner of Survey No. 89 and run north-east in a straight line through Survey No. 19 for about 74 chains to the Alnatta gadi where the said halla meets it, then north-west for about 45 chains to a point about 7 chains east from the north-east corner of Survey No. 70, then north for about 72 chains till it meets the northern boundary of the village at a point about 20 chains west from the north-east corner of the village, then south-west for about 88 chains till it meets the junction of 2 hallas and then south along the halla till it meets the Muggur State Forest boundary. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	This enclosure has been excluded by Government.	

No. R. 6208-301—Ft. 113-13-6, DATED 19TH DECEMBER 1913.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Muneeswarabetta State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
2	Kempiah, patel of Alnatta.	31st October 1912.	Represents that the raiyats of several villages go to the pond known as Lingadagudibhavi situated in Hunsalnatta between Survey Nos. 9 and 10 in the hot weather, as this is the only perennial source of supply to all the neighbouring villages and that consequently this may be treated as enclosure with a right of way to it.	.....	The pond may be treated as an enclosure with a right of way to it.	Right of way to the foot-path from the Alnatta village to the Lingadagudibhavi in Hunsalnatta will be admitted for men and cattle throughout the year. Width to be six feet. NOTE.—Survey Nos. 8 and 9 fall outside the forest. C. VENKATA RAO Forest Settlement Officer 6th November 1912.	The pond has been excluded by Government from the forest.	...
3	Do ...	Do ...	Requests that right of way to the following foot-paths may be admitted.— (i) Foot-path from Veeregowdandoddi hamlet to Chennasandra. (ii) Foot-path to Kempalnatta. (iii) Foot-path to Kote-koppa. (iv) Foot-path to Mallapur. (v) Foot-path to Hunsalnatta and on to Iralpode.	.....	.....	Right of way to the following path ways will be admitted throughout the year for men and cattle. Width to be six feet (i) Foot-path leading to Veeregowdandoddi (hamlet) and on to Chennasandra. (ii) Foot-path to Kote-koppa *via* Survey No. 41. (iii) Foot-path to Kempalnatta. (iv) Foot-path to Mallapur. (v) Foot-path to Hunsalnatta and on to Iralpode. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	..... Excluded as Hunsalnatha lies outside the block.	...
4	Do ...	Do ...	Requests that right of way to the foot-path to Muneeswarabetta may be admitted.	.....	.....	As there is a foot-path leading to Muneeswarabetta *via* Chennasandra, there is no necessity to give a separate right of way to it for the villagers of Alnatta. C. VENKATA RAO, Forest Settlement Officer. 6th November 1914.	.....	...

No. Ft. 6298-301—Ft. 113-13-6, DATED 10TH DECEMBER 1910.

5	Kempegowda, patel of Thittemelenagolla.	31st October 1912.	States that about 200 acres of land has been applied for, in Survey No. 51 and that the preliminary demarcation line touches Survey Nos. 72, 69 and 83 and this may be shifted farther so as to exclude a pond, adjoining Survey No. 83.	.....	The pond may be treated as an enclosure.	According to the proposal of the Forest Department, Thittemelenagollahalli has to contribute to the Muneeswarabetta Reserve 290 acres of gomal, retaining for its use 181 acres of gomal, for the pasturage of 295 head of cattle, and 314 acres of kharab for other communal purposes of the raiyats. This extent of land is cientsu fi for the above purposes. As the preliminary demarcation line touches some of the cultivated lands, it has to be shifted away to a distance of about half a furlong. As the lands situated close to the demarcation line are in a hollow and therefore, best suited for cultivation, and as already some darkhasts have been received for the grant of the same, I would exclude about 80 acres for being given over to the raiyats for cultivation, and accordingly direct that the demarcation line be shifted from the south-west corner of Survey No. 51 to a point on the south side thereof by about 20 chains and made to run north-east through the said survey number for about 44 chains, meeting the proposed boundary at a point about 24 chains east from the easternmost corner of Survey No. 83. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	.....	...
6	Kempegowda, patel of Tittemelingollaballi	31st Oct. 1912	Requests that right of way to Kurbarkere and Muneeswarabetta temple may be admitted.	.....	May be admitted	Kurbarkere in Survey No. 51 to which the village cattle go for drinking water will be demarcated out free from reservation, access to it being along the foot-path leading from Gollahalli to Alnatha. Right of way to the foot-path to the temple of Muneeswarabetta in Chikkoppa gadi will also be admitted. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	.....	
7	Kempegowda, patel of Mallapur.	31st Oct. 1912	Represents that the lands applied for by Shetty Nanjappa and another plot to the south of it to the extent of 50 acres may be excluded for expansion of cultivation and for grazing.	.....	There still remains for agricultural expansion 314 acres 18 guntas of kharab and 181 acres 10 guntas of gomal. So the request is unreasonable.	The demarcation line runs touching the eastern portion of the cultivated area in a zig zag course. Besides, it includes Survey Nos. 35, 38, 39 and 40 which have been sub-divided and sold on dharkhast. In my perambulation I found that the lands in their proximity are also fit for cultivation, and as many as 150 acres have already been dharkhasted for. In view of meeting	.....	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Muneeswarabetta State Forest, etc.—*contd.*

No.	Name of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
						the great demand for agricultural land, I direct that the line be made to run south from the hotte bandhs where it has now started, along the village boundary as far as the south-west corner of the village, then north-east through Survey No. 16 for about 58 chains so as to meet the east side of it at a point about 20 chains south from the south-east corner of Survey No. 13, then north-east through Survey No. 8 for about 38 chains to meet the junction of 2 nallas and then north-west through Survey No. 8 for about 53 chains so as to meet the north-east corner of Survey No. 16. By this modification of the forest boundary about 205 acres will be excluded out of the proposed area. C. VENKATA RAO, Forest Settlement Officer 6th November 1912.		
8	Kempegowda, patel of Mallapur.	31st Oct. 1912	Requests that the temple of Thalekottappa in Survey No. 8 adjoining the foot-path leading to Yarangere may be treated as an enclosure with access to it.	.....	May be done.	The temple of Thalekottappa in Survey No. 8 will be demarcated out free from reservation and treated as an enclosure, access to it being along the foot-path leading to Yarangere. C. VENKATA RAO, Forest Settlement Officer 6th November 1912.	.....	
9	Do ...	31st Oct. 1912	Requests that right of way to the foot-path leading to Alnatha may be admitted.	.....	May be admitted.	Right of way to the foot-path leading to Alnatta will be admitted for men and cattle throughout the year. Width to the 6 feet. *Vide* also claim No. 3. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	.....	

10	Nanjappa, patel of Channasandra.	31st Oct. 1912.	Represents that the lands applied for cultivation and adequate extent of gomal lands for grazing may be excluded from the Reserve, as also Hotteankankere, Aravaddu and Vastihalla to which men and cattle go for drinking water.	.....	The darkhasts for lands, I hear were sent to the Taluk Office a day prior to the enquiry to exaggerate their little need for more lands for cultivation.	In the village of Channasandra the preliminary demarcation line includes some lands fit for cultivation and for which darkhasts have also been made. It also includes a good tank and a pond on which the raiyats depend for water for themselves and their cattle. I decide that these be excluded from the Reserve and accordingly direct that the demarcation line beginning on the western border of the village be deviated at an angle of 45° and made to run south-east through Survey No. 9 so as to meet the east side of the said survey number and then north-east for about 67 chains through Survey No. 8 meeting the easternmost corner bhauds of the village. This modified boundary exclude Hotteankankere, Arakerehhavi, Aravaddu and Vasthihalla to which claims have been advanced. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	.....
11	Do ...	31st Oct. 1912.	Requests that right of way to the foot-paths leading to Almatta and Kempalmatta may be admitted.	.....	.....	Right of way to the foot-paths leading to Almatta will be admitted for men and cattle throughout the year. Width to be 6 feet. *Vide* also claim 3. Right of way to the foot-path leading to Kempalmatta will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	.....
12	Do ...	31st Oct. 1912.	Requests that right of way to the foot-path leading to Muneeswarabetta temple may be admitted.	.....	..... C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	.....
13	Kempiah, patel of Kempalmatha.	31st Oct. 1912	States that preliminary demarcation line runs at the edge of cultivated lands and requests that it may be shifted	.....	The line may be shifted to a distance of 5 chains wherever it touches the cultivated lands.	The whole village of Kempalmatta is according to the preliminary notification relating to the Reserve, included therein. Though	.....

B.—Register of claims to lands, rights to forest produce or easements in the proposed Muneeswarabetta State Forest.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
			farther away so that sufficient lands for grazing and cultivation purposes may be excluded from the Reserve.			it is a small village containing 24 houses, all the assessed lands have been brought under the plough. Provision has to be made for expansion of cultivation and for grazing. The lands situated to the south-east of the village being arable lands, I would exclude them from the Reserve to the extent of about 60 acres. The portion of the gomal Survey No. 3 situated close to the village and between the two hallas, will also be excluded to the extent of about 100 acres for the pasturage of the village cattle which now number over 100. A margin has also to be left to the north of some of the cultivated lands situated to the north of the village. I accordingly direct that an enclosure be formed consisting of the village, its lands under occupancy, the lands ordered to be left for future expansion of cultivation and for grazing, having the following boundary:— Starting at a point on the halla about 21 chains north-west from the north-west corner of Survey No. 18, the boundary line runs for about 21 chains south-east meeting a small halla at a point about 11 chains north from the north-west corner of Survey No. 19, then in the same direction for about 8 chains till it meets another halla at a point about 5 chains north from the north-west corner of Survey No. 21, *then in the same direction* for 20 chains to another halla at a point about 5 chains north from the northern corner of Survey No. 24, then for 12 chains to a point on a halla about 5 chains north from the north-east corner of Survey No. 24, then south along the halla for about 35 chains till it meets the junction of two small		

						hallas about 20 chains south-east from the south-east corner of Survey No 2, then south-west in a straight line for about 47 chains till it meets a big halla and then north-west along a small halla to the starting point C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.
14	Kempiah, patel of Kempainapalya.	31st Oct. 1912	Requests that right of way to the foot-paths shown in the village map may be admitted.	.. ...	May be admitted.	Right of way to the foot-paths leading to (1) Kodihalli, (*Vide* also claim 3). (2) Guddeveeranhosahalli, (3) Hanakadabur; (4) Hosadurga, will be admitted for men and cattle throughout the year. Width to be 6 feet. C VENKATA RAO, Forest Settlement Officer 6th November 1912.
15	Ramayyapadu, patel of Kotekoppa	31st Oct. 1912.	Represents that darkhasts to for about 300 acres in Survey No 35 Have been made, as also for lands in Survey Nos. 34 and 8 of this village and that these lands in addition to the lands fit for cultivation may be excluded from the reserve.	..	After deducting the area proposed to be reserved, there remains 667 acres of kharab and gomal for agricultural and grazing purposes of the village, hence no further exclusion is necessary	Survey No. 35 (kharab which is the only big survey number and which has been left for the village, has been applied for, for cultivation by several applicants and these darkhasts are in various stages of disposal It is proposed to include the entire area of two survey numbers assigned as gomal for the village. As there is a large stock of cattle of which 601 are of the horned species, about 400 acres are necessary for their pasturage and this extent at least must therefore be left undisturbed I accordingly direct that the demarcation line be made to run from the easternmost corner of the village along the north side of Survey No 34 for about 76 chains, and then north west through Survey No 8 for about 71 chains to a point on the northern boundary of the village about 10 chains east from the north east corner of Survey No 7. This deviation of the Forest boundary will result in the cancellation of the line which takes a meandering course along the cultivated area from the south east corner right up to the northern limits of the village, while it secures to the raiyats for pasture and other purposes an extent of gomal land of about 460 acres C. VENKATA RAO, Forest Settlement Officer 6th November 1912.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Muneeswarabetta State Forest—*concld.*

16	Basavegowda, patel of Kotekoppa.	5th Nov. 1912.	Requests that the temple of Kanve Vigneswara may be demarcated out free from reservation with a right of way to it along the cart-track.	.....	.....	16 & 17. The temple of Kanve Vigneswara and the tank in Survey No. 31 will be excluded by the modification of the boundary ordered above. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	.....	.....
17	Basavegowda, patel of Kotekoppa.	5th Nov. 1912.	States that there is a tank in Survey No. 34 adjoining the Grand Trignometrical Station, to which the village cattle go for drinking water, and requests that this right may be conceded to the raiyats.	.....	.....	.....	.....	.....
18	Basavegowda, patel of Kotekoppa.	5th Nov. 1912.	Requests that right of way to the foot-path leading to Almaths may be admitted.	.....	May be admitted ...	Right of way to the foot-path leading to Almatta will be admitted for men and cattle throughout the year. Width to be 6 feet. *Vide* also claim 3. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	.....	.....
19	Khandediah, patel of Dodkoppa.	5th Nov. 1912	States that there is no assessed waste land available for cultivation in his village and requests that lands out of Survey No. 46 which have been applied for for cultivation may be excluded as well as some lands for grazing as the gomal assigned to his village is very insufficient for the cattle.	.....	As no portion of gomal has been taken for the Reserve, their claim for more gomal lands cannot be considered. There still remains 152 acres 38 guntas of kharab to be taken by the villagers on dharkhasts.	Dodkoppa is a populous village containing 104 houses having a stock of 747 head of horned cattle, in addition to sheep and goats. Survey No. 69 having an extent of 182 acres is the only land assigned as village gomal during the survey settlement and more than one-half of it has been sub-divided and given out on dharkhasts as will be evident by the existence of several new sub-divisions plotted on the revised survey map of the village. The remaining extent of about 70 acres of gomal is hardly sufficient for the pasturage of such a large live-stock owned by the raiyats. Hence the raiyats have no alternative but to depend for pasture on the only big (kharab) Survey No. 46 which has been	.....	.....

No. R. 6298-301—Ft. 113-13-6, dated 19th December 1916.

20	Do.	...	5th Nov. 1912	Requests that right of way to the foot-path leading to Munceswarabetta temple may be admitted.	.....	May be admitted	...	..	proposed to be included in the reserve. It is therefore unfair to deprive them of it, when the advantage to be gained by the Forest Department would be only an addition of about 317 acres to their fuel reserves. In these circumstances I direct that Survey No. 46 be excluded from the reserve altogether. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	The modified boundary altogether excludes the lands of the Dodkoppa village, through which the foot-path referred to runs. C. VENKATA RAO, Forest Settlement Officer. 6th November 1912.	.....
21	Venkatagowda, patel of Hukkunda.	...	5th Nov. 1912	States that his village goats, sheep and cattle have been grazing from time immemorial within the limits of Chikkoppa, Doddakoppa, Alnatta, Hukkunda, Thitemelinagollahalli, Arjunahalli and Channasandra as his gomal lands are far away from his village and border upon Arkavati river and that the raiyats therefore find it convenient to take their cattle to Munceswarabetta and requests that this right may be conceded	.....	At this village is not affected by the reservation of this block, its case does not deserve any consideration	...	..	The raiyats of the Hukkunda village have set up a claim to free grazing in the lands of Munceswarabetta. But the evidence adduced by them does not substantiate it. They are allowed to graze their cattle in Munceswarabetta while the raiyats of the villages whose lands are included in the Munceswarabetta, being allowed to graze their cattle in the lands of Hukkunda. Such a reciprocity of the exercise of the privilege in question in Government lands under a sort of private agreement, cannot be considered as evidence in favour of the raiyats of Hukkunda. I therefore reject the claim. C. VENKATA RAO, Forest Settlement Officer. 30th August 1913. Survey Nos. 1, 2, 3, 4, 5, 6, 7, 18 and 14 of Hanasinathe will be treated as an enclosure with a margin of 5 chains on 3 sides. C. VENKATA RAO, Forest Settlement Officer. 6th November 1913.	.....	This is excluded.

C. VENKATA RAO.

No. R. 6236-9—Ft. 68-16-4, dated 18th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Notification No. R. 4305—Ft. 61-09-2, dated 21st December 1909, declaring, under Section 4 of the Forest Regulation, that it is proposed to constitute certain lands in the Nagar Taluk, as a State Forest under the name of Bisi block.

2. Letter No. A. C. 820*, dated 21st September 1916, from the Revenue Commissioner in Mysore, forwarding letter No. 61 *, dated 15th November 1914, from the Forest Settlement Officer, reporting on the conclusion of the settlement of the block, and stating that as the enclosure in the south touches the block on only one side, it would be advisable to exclude it altogether from the block by revising the boundary.

*(Printed as accompaniments with enclosures.)

3. Correspondence ending with letter No. 4806, dated 17th November 1916 from the Conservator of Forests in Mysore, stating that if the Revenue Commissioner's suggestion is adopted, four survey numbers of the aggregate extent of 307 acres and 16 guntas, which are now included in the block will also have to be thrown out reducing the extent of the forest to 461 acres which will be less than one square mile, the minimum area of a State Forest and that therefore the settlement effected by the Forest Settlement Officer may stand.

Order No. R. 6236-9—Ft. 68-16-4, dated 18th December 1916.

The Conservator's opinion is accepted and the settlement effected by the Forest Settlement Officer, approved. The Notification under Section 17 of the Forest Regulation declaring the block a State Forest, with effect from 1st February 1917, will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to promulgate the boundaries of the forest in the localities in which the forest is situated.

L. KRISHNA RAO.
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Deputy Commissioner, Shimoga District, with map and Registers B and C.
The Superintendent, Revenue Survey and Settlement in Mysore.
PRESS TABLE.

Exd.—C. R.

No. R. 6236-9—Ft. 68-16-4, dated 18th December 1916.

NOTIFICATION.

No. R. 6240—Ft. 68-16-5, dated 18th December 1916.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st February 1917, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

District	Taluk	Hobli	Villages	Approximate area	Name of block
Shimoga	Nagar	Nagar	Brahmanvada Bisi Malali	1·20 square miles	Bisi

Boundaries.

North.—Starting from a point on the halla in survey No. 42 of Brahmanvada, about 17 chains north-east from the northernmost corner of survey No. 52 of the same village, the line runs north-east through the said survey No. 42 along the said halla for about 22 chains to the junction of two hallas, then in the same direction through the said survey No. 42 for about 34 chains to a point on the ridge about 18 chains south-east from the south-west corner of survey No. 44 of the same village, then east in a straight line through the said survey No. 42 for about 28 chains to a point about 5 chains south from the south-east corner of survey No. 1, then north-east through the said survey No. 42 for about 11 chains till it meets the west side of survey No. 20 at a point about 9 chains south from the south-west corner of survey No. 9, then north-east through the said survey No 20 for about 22 chains to a point on the ridge about 12 chains south-east from the south-east corner of survey No 9; then in the same direction through the said survey No. 20 in a straight line for about 39 chains meeting the southern boundary of Aremanekoppa at a point about 10 chains north-east from the north-east corner of survey No. 75, then south-east along the southern boundary of the said Aremanekoppa for about 23 chains to the trijunction bandhs of Aremanekoppa, Brahmantorve and Brahmanvada villages, then south-east along the southern boundary of the Brahmantorve village for about 17 chains to the trijunction of Brahmantorve, Brahmanvada and Bisi villages.

East.—Thence south-west through survey No. 20 of Brahmanvada for about 29 chains to a point about 13 chains north from the north-east corner of survey No. 21, then south-west for about 46 chains through survey No. 20 to its south-west corner, then south-west in a straight line through survey No. 34 for about 68 chains meeting its west side at a point about 33 chains west from the south-west corner of survey No. 41, then south-east along the said west side of survey No. 34 for about 40 chains to the northernmost corner of survey No. 84 of Bisi, then south-west along its west side to its south-west corner, then south and south-west along the west side of survey No. 3 for about 41 chains to a point about 13 chains west from the south-west corner of survey No. 111, then south-west through survey No 87 for about 13 chains to a point about 5 chains west from the westernmost corner of survey No. 1; then south-east through survey No. 87 for 7 chains to a point about 5 chains west from the south-west corner of survey No. 1; then south along the west side of survey No. 3 for about 21 chains to its south-west corner, then south through survey No. 45 of Malali for about 13 chains to the north-east corner of survey 71 of the same village, then along its east side to its south-east corner.

South.—Thence north-west along the south side of survey No. 71 of Malali to its south-west corner, then south-west for about 15 chains through the said survey No. 45 to a point about 11 chains south-west from the north-west corner of survey No. 61 of Malali, then south-west and north-west along the south side of survey No. 70 of Brahmanvada for about 63 chains to its south-west corner.

West.—Thence north-east along the south side of survey No. 69 of Brahmanvada to its south-east corner, then north through survey No. 106 of Bisi for about 44 chains to the south-east corner of survey No. 108 of the same village, then north-west along the east side of the said survey No. 108 for about 11 chains till it meets a halla at a point about 12 chains north-east from the north-east corner of survey No. 109, then north-east along the said halla in survey No. 107 of Bisi for 36 chains, then north-west through the said survey No. 107 for about 10 chains to a point on its north side about 7 chains south-east from the southernmost corner of survey No. 52 of Brahmanvada, then north-east through survey No. 42 for about 17 chains to the starting point.

Remarks.

The following rights of way are admitted in the block throughout the year:—

(1) *Cart-track.*—From Boppinamane to Nagar, 15 feet wide and about 18 chains long, open for men, cattle and carts. It enters the forest in its northern boundary at a point about 9 chains south-east from the south-east corner of survey No. 9 of Brahmanvada, runs south-east through survey No. 20 of the said village, and quits the forest in its eastern boundary at a point about 6 chains north from the north-west corner of survey No. 21 of Brahmanvada.

(2) *Foot-path.*—From Samagodu to Yebbagodu, 6 feet wide and about 10 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 6 chains south-east from the south-east corner of survey No. 9 of Brahmanvada, goes south-east through survey No. 20 of the same village and quits the forest in its eastern boundary at a point about 5 chains north-west from the north-west corner of survey No. 24 of the said village.

No. R. 6236-9—Ft. 68-16-1, dated 18th December 1916.

(3) *Foot-path.*—From Aravatige to Moorneerhalla, 6 feet wide and about 20 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 8 chains south-west from the south-west corner of survey No. 20 of Brahmanvada, runs north-west through survey Nos. 34 and 42 of the same village, and quits the forest in its northern boundary at a point about 8 chains south-west from the south-west corner of survey No. 1 of the said village.

(4) *Foot-path.*—From Watagode to Muthur, Kurnimakki, Kundgal, Nerlemane, Bilginmane and on to Kesermane and Bisi, 6 feet wide and about 32 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 6 chains west from the north-west corner of survey No. 71 of Brahmanvada, and quits the forest crossing the demarcation line; then again it enters the forest in its northern boundary at a point about 14 chains south from the south-west corner of survey No. 44 of Brahmanvada, runs south and south-east through survey Nos. 42 and 34 and quits the forest in its eastern boundary at a point about 9 chains west from the north-west corner of survey No. 41 of Brahmanvada.

(5) *Foot-path.*—From Bilginmane to Watagode *via* Sulagode, 6 feet wide and about 19 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 25 chains south-west from the south-west corner of survey No. 41 of Brahmanvada, runs south-west through Survey No. 88 of Bisi, and reaches the Sulagode enclosure.

(6) *Foot-path.*—From Banglegadde to Chinnakodage *via* Sulagode, 6 feet wide and about 26 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 3 chains south-west from the northernmost corner of Survey No. 84 of Bisi, runs south-west through survey No. 88 of the said village and reaches the Sulagode enclosure, and again it crosses the demarcation line at a point about 4 chains north-west from the south-east corner of Survey No. 108 of Bisi, and reaches the Chinnakodage hamlet.

(7) *Foot path.*—From Sampekode to Watagode, 6 feet wide and about 29 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 5 chains south from the northernmost corner of survey No. 92 of Malali, runs west through survey No. 45 of the said village and reaches the Watagode enclosure.

(8) *Foot-path.*—From Bisi to Brahmantorve, 6 feet wide and about 5 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 4 chains west from the north-west corner of survey No. 81 of Bisi, runs north through survey No. 20 of Brahmanvada and quits the forest in its northern boundary at a point about 6 chains north-west from the north-west corner of the said survey No. 81.

B. I. The following concessions are admitted in the block:—

The hamlet of Sulagode and its bagayet and wet lands in the Bisi village, that of Watagode and its lands in the Brahmanvada village, together with survey Nos. 60 and 61 of Malali will be clubbed together and formed into an enclosure having the following boundary:—

Starting from a point on the north side of survey No. 107 of Bisi, about 7 chains south-east from the southernmost corner of survey No. 52 of Brahmanvada, the line runs east along the said north side of survey No. 107 for about 25 chains to its north-east corner, then south east and south-west along its east side for about 17 chains, then south-east through Survey No. 83 of Bisi for about 64 chains to the north-east corner of survey No. 84 of the same village, then south-west along its east side for about 70 chains to its south-east corner, then south-east along the north side of survey No. 70 of Brahmanvada for about 48 chains to its north-east corner, then west and south-west along its east side for about 33 chains to a point about 5 chains north-east from the north-east corner of survey No. 60 of Malali, then south through Survey No. 45 of the same village for about 18 chains to the south-west corner of Survey No. 71, then along the demarcation line up to the north-east corner of Survey No. 69 of Brahmanvada, then north-east along the south side of survey No. 106 for about 23 chains to its south-east corner, then north-west along its east side to its north-east corner, then along the demarcation line to the starting point.

(ii) The raiyats of Brahmanvada, (cattle 456), Bisi (cattle 450) and Malali (cattle 575) are permitted to graze cattle noted against each village, free in the Reserve, during the prescribed season.

By Order,

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

Letter No. A. C. 820, dated Bangalore, 21st September 1916, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith the marginally noted papers relating to the conclusion of the settlement of the Bisi Block in the Nagar Taluk, received with correspondence ending with letter No. H. C. 34, dated 6th July 1916, from the Deputy Commissioner, Shimoga District.

1. Forest Settlement Officer's letter No. 61, dated 15th November 1914.
2. 'B' Register.
3. 'C' Do
4. Boundary Notification.
5. One sketch and a topo tracing.

2. The block in question is situated at a distance of about three miles to the west of Nagar town and to the east of the Kilandur Block. According to the settlement it measures 769 acres, 16 guntas, or about 1·20 square miles containing several lands taken from the villages of Brahmanvada, Bisi and Malali.

No. R. 6236-9—Ft. 68-16-4, dated 18th December 1916.

3. Ten claims were preferred by the villagers concerned and all but one of a miscellaneous character were admitted by the Settlement Officer. There was no appeal against his decision and the Deputy Commissioner has not recorded any objection to the issue of the final notification.

It is observed, however, that the enclosure in the south touches the block on only one side and is as big as the block itself. It will therefore be advisable to exclude it altogether from the block by revising the boundary.

If Government agree with this suggestion a revised notification will be called for from the Deputy Commissioner.

From C. Venkata Rao, Esq., B.A., Forest Settlement Officer, now Vice-President, dated Bangalore 20th December 1914, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the Bisi Block in the Nagar Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest appeared on pages 582, 583 and 584 of the English issue of the *Mysore Gazette*, Part I, dated the 23rd December 1909, and the proclamation under Section 5 of the said Regulation was published on pages 65, 66, 67 and 68 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 3rd February 1910.

The proclamatory notices were got served on the villagers concerned through the Amildar of the Nagar Taluk.

3. The locality was inspected and perambulated by me in company with the Range Officer of the Nagar Range on the 21st and 22nd February 1911. As the tract forms a portion of the ghats, the forest is ever-green and consists mostly of the kan species of trees with a very thin sprinkling of the more valuable species; and therefore liberal provision has been made for meeting the requirements of the agricultural population in its neighbourhood, by excluding a large extent of lands out of the proposed area.

4. The undermentioned ten claims were preferred to me during the enquiry:—

(i) One claim to right of free-grazing.

(ii) Four claims to right of way.

(iii) Two claims to patta right.

and (iv) Three claims to miscellaneous rights.

All the claims in (i), (ii) and (iii) were admitted. Of the three claims in (iv) two were admitted and one rejected.

5. The Deputy Commissioner has intimated in his docket No. 1663, dated 28th August 1914, that no appeals have been preferred to him against my settlement decision.

6. The following records are herewith submitted:—

1. "B" Register.
2. "C" Register.
3. Sketch map.
4. Boundary notification.
5. Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Bisi State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1		3	4	5	6	7	8	9
1	Thimmappa, patel of Bisi.	19th Feb. 14	Represents that the preliminary demarcation line runs at the doors of the hamlets of Bangalaygadde, Attikodagi and a portion of Bisi, that the hamlets of Sulagode now falls in the centre of the reserve, and that survey No. 81 has already been included in the Devaganga Block, thus depriving the raiyats of their grazing lands and jungle on which they depend for soppu, etc. Prays therefore that no lands may be included in the Reserve.	.....	Sufficient land may be excluded from the Reserve, for exercising rights.	In the Bisi village, portion of survey No. 81 which has already been included in the adjoining Devaganga block, has been by mistake proposed to be included in the Reserve in question. I therefore direct that the preliminary demarcation line so far as it relates to the above survey number be cancelled. As the remaining portion thereof runs crookedly at the edge of the hamlets of Bangalaygadde, Bisi and Attikodagi, enclosing within it the jungle intended for supplying soppu, etc., to the raiyats, I would shift it so as to remove the inconvenience caused thereby. I accordingly direct that it be transferred from a point on the north side of survey No 19 to the north-west corner of survey No. 83, and then along the west side of survey No. 81 to its south-west corner, then south east and south-west along the west side of survey No 3 for 11 chains to a point about 5 chains north-west from the north-west corner of survey No. 1, then south-west for about 13 chains through survey No 87 to a point about 5 chains west from the westernmost corner of survey No. 1, then south-west for 7 chains through survey No. 87 to a point about 5 chains west from the south-west corner of survey No. 1; and then south for 21 chains along the west side of survey No 3 to its south west corner. The western boundary of the Reserve takes a meandering course touching the edge of several cultivated lands of Muthur (hamlet of Brahmanvada), and it therefore requires shifting. I accordingly direct that it be shifted from the north-west corner of survey No. 107 to a point on its north side about 35 chains east therefrom, and taken south-east for about 10 chains as far as a small halla in the said survey number, then south-west along the said halla known as Gundihalla for about 36 chains to meet the east side of survey No. 108 at		

No. R. 6236-9—FT. 68-16-4, DATED 18TH DECEMBER 1916.

2	Anniah Naik, holder of Kan survey No. 107 of Bisi.	19th Feb, 1914	States that he is in the enjoyment of 44 acres in survey No. 107 which is included in the Reserve, that this portion is not separately defined and demarcated, that he is not willing to surrender it to the Government and receive compensation. Begs therefore that the said portion may be treated as an enclosure in the block.	Supported by village accounts.	As the portion enjoyed by Anniah Naik is not defined, the same may be acquired by paying him suitable compensation.			a point about 7 chains north-east from the north-east corner of survey No. 109, then south-east for about 11 chains along the east side of the said survey No. 108 to its south-east corner; and then south through survey No. 106, for about 44 chains to its southernmost corner. C. VENKATA RAO, Forest Settlement Officer. 2nd February 1914.
3	Thimmappa, patel of Bisi.	19th Feb 1914	Requests that survey No. 111 which is in his holding and survey No. 4 in the holding of Thimma may be excluded from the Reserve.	.....	May be excluded	...	...	Claim to patta right to the extent of 44 acres of Kan survey No. 107 is set up by one Anniah Naik, and it is supported by the village accounts. I admit the said claim and direct that the portion in his enjoyment be treated as an enclosure. C. VENKATA RAO, Forest Settlement Officer. 22nd February 1914. The whole of the hamlet of Sulagode and its bagayat and wet lands fall within the Reserve. It is very necessary that a portion of the jungle adjoining them has to be assigned for meeting the requirements of the cultivators. I therefore direct that an enclosure be formed including the private kan referred to above, having the following boundary — Starting from a point on the north side of survey No. 107 which is also the point where the demarcation line of the reserve begins, the line will be taken along the latter as far as the south-east corner of survey No. 108, then south east along the east side of survey No. 106 to its south-east corner, then along the south side of survey No. 88 to its south-east corner, then north-east along its east side to the south-west corner of survey No 84, then north-west through survey No. 88 for about 61 chains to a point on its west side about 15 chains south-west from the north-east corner of survey No. 107, then north-east and north-west along the east side of survey No. 107 to its north east corner, *and then almost* west along its north side for about 25 chains to the starting point. C. VENKATA RAO, Forest Settlement Officer. 22nd February 1914. Owing to the alteration of the boundary line, survey Nos. 111 and 4 which are occupied lands will fall outside the Reserve. C. VENKATA RAO, Forest Settlement Officer. 22nd February 1914.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Bisi State Forest—*contd.*

VENKATA RAO, Forest Settlement Officer, 22nd February 1914.	.....	...
6	Thimmappa, patel of Malali.	19th Feb. 1914.	States that the asli village and the hamlets of Attikodagi, Hungabail, Dandusilay and Sampakodu depend for Soppu, fuel, pasturage, etc., on survey No. 28 which is proposed, to be included in the Reserve, that survey Nos. 92 and 45 are similarly made use of by the raiyats of Herakattu and other hamlets and that on his application an extent of 3 acres close to survey No. 61 have been phodded and the sub-division has not yet been sanctioned, Prays therefore that those portions may be excluded from the Reserve.	.....	These survey numbers may be excluded for the use of the raiyats.	The preliminary demarcation line in the Malali village runs adjacent to the hamlets of Attikodagi, (2) Hungavball, (3) Dandusilay and (4) Sampakodu, depriving them of a very large portion of the grazing lands and jungle in their vicinity. Besides, the boundary line of the proposed Kilandur Reserve includes within it no less than 2,424 acres of gomal belonging to this village. In these circumstances, there is no alternative but to modify the line as follows:— The line will be shifted from the north-east corner of survey No. 28 to its north-west corner and taken south through survey No. 45 for about 23 chains to the north-east corner of survey No. 71, then along its east and south sides to its south-west corner, then west for about 14 chains through the said survey No. 45 to the north-east corner of	.....	...

No. R. 6236-9—Ft. 68-16-1, dated 18th December 1916.

					survey No. 48. By this modification sarvey Nos 42 29 and parts of survey Nos 43 will be excluded and is granted for by the reserve as also survey Nos 39 and 44 proposed to be included as enclosure. Survey Nos 60 and 61 will be treated as reserves with subsidiary notation as shown in the sketch. Access to them will be by means of foot path leading from Sampakodu (hamlet of Mahili) to Watagodi (hamlet of Bhimanwadi), which will also be admitted	
7	Ramnappa, patel of Malali	19th Feb 1914	Requests that a right of way to the foot path leading from Malali to Hallarkhi via Sampakodu may be admitted		Leave to be granted	Right of way to the foot path leading from Malali to Hallarkhi via Sampakodu will be admitted for ordinary cattle throughout the year. Width to be 6 feet. But, traffic outside the width bounded by C. VENKATA RAO Forest Settlement Officer 22nd January 1914
8	Venkappa, patel of Bhimanwadi	19th Feb 1914	States that the hamlets of Yekkagodu Kasanagere, Aravattige, Kasanagere and Balgumane are being surrounded on 3 sides by the Bisi Reserve, that the ravines therein have been reserving the right to remove soppu for leaf manure in survey No 44 which is treated as gomal in the village accounts, for their biggest lands that the ryots of the hamlets of Mavinakatti, Sunnagodu and adjacent are similarly exercising the above right in survey No 20 which is also assigned as gomal and as portion of survey No 42 that the ryots of Watagodu hamlet have been obtaining soppu for their bagayat lands from survey No 70 which is also treated as gomal and untied for soppu. They therefore that the said survey numbers may be kindly excluded from the Reserve. The line may be shifted further wherever it touches the edge of cultivation	A portion of survey No 48 may be excluded from the Reserve on condition the right of removing soppu etc	The portion of the reclamation demarcation line, proceeding the hamlets of Kasanagere, Bisenahalli, Aravattige and Yekkagodu and bounding them from the said village requires shifting with a view to provide sufficient extent of land to their neighbourhood for meeting the requirements of the ryots belonging them. The line direct that the said boundary formed from a point on the south side of survey No 44 about 4 chains south-east from the south-west corner of survey No 7, to a point on the said south side about 17 chains south-west from the south-west corner of survey No 71 and taken north-west along the south side of survey No 31 for 10 chains to a point about 20 chains south-east from the south-west corner of survey No 31 thence north-west along the south side of survey No 31 for about 25 chains to the south-east corner of survey No 12 then in the same direction for 46 chains through survey No 20 to a point about 8 chains north from the north-west corner of survey No 21 thence east for 29 chains through survey No 20 to the junction of the reclamation demarcation line and Bisi village and then north-west along the north side of survey No 20 to a point about 9 chains north-east from the north-west corner of survey No 71

B.—**Register of claims to lands, rights to forest produce or easements in the proposed Bisi State Forest** —*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
	.....	.....		.. ...	Survey No. 70 is treated as an enclosure for exercising the right of removing soppu, etc. A bit of land about a furlong round the fields may be left.	The northern boundary line of the Bisi Reserve runs close to the hamlets of Gajanur, Samagode, Moorneerhalla, Nerlemane, Kundagal and Kurmimakki, similarly depriving them of their grazing lands and soppinbettas. It will accordingly be shifted to a point about 5 chains east and taken south-west through survey No. 20 for about 39 chains meeting a ridge at a point about 12 chains south-east from the south-east corner of survey No 9, then in the same direction through survey Nos. 20 and 42 for about 33 chains to a point about 5 chains south from the south-east corner of survey No. 1, then west through survey No. 42 for 28 chains to a point on a ridge about 17 chains south-east from the easternmost corner of survey 41, then south-west through survey No. 42 for about 34 chains to meet a balla at a point about 14 chains south from the southernmost most corner of survey No 43, then south-west along the said balla through Survey No. 42 for about 22 chains to a point about 17 chains north-east from the northernmost corner of survey No. 52 and then south-west for about 17 chains through survey No. 42 meeting its south side at a point about 7 chains south-east from the southernmost corner of survey No. 52.	.. .	
					This may be done			
		.....	.....	.....	.....	The hamlet of Watagode with its cultivated lands will be treated as an enclosure, having a sufficient margin containg jungle, to meet the requirements of the raiyats. Its boundary will be the boundary of survey No. 70.	. ...	
						C. VENKATA RAO, Forest Settlement Officer. 22nd February 1914.		

9	Venkappa, patel of Brahmanvada.	19th Feb. 1914.	Requests that right of way to the following pathways may be admitted :— (1) cart-track from Boppinmane to Nagar, (2) foot-path from Somagode to Yebbagode, (3) foot-path from Watagode to— (i) Muthur (ii) Karanimakki (iii) Kundagal (iv) Nerlemane (v) Biliginmane (vi) Kesarmane and (vii) Bisai, (4) foot-path from Bilginmane to Watagode, *viâ* Sulagode, (5) foot-path from Aravattige, to Moorneerhalla.	.....	May be admitted	Right of way to the following pathways will be admitted in the Block throughout the year :— (1) cart-track (15 feet wide) from Boppinmane to Nagar for men cattle, and carts, (2) foot-path (6 feet wide) from Somagode to Yebbagode, (3) foot-path (6 feet wide) from Watagode to Muthur, (2) Karnimakki, (3) Kundagal, (4) Nerlemane (5) Biliginmane, (6) Kesarmane, (7) Bisi, for men and cattle. C. VENKATA RAO, Forest Settlement Officer. 22nd February 1914.	... ...
	.....	.....	.....	... ...	... ...	Right of way to the foot-path (6 feet wide) from Bilginmane to Watagode *viâ* Sulagode and to that leading from Aravattige to Moorneerhalla will be admitted for men and cattle throughout the year. C. VENKATA RAO, Forest Settlement Officer. 22nd February 1914	... ...
10	Ascertained by the Forest Settlement Officer.	19th Feb 1914.	Requests that as the growth of grass is scanty under the leafy canopy in these malnad parts free grazing may be conceded to the raiyats of the three villages affected by the reservation of the Bisi Block.	.....	Do ...	Evidently on account of the pasturage being very poor in the ever green ghat forests the raiyats of these villages are exempted from payment of hulbanni fees As a large portion of their gomal lands are included in the Reserve, I concede to the raiyats of Malali, Bisi and Brahmanvada the right to graze their (cattle 575) (cattle 160), (cattle 156) free in the Reserve during the prescribed season. C VENKATA RAO, Forest Settlement Officer. 22nd February 1914.	.....

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Clause (*e*) of Appendix B B B B of the Civil Account Code, Vol I, and Article 244 of the Mysore District Treasury Manual

Order No. Fl. 2809-58—G. F. 126-16-2, dated 8th December 1916.

The Government are pleased to delegate the following powers to Heads of Departments in regard to the purchase of books required for their offices and for offices subordinate to them.

2. Books which are required to be purchased may, broadly, be classified under the following three heads:—

(*a*) Ordinary books of reference required by all offices.

(*b*) Books of reference relating to the special work of particular departments.

(*c*) Books for departmental libraries and for granting prizes.

Books coming under class (*a*) will be defined by Government from time to time and the Heads of offices will be authorized to buy them subject to such restrictions about the number and value, etc., as the Heads of Departments concerned may consider necessary to impose. Some of the books which come under this head are noted in the margin and additions to this list will be made as the need therefor is felt. The Heads of Departments will define which of these books are necessary for the offices subordinate to them. The cost of purchase of such books will be treated as an ordinary item of contingencies and admitted in audit if passed by the countersigning authority.

(1) Civil Account Code, Vol I
(2) Railway, Telegraph and Postal Guides
(3) Dictionary
(4) Diary for office use (but not for the personal use of the officers).

3. As regards books coming under classes (*b*) and (*c*), the power to purchase them, whether for their own offices or for offices subordinate to them, is delegated to Heads of Departments subject to the condition that the purchases should be strictly limited to the specific allotments made for these purposes in the annual budgets as sanctioned by Government and that no reappropriations within their powers are made without sanction of Government to augment the grants for these purposes. As for the particular books that can be bought as coming under classes (*b*) and (*c*), the selection will be left to the Heads of Departments: and the audit office will be authorized to admit all purchases sanctioned by Heads of Departments. The Audit Office should, however, bring to the notice of Government purchases which in its opinion do not fall under these heads.

4. Each office or institution in which the number of volumes is over 200, is directed to keep a catalogue of books and bring it up to date by the periodical issue of correction slips, copies thereof being furnished to Government.

5. This Order does not affect the instructions issued in Government Order No. J. 4253-300—Legis. 6-12-57, dated 2nd May 1916, regarding the issue of official publications free of cost in certain cases.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 10211—Budget 176, dated the 29th June 1916, from the Comptroller to Government, submitting the **Appropriation Report** on the accounts of the Government of His Highness the Maharaja for the year 1914-15.

Order No. Fl. 2874-923—G. F. 221-15-2, dated 9th December 1916.

The report, which was due in the Secretariat by the 15th May 1916, was published by the Comptroller as a supplement to the *Mysore Gazette* issued on the 29th June 1916 and submitted to Government at the same time. The delay is explained to be due partly to pressure of work in connection with the budget and partly to dislocation of work in the office caused by the inadequacy of the staff. The Comptroller hopes to be able to make better arrangements for the work in future with the facilities which he expects from Government on his representations as regards his office staff. The adequacy of the Comptroller's establishments is under examination by the Special Officer.

2. *General Review.*—The revenue and receipts realised in the year 1914-15 stood at Rs. 2,82,28,761 and were Rs. 2,80 239 less than the budget estimates due to some large and important fluctuations both in the direction of excess over and falling off from budget. The total expenditure during the year including that on capital works not charged to revenue was Rs. 3 81 83 077 and was more than the budget grant by Rs. 23,20,077.

3. The following two general points are raised by the Comptroller in his letter:—

(1) Omission of the elaborate comparison between the budget figures and actuals.

(2) Fuller discussion in the report of matters of practical importance to the Finance Department such as objectionable expenditure, financial irregularities, changes in financial rules and procedure, progress of the Department of Finance, Audit and Accounts, and the change of the title of the report to "Audit and Appropriation Report."

Regarding item (1), Government consider it necessary to continue the present method of comparison between budget and actuals as even with such comparison the report will not be very bulky and a review of the actual figures is desirable.

As regards item (2) the course suggested by the Comptroller may be followed and the title altered as proposed.

4. *Appropriation Audit.*—It is feared that the Comptroller has left out of account the additional grants to some departments sanctioned out of grants surrendered to Government about the end of the year in Government Order No. Fl. 7717—G. F. 169-14-31, dated 29th June 1915 and No. Fl. 7736–G. F. 169-14 32, dated 30th June 1915. With this observation, the admission of excesses in audit is authorized.

5. *Amount under Objection.*—It is very unsatisfactory that the total of the items awaiting clearance referred to in para 27 of the Report should have been allowed to go up from 23,582 to 70,223 during the year. The increases are very heavy in the Bangalore, Mysore and Tumkur Districts. The Deputy Commissioners of these Districts should, in consultation with the departmental officers

concerned (where necessary) take active steps for the adjustment of these items and submit to Government through the Comptroller quarterly statements showing the progress effected in the matter.

In para 32 of the report the Comptroller refers to the objections raised in the sections of his office, other than the Treasury Accounts Department. The Comptroller is requested to analyse and review them in the same manner as the items of the Treasury Accounts Department in future reports. All officers should co-operate with the Comptroller in speedily adjusting the items outstanding.

The attention of the Public Works and Railway Departments is drawn to paras 35 to 37 of the report and they are requested to take needful steps as regards the adjustment of objectionable items.

6. *Financial Irregularities.*—The attention of all officers is drawn to the irregularities pointed out in paras 35 to 37 of the Report. Such irregularities should be avoided in future.

Paragraphs 7 to 15 of Government Order No. Fl. 2760-809—G. F. 214-10-88, dated 23rd December 1913, prescribing rules for adopting the tender system by the purchasing officers of Government.

Order No. Fl. 3007-55—G. F. 10-16-63, dated 13th December 1916.

The Heads of Departments and officers are requested to pay particular attention to the fact that in calling for and accepting tenders the place of delivery of the articles is an important factor. Delivery at the office at which the articles are required for use or distribution should be required wherever possible and the rates compared on that basis. But if it is not possible or advantageous to insist on delivery at the office then all the transit and other incidental charges should be added to the respective rates to make the comparison fair to all tenderers.

The Government Orders noted below about the preparation of the budget estimates :—

(1) No. Fl. 1150-1192—G. F. 18-01-02, dated 7th February 1903.

(2) No. Fl. 3816-60—G. F. 59-12-2, dated 15th January 1913.

Order No. Fl. 3396-444—G. F. 107-16-1, dated 19th December 1916.

As it has been decided to hold a Second Session of the Dasara Representative Assembly during the last week of April to discuss the budget estimates of the ensuing year, it has become necessary to reconsider the orders read above according to which the budget would be ready by about the middle of June. Mr. Datta who was consulted in the matter has suggested an entirely new procedure—outlined in the appendix to this order—for getting the estimates ready by the middle of April. He expects that the suggested procedure will give more time for the departmental officers to frame their estimates, will reduce work in the Secretariat, render the estimates more accurate and enable the Government to concentrate attention on the broad features of the budget and the general Financial policy of the year. The Comptroller who under the proposed system will be mainly responsible for the timely and correct preparation of estimates does not anticipate any difficulties in adopting the suggested procedure for preparing the budgets of 1917-18 onwards.

Government are accordingly pleased to sanction in supersession of previous orders on the subject the procedure suggested by Mr. Datta which will come into force at once. All officers concerned will carefully study the scheme outlined by him and conform to it strictly taking particular care to see that the dates prescribed for the several items of work for which they are responsible are adhered to. Departmental officers should co-operate with the Comptroller in coming to a settlement regarding the provisions to be made in the estimates and by furnishing him without delay with any information he may require regarding the estimates of their Departments.

APPENDIX.

* * * *

5. Under the present procedure, departmental officers are required to prepare their estimates and these are examined in very great detail by the Comptroller and are then submitted to Government for consideration and final orders. The following steps should be taken to reduce the amount of work involved in the preparation and examination of the estimates, in the departmental offices, in the Comptroller's office and in the Secretariat.

(*a*) The amount of detail in which the estimates and accounts are prepared at present should be substantially reduced. I have prepared a note on this subject and will send copies of it to-morrow.

(*b*) The process of preparation of the estimates in departmental offices and in the Comptroller's Office should proceed simultaneously: and instead of departmental officers submitting detailed estimates to the Comptroller, the Comptroller should send estimates prepared by himself to departmental officers for examination and comparison with those prepared by themselves, except in the case of a few selected heads of revenue, the estimates under which should be submitted by Heads of Departments to the Comptroller before-hand. This will considerably reduce the time now taken by the Comptroller in examining, preparing and consolidating the estimates.

(*c*) Taking first the Civil Department, the Comptroller will always be able to prepare estimates of revenue with reference to the actuals of past years, the progress of the receipt of revenue in the current year and the circumstances of the next year, so far as they may be known to him. In regard to the principal and important heads of revenue, the departmental officers will send him detailed estimates in advance. The estimates of expenditure consist of (i) fixed charges, such as salaries and allowances of Gazetted officers as well as establishment, and (ii) fluctuating charges, such as travelling allowances, supplies and services and contingencies. So far as fixed charges are concerned, the Comptroller has every means of framing an estimate of the charges already sanctioned. The present practice is to require departmental officers to make the necessary provisions and then to have them checked in detail in the Comptroller's Office with reference to audit registers. This involves a great deal of unnecessary labour. The provision for fixed charges included in the estimates of the current year has already been checked in detail with reference to sanctions noted in audit registers, and a further check of these figures, in order to frame the estimates of the next year, is quite unnecessary. All that is required is that the Comptroller should maintain a special register of all new sanctions not included in the estimates of the current year, of all new increments in progressive salaries accrued during the same and of all appointments abolished and decreases of salary sanctioned in the year. It will be sufficient if, in framing the estimates for the next year, provision is made by the Comptroller for these new sanctions, new increments and decreases, over and above the provision contained in the estimates of the current year, without attempting to check these latter again.

(*d*) As regards fluctuating charges, the Comptroller will be able to prepare fairly reliable estimates with reference to the actuals of past years and the progress of the expenditure in the current year, after making allowance for special circumstances in each of the years.

6. The Comptroller will thus be able to prepare detailed estimates for all Civil Departments with reference to existing sanctions and circumstances. He will not, however, make any provision for new items of expenditure, which should require the sanction of Government.

7. These estimates of fixed and ordinary fluctuating charges should not require any detailed scrutiny in the Secretariat and may very well be left to the Comptroller, to settle finally, in communication with departmental officers as explained below. All that is necessary for the Secretariat to do in connection with these, is to examine them in lump by major heads and in some special cases by minor heads, by means of budget notes in the form used by the Government of India, which gives details by major and minor heads, there being a

separate note for each major head. Budget notes in the same form are even at present prepared by the Comptroller, but no practical use is made of them now, as they are prepared practically after the compilation of the estimates has been finished. It is by means of these budget notes, that the Government of India exercises its control over the estimates of all the Imperial Departments and the Provincial Governments. These notes pass forwards and backwards between the responsible Accountant General and the Finance Department, three times between their commencement and their final finish. They are thus subjected to three revisions with reference to the actuals of 8, 9 and 10 months and in the case of most important heads 11 months also. The Finance Department of the Government of India does not take more than two or three days to pass orders on any of the estimates, however large, *e.g.*, estimates of the Military Department, Public Works Department, estimates of some of the large provincial Governments, like Madras, United Provinces, Bombay, etc., and many of the smaller estimates are passed even in a shorter time. In fact the whole of each of the first two editions is done in about 10 days and the third edition does not occupy more than two or three days altogether.

8. Considering the above, I think the Secretariat here should not take very long in passing orders on the estimates of the different departments of the state.

9. While the Comptroller will be preparing in his own office detailed estimates under all the heads from materials available there and from the estimates of revenue under some special heads furnished by departmental officers, these latter also will be preparing similar estimates in consultation with their subordinates as at present. The Comptroller will forward the estimates prepared by him to the departmental officers giving explanations, where necessary, of the provisions made by him. The Heads of Departments and other officers, on receipt of these estimates, will compare them with those prepared by themselves and will suggest alterations which might appear necessary and give full explanations to justify such alterations and return to the Comptroller his estimates with the proposed alterations and explanations within 10 days after receipt. If they have any new special items of expenditure to provide they will also propose them. These proposals about new special items of expenditure will also be communicated by them direct to Government in the administrative department concerned. The Comptroller will accept or reject such of the alterations as do not require the sanction of Government, in the light of the actuals of the past years and the explanations furnished by departmental officers. For other alterations and new items of expenditure proposed, which require the sanction of the Government, he will tabulate them in a classified form and submit them for the orders of Government. At the same time when he sends his estimates to departmental officers, he will submit two copies of them to Government, one for the consideration of the Finance Department and the other for the consideration of the Administrative Department, the former being accompanied by a Budget note in the form already referred to. The Administrative Departments should be required to submit their remarks on the estimates for their departments, to the Finance Department within a week or ten days at the most after receipt. All the estimates will be completed by the Comptroller in this way by the 1st of March and on the 5th idem he will forward to Government a consolidated estimate in print containing explanations of all unusual items together with a complete set of the Budget notes giving 7 months actuals in every case and a general note reviewing the financial position and bringing out clearly the surplus left after providing for all ordinary expenditure and dealing also with the question of the ways and means of the year. He will include in these estimates all sanctions received in his office up to 1st February.

10. It will then be for Government to return the estimates either accepting them tentatively or directing alterations to be made in them or calling for further explanations and also to decide how the surplus, if any, as shown in the estimates as corrected by themselves is to be utilised. The budget notes with provisional orders should be returned to the Comptroller by Government not later than the 15th of March, while the proposals sanctioned for utilising the surplus if any, should be communicated to him by the 25th March.

No. FL. 3396-444—G. F. 107-16-1, DATED 19TH DECEMBER 1916.

11. The detailed estimates may be sanctioned by the Financial Member in consultation with the member in charge of the Administrative Department and need not be either considered in Council or submitted to His Highness. Only the General Financial review and the proposals for utilising the surplus if any, need be considered in Council and submitted to His Highness for sanction. These proposals after they have been finally sanctioned by His Highness should be communicated to the Comptroller by the 25th March for incorporation in the estimates.

12. The Departmental officers should be required to return the estimates to the Comptroller not later than the 12th March. If any are not returned, by that date, the Comptroller will assume that the Departmental officer has no alterations to suggest and will assume that the estimates are finally accepted by him. The Departmental officers and the Comptroller will thus be jointly responsible for the estimates as at present, and it should be explained to Departmental officers, that the alterations now made in the procedure are not intended to reducetheir responsibility in any way.

13. The Comptroller will have also received by the 15th March the orders of Government on all the estimates submitted by him. He will then revise the estimates in accordance with those orders as also include the alterations suggested by Departmental officers which he is prepared to accept. He will mention these alterations specifically in his budget notes, giving the required explanations, so as to enable Government to make out easily what the alterations are and why they have been proposed. He will also mention the new charges which may have been proposed by Departmental officers and will also give in the budget notes the actuals for eight months. The estimates and budget notes thus completed after incorporation of the Government orders about new proposals, will be returned by the Comptroller to the Secretariat on the 28th March together with a further financial review. These will be considered by Government and final provisional orders will be communicated to the Comptroller on the 5th April. The Comptroller will carry out the necessary corrections in his estimates in accordance with the final Government Orders and return them to Government on the 10th April. He will at the same time make any necessary important corrections in the revised estimates under the important heads in the light of the actuals for nine months which he should arrange to collect by then The Secretariat should then be able to issue the Financial Statement as well as the estimates on the 12th April.

14. The estimates of the Public Works Department, Railways, Cauvery Power Scheme etc., will require a slight different treatment. Here also the Comptroller will prepare estimates for all Public Works heads under repairs, establishment and tools and plant and forward them to the Chief Engineer concerned by the 15th February at the latest. It will not however be convenient for the Comptroller to prepare estimates under "Original Works." These will be prepared by the Chief Engineer from estimates received by him from Divisional Officers between the 4th and 15th of February. He will then, with the help of these and the estimates received from the Comptroller, prepare his consolidated estimates and send them to the Comptroller not later than the 22nd February. The estimates should be in full detail and as regards original works should show works in progress or already sanctioned, separately from those which have not received sanction till then. Any alterations made by him in the Comptroller's estimates should also be clearly explained.

15. The Comptroller will examine the estimates received by him from the Chief Engineer and make any alterations which he considers necessary and incorporate them in his consolidated estimates and budget notes, bringing the alterations made by him in the Chief Engineer's estimates as well as the unsanctioned items provided by the Chief Engineer, prominently to notice in the budget notes It will be for Government to decide which of the unsanctioned items are to be included in the estimates.

16. After the Budget has been presented to the Representative Assembly and discussed by it in April, it will have to be reconsidered with reference to these discussions and in the light of 10 months' actuals.

17. With this object Government will communicate to the Comptroller any alterations decided upon, after the presentation of the Budget Estimates to the Representative Assem-

bly, by the 15th May. The Comptroller will revise the Budget Estimates in accordance with these orders and in the light of 10 months' actuals and send them to Government on the 10th June together with a new edition of his Budget notes and a general review dealing with the changes made since the previous edition of the estimates. Changes in this edition should be restricted to fairly large amounts say Rs. 10,000 or at the least Rs. 5,000 in each case.

18. This is a brief outline of the procedure which I would suggest for adoption in future. If it is accepted, the Calendar will be as follows and as there will be a considerable reduction in the work of the Financial Secretariat, as compared with that done at present, no temporary addition to it should be found necessary.

Submission of detailed estimates under some special heads of Revenue by departmental officers with reference to 7 months' actuals	14th to 20th February.
Completion of departmental Budget Estimates by respective departmental officers	15th to 28th February.
Preparation of above estimates by Comptroller and their transmission to departmental officers and to Government accompanied by Budget notes	20th February to 1st March.
Receipt of Public Works Estimates of Divisional Officers by Chief Engineers	5th to 12th February.
Submission of some portions of Public Works estimates to Chief Engineer and Revenue Commissioner by Comptroller ...	15th February.
Submission of Public Works Estimates by Chief Engineer and Revenue Commissioner to Comptroller	22nd February.
Submission of complete Estimates and Budget notes to Government by Comptroller	5th March.
Submission of general Financial Review and Ways and Means forecast to Government	5th March.
Return of Budget notes with provisional orders by Government ...	15th March.
Provisional orders on general Financial Review	25th March.
Return of Comptroller's estimates by departmental officers with remarks and suggestions	3rd to 12th March.
Submission by Comptroller to Government of a second edition of the Budget Estimates and Budget notes revised with reference to latest orders of Government, the suggestions of departmental officers and actuals of 8 months	28th March.
Return of above by Government to Comptroller with further provisional orders	5th April.
Submission by Comptroller of Budget Estimates and notes finally to Government (final for the 2nd session of the Representative Assembly)	10th April.
Completion of Financial Statement and Budget Estimates by Secretariat	12th April.
Despatch of copies to Members of Representative Assembly ...	12th April.
Issue of orders by Government communicating provisionally sanctioned Estimates to Departmental Officers	1st May.
Communication by departmental officers to the Comptroller of any further alterations in estimates which may appear to them to be necessary	25th May.
Further orders by Government as the result of the discussions in the Representative Assembly and other special circumstances ...	1st June.
Submission of last edition of Budget Estimates, Budget notes and Financial Review by Comptroller to Government ...	10th June.
Final orders of Government on above	20th June.
Completion of everything	25th June.
Issue of final Government orders sanctioning Budget Estimates of each Department	1st July.

19. I should also mention here that it is necessary that very early orders should be passed on the note which I am submitting separately on changes in the classification of the transactions of the State and in the form in which Budget Estimates are to be presented in future. The Comptroller will be the officer mainly responsible in future for the early and correct preparation of the estimates and his work will be greatly facilitated if my proposals regarding classification are accepted. As the work connected with the preparation of the Budget Estimates will be practically concentrated in his office, it is necessary that his work should be simplified as much as possible.

Government Order Fl. 3444-89—G. F. 25-06-1, dated 12th November 1906, directing among other matters that Heads of Departments and Deputy Commissioners of Districts should apply to Government for sanction of any casual leave they may require.

Order No. Fl. 3497-545—G. F. 144-16-1, dated 22nd December 1916.

Government are of opinion that the restriction that the officers referred to should not avail themselves of casual leave required by them before obtaining the previous sanction of Government may be withdrawn. They are therefore pleased to authorise Heads of Departments and Deputy Commissioners of Districts to avail themselves of casual leave admissible to them under the Mysore Service Regulations on their own authority subject to a maximum of five days. Departure and return from leave should be reported on the respective dates.

2. The Senior of the Assistants to such officers at Headquarters will be in charge of current duties during their absence and information as to the arrangements made in this respect should be submitted in their reports.

READ AGAIN—

Government Order No. Fl 7389-437—B 15-14-2, dated the 15th June 1915, directing the starting of a Provident Fund and sanctioning the rules relating thereto.

2. Government Order No. Fl 499-547—B 15-14-4, dated 2nd August 1915 permitting officers in temporary service to subscribe to the State Provident Fund provided they have been employed or are likely to be employed for at least three years

READ—

Note dated 30th September 1916, of Mr K L Datta, Special Officer, suggesting modifications in the rules relating to the Provident Fund so as to simplify work connected therewith.

Order No. Fl. 3579-627—G. F. 146-16-1, dated 23rd December 1916.

Mr. Datta's suggestions based on Government of India rules and practice are briefly as follows:—

(1) To adopt for each year a fixed sum in whole rupees as subscription instead of the present variable rate and to revise existing Rules 6 and 7 suitably.

(2) To exclude subscribers to the Railway Provident Fund from the benefits of this Fund.

(3) To omit details of monthly credits and debits in the statement of accounts furnished to each depositor annually.

(4) To substitute broad sheets one for deposits and another for withdrawals in a suitable form in the place of the ledgers now in use.

(5) To arrange names in the Index Register with reference to the first two letters for facilitating reference.

2. Government accept the above suggestions which tend to reduce work in the Account Office but for the convenience of depositors drawing small salaries of whom there is a considerable number at present they consider that deposits of four annas and of multiples of four annas for sums less than a rupee should be received.

The following additions and alterations in the Provident Fund Rules are accordingly sanctioned:—

(*a*) Insert the following as note 3 to Rule 1. The fund will not be open to subscribers of the State Railway Provident Fund.

(*b*) Substitute the following for Rules 6 and 7.

Rule 6.—The monthly rate of subscription shall be an amount expressed in whole rupees and shall remain fixed throughout the financial year. It may be any sum in whole rupees not less than 6¼ per cent of salary (*i.e.*, one anna in the rupee) and not exceeding 15⅝ per cent (2½ annas in the rupee), the rate of salary for this purpose being that drawn in respect of the 30th June of the financial year preceding. In the case of persons whose pay is not more than Rs. 10 per mensem the rates may be at ¼ an anna or ⅜ths of an anna in the rupee rounded off to the nearest multiple of 4 annas, below the calculated amount.

The amount which a subscriber elects to subscribe monthly for each financial year shall be assumed to be represented by the deduction which he himself causes to be made in his salary bill for the preceding June provided that if the sum so deducted is below the minimum or above the maximum limit above prescribed the subscriber shall be assumed to have elected to subscribe the minimum or the maximum permissible amount, as the case may be.

No. Fl. 3579-627—G. F. 146-16-1, dated 23rd December 1916.

The amount thus elected shall not be variable later on in the year on account of any increase or decrease in the rate of salary which may ultimately be found to have been due in respect of the 30th June or which may take place during the year.

EXPLANATIONS AND EXCEPTIONS.

(*a*) *Rounding of Minimum Percentage.*—If 6¼ per cent of salary represents a sum not expressible in whole rupees, the nearest sum in whole rupees below that amount shall be taken as the minimum limit of subscription. For the benefit of depositors with small salaries the minimum subscription will be fixed at four annas and multiples thereof up to one rupee will be received as deposits.

(*b*) *New Subscribers.*—In the case of new subscribers, any broken period in the month of entry will be neglected, the first subscription being that due in respect of the first complete calendar month. The percentages will be reckoned on the rate of salary drawn in respect of the first day of such month. The rate of subscription elected will be assumed to be represented by the actual deduction which the officer himself causes to be made in his salary bill for that month, subject to correction, if necessary, as in the proviso to the substantive rule above. The amount thus elected will not be variable during the remainder of the year.

(*c*) *Foreign Service.*—In the case of an officer on foreign service on the 30th June, the percentages will be reckoned on the pay he would have drawn had he been in Mysore Service on that date.

(*d*) *Temporary Duty and Deputation.*—In the case of an officer on temporary duty under Article 254 of the Mysore Service Regulations, or on deputation on the 30th June, the percentages will be reckoned on the salary, exclusive of deputation allowance, if any, actually admissible at that date.

(*e*) *Leave and Suspension.*—On an officer's return from leave, or reinstatement after suspension, the fund payments falling due within the same financial year, in respect of the remainder of the month of joining and subsequent months, will be effected at the rate, if any, already fixed for that year under the substantive rule: otherwise at a new rate, determined in the manner laid down in the substantive rule, with reference to the rate at which salary is drawn in respect of the first day of duty.

Rule 7.—Subscription during leave of any kind will be optional. The monthly amount subscribed shall be a sum expressed in whole rupees and not exceeding the amount at which the officer was subscribing under Rule 6 prior to proceeding on leave, and not below 6¼ per cent on the salary he was drawing before proceeding on leave. An officer on reinstatement after a period passed under suspension may also be allowed the option of subscribing for that period. The monthly amount subscribed shall be a sum expressed in whole rupees and not exceeding the amount at which the officer was subscribing under Rule 6 prior to suspension and not below 6¼ per cent of the salary he was drawing before suspension.

3. Suggestions 3, 4 and 5 in paragaph 1 above refer to the manner in which accounts and registers are to be kept in the Account Office. Government consider that suggestions 3 and 5 may be adopted at once but as regards 4, *viz.*, the substitution of broad sheets for the ledger they agree with the Comptroller that the procedure suggested may be tried experimentally for the accounts of one district and if found to work successfully, extended to others.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note dated 10th November 1916, by Mr K. L. Datta, Special Officer, containing certain suggestions for reducing the size of the Mysore Quarterly Civil List.

Order No. Fl. 3656-7—G. F. 147-16-1, dated 23rd December 1916.

Government are pleased to order as follows on the several points noticed in Mr. Datta's note:—

Paragraph 2 of the Note.—The publication may remain quarterly as hitherto, instead of half-yearly as proposed by Mr. Datta.

Paragraph 4.—The revised form suggested in regard to the general list of Assistant Commissioners may be adopted, the departmental lists being arranged vertically without the particulars included in the general list.

Paragraph 5.—The scale of officers given on pages 221 to 247 of the Civil List may be omitted, the same being transferred to the "Manual of Appointments and Allowances."

Paragraph 6.—The lists showing the names of districts, taluks, hoblis, etc. (pages 162 to 179) may likewise be excluded, but published in the proposed District Manual or some other suitable publication.

Paragraph 7.—All appointments, the pay or maximum pay of which is less than Rs. 100 may be excluded, the names of Sub-Registrars being however retained.

Paragraphs 8 and 13.—The distribution lists in pages 180 to 220 referred to may stand, but they should be printed in vertical columns as in the Madras Civil List and restricted to the names of Heads of Departments and Gazetted Officers proper.

Paragraphs 9, 10, 11 and 12.—The proposals made in these paragraphs are generally accepted. In the case of permanent Senior Assistant Commissioners and higher officers, the note of examinations passed may be omitted, the same principle being applied to other departments in the case of appointments in which further promotion does not depend on examinations passed.

2. The Comptroller will take the needful steps to have the next issue of the Civil List published in the form as modified.

READ—

Correspondence ending with letter No. 9634, dated the 7th May 1910, from the Excise Commissioner in Mysore, regarding the inamdar's claim to the excise revenue from toddy of the marginally noted villages.

1	Maddur,	Mysore Taluk.
2.	Kallahalli.	
3.	Mandanahalli.	
4	Kanenur	Nanjangud Taluk.
5.	Hathwal	

Order No. Fl. 2710-11—S. R. 194-08-6, dated 1st December 1916.

The Sannad has conferred on the grantee certain items of revenue including Sendi. The Inam Settlement has conceded the item of toddy revenue to the inamdar. Evidence of long enjoyment has also been adduced by the inamdar. Government therefore concurring with the opinions of the Investigating Officer and the Excise Commissioner hold that the inamdar is to be regarded as "Privileged" and as entitled to the excise revenue from toddy of the five villages in question.

Administration of the Stamp Department

No. Fl 3208-17—S. R. 78-16-2, dated 15th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No 203, dated 30th October 1916 from the Commissioner of Stamps in Mysore submitting the Report on the Administration of the Stamp Department in the State for the year 1915-16

Order No. Fl. 3208-17—S. R. 78-16-2, dated 15th December 1916.

The stamp revenue derived during the year was Rs. 11,50,698 as against Rs. 10,82,075 in the previous year. The increase of Rs. 68,623 is contributed by all the items except 'Transfer Stamps' and 'Miscellaneous' and is attributed to increased litigation and monetary transactions.

2. The total expenditure of the Department during the year amounted to Rs. 49,210 as against Rs. 59,820 in 1914-15. The decrease of Rs. 10,610 was the result of diminished expenditure under 'Refunds' and the non-receipt of the special water-marked papers for stamps from England.

3. Government regret to note that the inspection work of the *ex-officio* Inspectors of Stamps is not adequate. Many offices were left uninspected during the year, particularly in the Mysore and the Kadur Districts. The Stamp Commissioner is requested to issue the necessary instruction in the matter.

4. Government are glad to note that the work of the Superintendents of Stamps in the different sections was on the whole satisfactory.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Commissioner of Stamps in Mysore.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

Exd.—C. R.

No. Fl. 3230-1—S. R. 53-12-2, dated 16th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 1420, dated the 6th August 1912, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the claim to the excise revenue from **toddy of Kyalnur** village, Kolar Taluk.

Order No. Fl. 3230-1—S. R. 53-12-2, dated 16th December 1916.

The nirup under which the village was alienated concedes the item of *sendi* to the inamdar and the original Inam Settlement reserved *abkari* to Government. But under the revised settlement items under *bajebab* were included in the assets of the village. It is doubtful however if *bajebab* includes *sendi*. Though there has been a toddy shop in the village, neither the original grantee nor the purchaser at the revenue sale in 1878, has adduced any evidence of the enjoyment of the revenue therefrom and the latter has expressly stated that he was realising a house rent or mohatarfa of Rs. 2 a month for the shop.

2. Under all these circumstances Government agreeing with the Excise Commissioner hold that the inamdar is not entitled to the excise revenue from toddy.

Correspondence between District Excise Officers, Deputy Commissioners and Excise Commissioner.

No. Fl. 3338-86—S. R. 147-14-2, dated 18th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

(1) D. O. No. 9239, dated 28th May 1915, from the Excise Commissioner in Mysore, soliciting the orders of Government on the subject of direct correspondence between him and the District Excise Officers.

(2) Clause III of Notification No. 11288—Ex. F. 3-1901, dated 7th January 1902. (Page 48, Vol. I., Excise Manual.)

(3) Government Proceedings, dated 14th July 1904, No. 258-9—S. R. 1-97, declining to invest Revenue Assistant Commissioners with the powers of Excise Assistant Commissioners.

(4) Government Proceedings, dated 15th June 1907, No. Fl. 9243-54—S. R. 145-06-1, passing orders on the possibilities of retrenchment and improvement of revenue in the Excise Department.

(5) G. R. S. No. Fl. 5494, dated 13th March 1906, stating that the Government is the appellate authority from the orders of Deputy Commissioners under the Toddy Rules.

Order No. Fl. 3338-86—S. R. 147-14-2, dated 18th December 1916.

The position and status of the District Excise Officer in relation to the District Deputy Commissioner are described in para 8 of the Government Proceedings dated 15th June 1907, read above; but no attempt was then made to amend clause III of Notification dated 7th January 1902, which empowers the District Excise Officer to address the Excise Commissioner direct and is inconsistent with the position of the District Excise Officer as the Deputy Commissioner's Assistant in the Excise Department.

2. The question having now been formally raised by the Excise Commissioner in the D. O. read above, the Government have carefully considered the subject both in itself and with reference to the analogous procedure in the case of District Superintendents of Police, District Forest Officers and District Treasury Officers. The procedure in the case of District Superintendents of Police is regulated by Section 15 of the Police Regulation, while as regards District Forest Officers and District Treasury Officers the procedure is laid down by Article 2 of the Mysore Forest Code and Government Proceedings, dated 11th January 1902, No. 448-55—2522-29, and by Articles 637-640 (Chapter 18) of the District Treasury Manual, respectively.

3. The Government resolve to amend clause III of Notification dated 7th January 1902, as follows:—

(*a*) The Deputy Commissioner will be held primarily responsible for the Excise administration of the District and the District Excise Officer will be his Assistant in the Excise Department.

(*b*) In every District, Excise business of all kinds will be centralised in and conducted from the District Excise Office under the orders of the Deputy Commissioner. All communications to the Excise Commissioner must purport to emanate from the Deputy Commissioner, Excise Department.

(*c*) All Excise papers with the exception of very valuable records such as contract, deeds, etc., which should be specially safeguarded in the District Office Record Room or otherwise, will be filed and preserved in the District Excise Office.

No. FL. 3338-86—S. R. 147-14-2, DATED 18TH DECEMBER 1916.

(*d*) Deputy Commissioners will issue such general or special orders as they may consider requisite to ensure that their own orders are obtained on all important papers or certain classes of references before formal orders are issued and to delegate to the District Excise Officer certain powers for the disposal of routine papers and generally for the conduct of Excise business and correspondence. Two tentative lists of subjects, one showing the important papers in which the Deputy Commissioner's orders should be obtained and the other specifying the routine papers in which the District Excise Officer can act on his own responsibility are appended to this Government Order. These lists may be revised by the Deputy Commissioners in consultation with the Excise Commissioner, who will see that there is uniformity in this respect in all the districts. Weekly diaries of District Excise Officers will be submitted to the Excise Commissioner through the Deputy Commissioner.

(*e*) District Excise Officers will issue instructions in their own name direct to Taluk Officers in Excise matters of a routine nature.

8. Repairs to furniture belonging to the District Excise Office and offices subordinate thereto.
9. Grant of privilege leave to Inspectors.
10. Lists of dead trees.
11. Submission of travelling allowance bills of the District Excise Office establishment and of subordinate officers and their establishment.
12. Submission of contingent bills and grant of additional allotments, etc.
13. Submission of monthly, quarterly, half-yearly and annual accounts of all kinds and the rectification of discrepancies in them.
14. Increment and arrears of pay due to clerks of the subordinate offices and the subordinate executive officers.
15. Rise and fall in consumption: (Routine.)
16. Submission of explanations of Inspectors for omissions noticed by the District Excise Officer.
17. Submission of Crime records to the Excise Commissioner when called for.
18. Statements of promotions, transfers, fresh men entertained and of dismissals in the Excise Department.
19. Submission of Crime records which fall under Sections 55, 57 and 58 when they are to be departmentally dealt with or when they are to be struck off instead of being prosecuted.
20. Report on misconduct and other records when an appeal is preferred to Excise Commissioner from the District Excise Officers's order.
21. Additional grant of trees to shops.
22. Licensing of Methylated spirit shops and possession of cocaine and novocaine and opium preparations.

No. Fl. 3480-89—S. R. 77-16-3, dated 21st December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. Pcl C No 5 of 1916, dated the 28th October 1916 from the Excise Commissioner in Mysore, submitting a Report on the Administration of the Excise Department for the year 1915-16.

Order No. Fl. 3480-89—S. R. 77-16-3, dated 21st December 1916.

The more important changes in the administration of the department during the year were as follows :—

(1) The rate of duty on ganja was raised from Rs. 10 to Rs. 12-8-0 per seer of 80 tolas.

(2) The rate of tree-tax on date and cocoanut trees was raised from Re. 1-8-0 and Rs. 2 to Rs. 2 and Rs. 3, respectively.

(3) Date toddy shops in certain taluks were disposed of on the system of triennial leases.

(4) Sanction was accorded to levy railway cess on all items of excise revenue on which local cess was levied in localities where the imposition of this tax was ordered.

2. *Financial Results.*—The total receipts and expenditure of the Department during the year were Rs. 59,09,297 and Rs. 3,36,826, as against Rs. 58,43,496 and Rs. 3,48,735, respectively, in the previous year. Deducting assignments towards local cess, refunds to maniars of the excise revenue from toddy of their villages and some other miscellaneous items, the net revenue of the Department amounted to Rs. 55,15,208, as against Rs. 55,06,297 in 1914-15 The demand for the year, excluding the arrears of previous years, was Rs. 59,56,099 against Rs 58,13,240 in 1914-15. Of this, a sum of Rs. 59,09,297 was collected, the percentage of collection under current demand being 99 8 as against 99·7 in the previous year. The total demand including arrears was Rs. 60,75,963, out of which Rs. 59,09,297 was collected and a sum of Rs. 2,172 was remitted, thus leaving a balance of Rs. 1,64,494 against Rs. 1,68,751 in the previous year. The collection of arrears of excise revenue should receive greater attention.

3. *Arrack.*—The consumption of arrack, though slightly more than in the previous year, was much below the average for the preceding five years. There was marked decrease in the malnad tracts of Hassan, Kadur and Shimoga Districts, due partly, it is reported, to the effects of temperance movements and partly to high prices of food stuffs and dull trade. In Bangalore, Tumkur and Kolar, the consumption was more than in the previous year, owing to the large influx of a floating population due to various economic and industrial causes and also to the enhancement of the retail price of toddy from Re. 0-1-6 to Re. 0-2-0 per seer.

4. *Special and Foreign Liquors.*—The consumption of special liquors manufactured in the distillery has increased, while that of foreign liquors has decreased, indicating that the former is to some extent replacing the latter the importation of which has become more difficult and costly on account of the war.

5. *Date Plantations and Groves.*—The Excise Commissioner is requested to see that all the date plantations are inspected by District Excise Officers. Government recognise the importance of conserving and improving date groves and have approved of the general proposals of the Excise Commissioner in the matter in Government Order No. Fl. 1850-1—S. R. 134-15-3, dated the 25th September 1916. Detailed proposals are awaited.

No. FL. 3480-89—S. R. 77-16-3, DATED 21ST DECEMBER 1916.

6. *Incidence.*—The general incidence of taxation per head of population for the year was Re. 1-0-3 against Re. 1-0-4 in the previous year.

7. *Number of Shops.*—According to the policy steadily pursued by Government the number of shops for the sale of intoxicating drugs and liquors was reduced during the year by 67, the number at the close of the year being 4,318.

8. *Inamdars' Claim to Toddy Revenue.*—During the year, the claims of 22 alienated villages were settled and a sum of Rs. 57,300-15-2, ordered to be refunded to inamdars, whose claims had been recognised. The Excise Commissioner is requested to report for the information of Government the amount that was actually paid to inamdars during the year and the amounts that are still due for the several years past. It is necessary that the claims should be settled forthwith.

9. *Ganja Cultivation.*—Government note that the local cultivation of ganja is giving satisfactory results, that it is possible to further increase the outturn per acre and that it has been arranged to supply the Civil and Military Station authorities with the quantity of ganja required by them.

10. *Opium.*—The issue of opium to shop-keepers was 1,308 seers against 1,160 in 1914-15. The result of the Excise Commissioner's enquiries regarding the causes for the large fluctuation may be reported to Government.

11. *Excise Offences.*—During the year 3,263 cases affecting 3,900 persons were reported, against 2,990 cases involving 3,882 persons in the previous year. Of these, 491 cases relate to heinous offences. Out of 421 cases referred to Magistrates, 362 cases were disposed of by them, the percentage of conviction being 70·5 during the year against 81·5 in the previous year. Government agree with the Excise Commissioner that the percentage of conviction is low and they consider that investigation of cases require more careful attention. The number of cases pending in the department at the end of the year, *viz.*, 401, is rather large and steps should be taken to dispose of them early.

12. *Detective Staff.*—The special detective staff, which has been in existence since October 1913, was discontinued during the year and a headquarter reserve staff on slightly different lines was sanctioned in Government Order No. Fl. 6308-9—S. R. 66-14-13, dated 13th June 1916. It is hoped that better prevention and detection work will be shown in the current year.

13. *Inspection.*—Government regret to note that the inspection of Bagani areas was inadequate and that scenes of illicit distillation and date plantations were not visited by several of the District Excise Officers. The Excise Commissioner will issue suitable instructions to his subordinates in the matter.

14. Government await the definite proposals of the Excise Commissioner in regard to the undermentioned matters, in which measures for removing existing defects or for effecting improvements in the work of the Department, are being considered by him:—

(1) Relieving Range Inspectors of tree marking work, which is reported to be interfering with their legitimate supervising duties.

(2) Revision and redistribution of Sub-Ranges, and the reorganisation of the several branches of the Excise Department.

(3) Adoption of the fixed fee system or some other device for keeping the incidence per gallon of vend rent of arrack below the margin of profit.

(4) Providing for greater control over the manufacture and sale of Akkibhoja.

(5) Making village officers responsible for detecting and preventing illicit distillation and for preventing mischief to date groves.

(6) Modification of the rule regarding the payment of tree-tax on British trees tapped for shops in Mysore with a view to prevent the smuggling of toddy from across the British frontier.

(7) Prohibiting the keeping of water on sale counters to prevent the dilution of liquor when about to be sold.

(8) Arrangements necessary for placing the Distillery work on a thoroughly satisfactory footing.

No. Fl. 3480-89—S. R. 77-16-3, dated 21st December 1916.

15. Government are glad to note that the administration of the Department continued to be efficient and that the conduct of the subordinate officers was on the whole satisfactory.

Excise Revenue from Toddy.

No. Fl. 3697-706—S. R. 94-14-3, dated 30th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Notification No. Fl 4182—S R. 94-14 1, dated 28th February 1916, regarding the revision of the rules relating to the claim of inamdars to the excise revenue from toddy accruing in their villages.

Order No. Fl. 3697-706—S. R. 94-14-3, dated 30th December 1916.

The rules of 1901, relating to the refund of excise revenue from toddy to inamdars entitled to the same having been found to be defective in some respects, their revision has been under the consideration of Government for some time past. In Notification No. Fl. 4182—S. R. 94-14-1, dated 28th February 1916, a set of modified rules was published and objections and criticisms were invited thereon.

2. The Government have carefully considered the whole question with reference to the representations made by inamdars as well as those during the last session of the Representative Assembly and are now pleased to direct that the modified rule published as Rule 9 (1) and the modification made in Rule 24 be hereby confirmed. The other changes proposed will not be made. The former will read as follows :—

The proprietor of an alienated village, who is entitled to excise revenue from toddy, shall get only the revenue actually accruing in his village, whether in the shape of rent for the shop or shops situated therein, or the tree tax on the trees tapped in his village (irrespective of the location of the shop for which they are tapped) or both, minus the local cess thereon and establishment charges at 6 per cent of the revenue or such other rate as may be fixed from time to time.

Rule 24, renumbered as Rule 18 will be as follows :—

When under the provision of excise laws, shops of alienated villages are ordered to be closed permanently on the ground of there being too many shops or for any other valid reason, the proprietors of such villages will be awarded reasonable amount of compensation which will be fixed for the present at 20 times the average annual amount actually paid in respect of such shops during the preceding three years.

3. Government are also pleased to direct that the revised rules shall come into force from 1st July 1917 and all outstanding claims settled under the old rules.

4. The rules as now revised are appended.

No. Fl. 3697-706—S. R. 94-14-3, dated 30th December 1916.

APPENDIX.

Rules.

Section I—Preliminary.

1. *Definition.*—(1) Shop-rent is the amount of license fee for the right of vending toddy in an authorised shop, the amount being determined by the result of the auction sale of the shop.

(2) Grove rent is the amount realized by selling by public auction or by otherwise leasing the right of drawing toddy from the trees in a grove.

(3) Tree-tax is the fee charged for every tree from which it is intended to draw fermented toddy.

(4) Tree-rent is the price paid to the owner of toddy-yielding trees for allowing the licensees of shops or tapmen to draw toddy from them.

(5) Village includes all lands belonging to any village, except excluded inam lands, which are settled by the Inam Department in favour of artisans, temples, etc, and for which separate title deed or deeds are issued.

Section II—The Farming System.

2. *Payments to those entitled to Excise Revenue.*—Under the farming system which was in force for five years from 1892-93 to 1896-97, the proprietor of an alienated village who is entitled to excise revenue from toddy shall get the whole of the rent of the "Shop Farm" or "Grove Farm" or of both, realized in his village, minus the proportionate cost of establishment charges at 6 per cent, and local cess payable to Government.

3. If his shop has obtained supplies of toddy from any Government grove or from the grove of any other alienated village, not separately sold as an independent "Grove Farm" a deduction should also be made from the above amount at the rate of four annas for each tree tapped for his shop. If the tapped trees belong to a Government grove, the amount thus deducted shall be credited to Government; or if they belong to another alienated village, it shall be paid to the proprietor of such village, the local cess thereon being credited to Government.

4. *Payments to those not entitled to excise revenue.*—The proprietor of an alienated village not entitled to Excise Revenue from toddy, shall get only tree-rent on account of the "Grove Farm" sold in his village. As the Grove Farm includes both the farm rent on account of the right of drawing or removing toddy from the trees, and the tree-rent on account of the ownership of trees leased to be tapped, the toddy rent being payable to Government and tree-rent to the proprietor of the village, 4/5ths of the rent of the "Grove Farm" shall be credited to Government on account of the farm rent or duty on toddy and 1/5th only shall be paid to the proprietor on account of tree-rent.

Section III—The Preliminary Tree-Tax System.

5. *Payments to those entitled to excise revenue.*—Under the preliminary tree-tax system which was in force in the year 1897-98, the "Grove Farm" in alienated villages were, as a rule, not sold or leased by Government, the proprietors thereof being left to lease them to toddy vend farmers or shop-keepers at such rates of tree-rent as might be privately settled by themselves, so that the whole of the amount levied by Government for the trees tapped in alienated villages was credited under tree-tax, the tree-rent being recovered by the proprietors themselves. In such cases the proprietors, entitled to excise revenue from toddy, shall get the refund of the whole amount of tree-tax, as well as the shop-rent, if any, minus the proportionate cost of establishment charges at 6 per cent and local cess payable to Government.

6. If the shop has drawn supplies of toddy from a Government grove or from the grove in another alienated village, the adjustment shall be made in the manner laid down in Rule 3 above.

7. But in the case of certain alienated villages the groves whereof were attached to particular toddy farms in the year 1896-97, the proprietors not having been allowed to lease their trees privately for the year 1897-98, they will get for the year 1897-98, the same amount as is payable to them for the year 1896-97.

8. *Payments to those not entitled to excise revenue.*—In cases where the proprietors were not allowed to lease their trees privately, the arrangements which existed in the year 1896-97, having been ordered to continue for the year 1897-98, the proprietors shall get the refund of tree-rent calculated at four annas for each tree tapped in their villages minus local cess thereon payable to Government.

Section IV—The Tree-tax System (from 1898-99.)

9. *Payments to those entitled to Excise Revenue.*—The proprietor of an alienated village, who is entitled to excise revenue from toddy, shall get only the revenue actually accruing in his village, whether in the shape of rent for the shop or shops situated therein, or the tree-tax on the trees tapped in his village (irrespective of the location of the shop for which they are tapped) or both, minus the local cess thereon and establishment charges at 6 per cent of the revenue or such other rate as may be fixed from time to time.

10. *Payments to those not entitled to excise revenue.*—In cases where the proprietor of an alienated village is not entitled to excise revenue from toddy, he will be at liberty to lease his trees to the licensees of shops for the manufacture of toddy, for such tree-rent as may be settled between himself and the licensees of shops.

No. Fl. 3697-706—S. R. 91-14-3, dated 30th December 1916.

11. Provided, however, that if his trees have been attached or assigned to any particular shops from time immemorial, the trees in such groves will be leased by Government as usual, to the licensees of such shops, for tree-rent at a rate not less than four annas per tree per annum, to be payable to the owners thereof, the local cess thereon being payable to Government.

12. *Procedure for determining rights of alienated villages to excise revenue.*—The following procedure is prescribed for the guidance of the Deputy Commissioners of Districts for determining the rights of alienated villages to Excise Revenue from toddy :—

(1) When the investigation of a claim to toddy revenue is taken up, the first point to be determined is, whether such claim is for excise revenue only, or for tree-rent only, or for both.

(2) If the claim is for tree-rent only, a decision should be recorded according to the claimant's own admission that he is entitled only to tree-rent on account of the trees tapped in his village, but the local cess thereon should be made payable to Government.

(3) If, on the other hand, the claim is for excise revenue only, or for both Excise revenue and tree-rent, the Inam Settlement and the Title-deed should be the starting point. Where it is conclusively clear from the Inam Settlement Register that the whole excise revenue, *viz.*, "Abkari" or "Panchhab," or only toddy excise has been conceded, the Inam Settlement should be adhered to. But when it is not so in consequence of ambiguous or doubtful words, such as "Eechal Pyru" instead of "Shendi" being used, the original sannad of the village and the beriz account of the year, in which the village was alienated, should be consulted to ascertain whether the excise on toddy was included in the assets of the total beriz which was alienated, and the finding should be duly recorded. The claim should only be admitted to the extent alienated, as established in each individual case.

13. If in any case, there has been no enjoyment of excise revenue from toddy within the twelve years preceding the year 1892-93, the circumstances connected therewith should be reported with the Excise Commissioner's opinion for the orders of Government.

14. Also, if there are any special cases, in which, notwithstanding the absence of sannads or recognition by the Inam Department, there has been an uninterrupted enjoyment for a period of not less than fifty years preceding the year 1892-93, the same should be specially reported, with the Excise Commissioner's opinion, for the orders of Government.

15. Pendency of claim before a Revenue Court is no interruption within the meaning of this rule.

16. Where it is clear that the Inam Settlement has not conceded the right to Excise revenue from toddy, the claimant should be awarded tree-rent only. But where it has been conclusively established that the claimant is entitled to excise revenue from toddy, the finding should be duly recorded and the award made accordingly.

17. *Government reserve right to make addition to 6 per cent for establishment charges.*—The Government reserve to themselves the right of making such reasonable addition to the aforesaid 6 per cent for establishment charges as from time to time they may consider necessary.

18. When under the provision of excise laws, shops of alienated villages are ordered to be closed permanently on the ground of there being too many shops or for any other valid reason, the proprietors of such villages will be awarded reasonable amount of compensation which will be fixed for the present at 20 times the average annual amount actually paid in respect of such shops during the preceding three years.

19. *Alienees wish to compound with Government for lump sum payment.*—Wherever the proprietors of alienated villages entitled to excise revenue from toddy are willing to compound with Government for an immediate payment not exceeding 20 times the net annual income from excise revenue from toddy upon the average for the ten years, *i.e.*, of five years prior to 1873 and of five years ending 30th June 1896, the matter should be reported for the orders of Government.

20. *Revenue of alienated villages fluctuates as Government Revenue.*—The revenue of alienated villages must necessarily be a fluctuating item in the same way as Government revenue. But when once the claim is decided on its merits, the payment to be made to the claimant in each succeeding year would, under existing conditions, be a matter of mere routine.

21. *Cases not coming under above rules.*—Cases, if any, not coming within the purview of the foregoing rules, should form the subject of a special communication.

22. *Settlement of claims not to be delayed.*—The settlement of the claims of the proprietors of alienated villages to toddy revenue has long been delayed. The Deputy Commissioners of Districts will fix a reasonable time within which all such claims should be preferred and give due publicity to the same by a notice in the official Gazette. They should afterwards lose no time either by themselves or by Assistant Commissioners under their directions, in enquiring into all such claims and forwarding their reports to the Excise Commissioner in such form as would admit of his passing them on with his own opinion for the final orders of Government, without directing a further investigation or calling for additional information.

23. *How enquiry should be conducted.*—The record of the enquiry in each case, which, as far as possible, should be conducted in the manner laid down in Sections 201 and 202 of the Land Revenue Code, should accompany the report referred to in Rule 22 above, together with a calendar in the Form A hereto appended.

Order No. Fl. 3280-328—S. & A. 2-15-2, dated 18th December 1916.

Government are pleased to direct that when charges for rapid marches by motor vehicles exceeding 50 miles in the course of a day are included in a travelling allowance bill, the necessity for such journeys should always be explained in brief in the remarks column.

The Audit Office will carefully examine such charges with reference to the explanation and all cases in which the travelling allowance charges incurred appear to it to be excessive should be submitted to Government for orders with the connected bills.

Report on the Administration of the Registration Department.

No. J. 2216-24—Regis. 16-16-3, dated 20th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. B., dated the 10th October 1916, from the Inspector-General of Registration, Mysore, submitting the report on the working of the Registration Department for the year 1915-16.

Order No. J. 2216-24—Regis. 16-16-3, dated 20th December 1916.

The total number of registrations during the year under report is 1,07,407 with an aggregate value of Rs. 2,63,35,449 as against 1,05,723 with an aggregate value of Rs. 2,46,54,075 in the previous year. The income of the Department also rose from Rs. 2,02,468 to Rs. 2,11,296, the highest on record. The increase in the number of registrations is reported to be due to the increase of 3,629 in the number of compulsory registrations affecting immovable property which is further likely to increase when the Transfer of Property Bill now before the Legislative Council is passed into law.

2. Government are glad to note that the Inspector-General of Registration has inspected during the year 50 offices, nearly twice the number for the previous year, but regret to observe that the District Registrar, Tumkur, has again failed to inspect a single office during the year under report.

3. Government agree with the Inspector-General of Registration in his observation that greater efficiency may be secured by having a trained Special Sub-Registrar for registration work in the place of the existing *Ex-officio* Sub-Registrars. These and other questions referred to by the Inspector-General of Registration will be considered when the reorganisation of the department is taken up. The Inspector-General is requested to submit detailed proposals with the necessary proposition statement for the creation of District Registrarship.

4. The recommendation of the Inspector-General regarding the pay and prospects of the Probationary and Special Sub-Registrars are under the consideration of Government and early orders will be passed in the matter.

5. Government are pleased to observe that the administration of the Department continued to be satisfactory.

Kolar District Board Railway Budget.

No. 3626-30—L. B. 12-16-3, DATED 5TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Kolar District Board Railway Budget for 1916-17, received with the President's letter No. 2669, dated the 23rd June 1916.

Order No. 3626-30—L. B. 12-16-3, dated 5th December 1916.

1. *Revised estimates for 1915-16.*—The estimates adopted by the Board are altered as shown below with reference to the preliminary accounts for 1915-16:—

Item		Proposed Rs.		Sanctioned Rs.
Railway cess	...	75,000	...	52,837
Income from Railway	...	59,625	..	30,733
Capital expenditure	...	50,000	...	1,45,226
Working expenses	...	35,775	..	18,440

2. *Opening balance.*—The estimate under this head for 1916-17 is altered from Rs. −3,72,543 to Rs. −5,01,489 in consequence of the alterations ordered in para 1 above.

3. *Estimates for 1916-17.*—The estimates proposed by the Board are approved with the modifications noted below:—

(*a*) *Income from Railway.*—The proposed estimate of Rs. 1,16,500 is too sanguine and it is reduced to Rs. 69,700 as the gross earnings per mile cannot be safely assumed to exceed Rs. 50 per week.

	Rs
Bowringpet Ghauttamani Section—	
1st July to 31st October 1916, at Rs 15 per mile per week=17×40×15=	40,800
Entire line from 1st November to 30th June 1916 at Rs. 50 per mile per week=31×64×50=	1,09,300
Total ...	1,39,100
District Board portion ...	69,700

(*b*) *Working expenses.*—The estimate is reduced to 60 per cent of the gross income or Rs. 41,820.

(*c*) *Interest on minus balance.*—The average minus balance for the year being about Rs. 5,00,000, a sum of Rs. 20,000 will be provided for payment of interest thereon.

4. The budget estimates as above revised and sanctioned stand as shown below:—

Items	Capital account			Maintenance account			Total sanctioned estimate for 1916-17
	1914-15, Actual	1915-16, Probable	1916-17, Estimate	1914-15, Actual	1915-16, Probable	1916-17, Estimate

Reviews on the Municipal Demand, Collection and Balance Returns.

No. 3562-73—Ml. 92-16-3, dated 2nd December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 1717-28—Ml. 92-16-1, dated 2nd September 1916, directing that the submission of the Municipal demand, collection and balance statements to Government be discontinued and that the reviews of the returns by the Municipal Councils be incorporated in their monthly proceedings submitted to Government.

2. Letter C. No. 1596—L. B. 16-17, dated the 8th November 1916, from the Deputy Commissioner, Mysore District, enquiring whether the monthly proceedings of Municipal Councils at places other than District Headquarters should also be submitted to Government as contemplated in the order referred to above.

Order No. 3562-73—Ml. 92-16-3, dated 2nd December 1916.

The reviews of the demand, collection, and balance returns of the Municipal Councils at District Headquarters together with those of the Bangalore and Mysore Cities need alone be submitted to Government with their monthly proceedings as directed in the above order.

2. The reviews of other Municipal Councils and Municipal Boards need not be submitted to Government unless the Deputy Commissioner deems it necessary to do so in any particular case.

Model houses for the middle and poorer classes in Shimoga Town.

No. 3670-9—Ml. 52-16-2, dated 7th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 5, dated 21st June 1916, from the President of Shimoga Town Municipal Council, submitting for sanction a scheme for constructing a few model houses for housing Government officials and peons, and stating that the estimated cost of Rs. 15,000 will be raised on Municipal Debenture Bonds bearing 5 per cent and redeemable in fifteen years

(Printed in extenso)

Order No. 3670-9—Ml. 52-16-2, dated 7th December 1916.

The President of the Shimoga Town Municipal Council proposes to build two classes of houses in the Durgigudi Extension, one for housing middle class of people and another for the poorer classes. The scheme provides for ten houses of the 1st class at an estimated cost of Rs. 850 each and twenty houses of the 2nd class at an estimated cost of Rs. 250 each.

Government are pleased to sanction the scheme and to guarantee the payment of interest and repayment of the capital borrowed on debenture bonds after fifteen years, on the distinct understanding that if Government have to incur any loss in respect of this guarantee, the ultimate recoupment thereof will devolve on the Municipality.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The President, Shimoga Municipal Council, returning estimates, plans, etc.
The Presidents of Municipalities in other Districts.
The Presidents of Bangalore and Mysore City Municipal Councils

Exd.—C. R.

Letter No. 5, dated 21st June 1916, from the President, Shimoga Town Municipality.

I have the honour to state that the subject of improving the housing accommodation available in the Shimoga town for the less well-to-do classes has been engaging my attention for sometime past In spite of various facilities offered, many of the sites in the Durgigudi Extension still remain unbuilt upon and clerks in the Government Offices, peons and people of these classes, continue for the most part to live in unsuitable and insanitary houses in squalid surroundings in the old town

2. I have accordingly had a scheme prepared under which a number of sanitary model houses are to be built and given out to intending purchasers on terms of rent that will in course of time make them owners of the property. The idea is that the Municipal Council should obtain the capital required by the issue of debenture bonds carrying interest at 5 per cent with Government guarantee, that the occupant of the house should pay rent at 1 per cent per mensem, or 12 per cent per annum, that out of this, 5 per cent should go towards interest and 1½ per cent towards Municipal taxes and management expenses, and the balance of 5½ per cent towards sinking fund. Thus the annual payment towards interest and sinking fund will be 5+5½ or 10½ per cent; and a debt of Rs. 100 with interest at 5 per cent will be repaid by about fourteen annual instalments of Rs. 10½. Thus the house will become the absolute property of the occupant in about fourteen years.

3. The accompanying memo explains the details and the object of the scheme. The proposal is at present to construct 10 houses to suit the middle class of people and costing Rs 850 each, and 20 houses suitable to the poorer classes at a cost of Rs. 250 each, as per accompanying plans and estimates.

No. 3670-9—Ml. 52-16-2, dated 7th December 1916.

4. A report accompanys each estimate and shows the accommodation available and the structural details of each class of building.

5. The total amount required by the municipality is approximately Rs. 15,000 and it is proposed to raise this sum by issuing municipal debenture bonds bearing 5 per cent interest with Government guarantee. The bonds will be redeemable in fifteen years, but some will be repayable earlier by drawing of lots among the investors at the close of each year, so that the rents from the houses realised by the Municipality may be disposed of to the best advantage.

6. Local gentlemen have undertaken to finance the scheme, and I anticipate no difficulty in securing the requisite funds.

7. I have also satisfied myself by local enquiries that as soon as such houses are constructed, they will be taken up for occupation by intending purchasers.

8. This scheme is moreover in accordance with the spirit of the Government Order contained in para 2 of the General Secretary's letter No. 7528-30—Med. 24-13-156, dated 8th April 1916, addressed to me as Chairman of the Malnad Improvement Committee.

9. There are two points about the estimates which require mention. The first is that the rates for materials and labour are put down according to what private people would pay for wholesale purchases or for work on a large scale and not according to departmental rates. The idea is that the necessary supervision will be given by the full-time Vice-President of the Municipality. The second point is that the rates for timber (an important item) are put down according to the rates at which private individuals in the Shimoga town can procure timber under the present Malnad Raiyats' Special Privilege Rules. The scheme is not one for capitalists or speculators to make money, but is a non-profit seeking one by the Municipality, and there is every justification for allowing the same concessions as in the case of private individuals.

10. I request that you will be so good as to obtain early sanction of Government to the proposals outlined above. A copy of the resolution of the Municipal Council is enclosed.

Epidemic Diseases Hospital, Bangalore.

Correspondence ending with letter No. 4037, dated the 19th April 1916, from the Sanitary Commissioner in Mysore, in the matter of constructing new buildings for the Epidemic Diseases Hospital, Bangalore.

Order No. 3775-81—Med. 126-15-6, dated 12th December 1916.

Government concur with the Bangalore City Municipal Council, the Sanitary Commissioner and the Chief Engineer in the opinion that it is desirable to construct a new building for the Epidemic Diseases Hospital, Bangalore, instead of repairing the present buildings at so heavy a cost as Rs. 82,000 estimated by the Public Works Department. The Public Works Department estimate for a new building, however, is prohibitive. In view, however, of the offer of a contribution of Rs. 25,000 by the Bangalore City Municipal Council for the work in question, Government direct that a new building for the Epidemic Diseases Hospital be constructed on a cheaper plan at a cost of Rs. 75,000, the District Board of the Bangalore District, the Bangalore City Municipal Council and Government contributing Rs. 10,000, Rs. 25,000 and Rs. 40,000 respectively.

2. The Presidents of the Bangalore City Municipal Council and the District Board of the Bangalore District are requested to provide for their shares of contribution in their respective budgets for 1917-18.

3. As regards the site for the new buildings, the Sanitary Commissioner is requested to submit definite proposals in conformity with the rules issued with Government Order No. 2359-61—Mi. 246-15-3, dated 11th November 1916, with his opinion as to which of the two alternative sites suggested may be preferably selected for the purpose.

(i) Site round the hillock known as "Mount Joy."
(ii) Site to the east of the Kankanhalli road.

4. The Chief Engineer is requested to cause the necessary plans and estimates to be prepared in consultation with the Senior Surgeon and arrange for the quota of contribution from State Funds being met from the normal grant for the Public Works Department. The plan of the new building may be so designed as to admit of construction of additional blocks as funds permit.

Read—

Government Order No. G. 11527-8—Mily. 215-14-8, dated 14th February 1916, directing that the Chief Commandant should get the stock of articles in the Military Stores verified by the Personal Assistant immediately after the close of each official year and send a report to Government.

2. Letter No. 1418, dated the 16th August 1916, from the Chief Commandant, Mysore State Troops, stating that the annual verification of stock in the Military Stores by his Personal Assistant seriously interferes with his office work and recommending that a Committee consisting of the Personal Assistant as President and three Military Officers from the Cavalry and Infantry Regiments as members may be appointed for this special work.

Order No. G. 7781-2—Mily. 97-16-2, dated 9th December 1916.

The proposal of the Chief Commandant is sanctioned, the responsibility for the efficiency of the check and the correctness of the report being fixed on the Personal Assistant to the Chief Commandant.

Second Session of the Representative Assembly.

No. G. 7212-60—G. M. 362-16-1, DATED 1ST DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 7212-60—G. M. 362-16-1, dated 1st December 1916.

His Highness the Maharaja having graciously sanctioned the holding of a second session of the Representative Assembly every year, the Government are pleased to direct that the second session be held at Mysore in the latter part of April every year for a period not ordinarily exceeding four days.

2. The subjects to be discussed at the second session, not exceeding 250 in all, will fall under the following classes:—

(1) The State Budget for the ensuing year (only rough figures are expected to be available).

(2) Such of the subjects of the preceding Dasara Session as were not discussed then for want of time.

(3) New subjects of general importance not exceeding 20 for each district.

(4) The progress made with regard to the more important of the major and minor wants prepared in accordance with Government Order No. G. 6345-93—G. M. 259-14-1, dated the 18th December 1914, in each district will also be examined.

3. The new subjects referred to in (1) and (3) should be ordinarily selected at a meeting of the Representative Assembly Members held at the District Headquarters for the purpose.

4. No local or supplemental subjects will be received or discussed.

5. The election of members by Municipalities, District Boards and other recognized associations for the Dasara Session will hold good for the second session also.

6. On all matters not herein provided for, the rules relating to the conduct of business at the Dasara Session will apply so far as they are consistent with the arrangements now ordered.

7. Separate orders will issue in regard to the officers whose presence at the second session is necessary.

Government Order No. G. 1326-77—G M. 184-16-1, dated the 29th July 1916, sanctioning the employment of Mr. K. L. Datta, M.A., Accountant-General, retired, temporarily for a period of four months to examine and report upon the organization and working of the State Account and Finance Departments.

2. Mr. Datta's Note dated the 7th November 1916, submitting a programme of his work and reporting the progress made.

Order No. G. 7467-508—G. M. 184-16-16, dated 5th December 1916.

In the circumstances explained by Mr. Datta, Government are pleased to extend the period of his employment up to the 15th March 1917.

2. Government will be glad if Mr. Datta will, before the expiry of the term of his engagement now sanctioned, complete the prescribed work as specified in the lists furnished by him, including the following questions to which special attention may be given:—

(*a*) A detailed review of the finances of the State and the principles which should guide the financial policy of Government in the future;

(*b*) The formation of a capitalization fund out of the Mining revenues;

(*c*) Public debt and the method of raising it;

(*d*) Railway finance with special reference to the working contracts with the Madras and Southern Mahratta Railway Company.

3. Mr. Datta is also requested to help the introduction of any constructive reforms which may, on his advice, be sanctioned by Government.

No. G. 8108 13—G M. 282-16-6, dated 15th December 1916.

IMPROVEMENT TO THE NANDI HILL STATION

Statement showing the action proposed and the officer responsible for each item of work

Serial No	Item of work	Specific statement of action to be taken	Officer responsible and time for completion	Remarks
1	Suggestions regarding improvements to the Cunningham's bungalow on the Nandi Hills.	The Superintendent, Government Gardens to submit detailed estimates for the alterations proposed and for the purchase of a sufficient quantity of linen with draft rules for lending the linen to visitors	Superintendent Government Gardens *One month*	Each Memo attached "
2	Encouraging the Hill menial staff to keep cows on the hill, to ensure a steady and sufficient supply of milk	An advance of Rs. 500 to be sanctioned for granting loans for the purchase of 10 milch cows The Superintendent to make an official reference with draft rules for recovery of loans and regulating the grazing and picketting of cattle	Superintendent, Government Gardens *Fifteen days* "	
3	The Forest Department to open a fuel depot on the hill under the charge of a literate watchman and supply fuel and charcoal at cost price	The Conservator of Forests to make definite proposals in the matter with estimates of the cost of construction needed for the depot and the probable cost at which the fuel might be supplied	Superintendent Government Gardens and Conservator of Forests *Two months*	
4	Thorough investigation of a scheme for pumping and distributing water to each of the bungalows	Superintendent, Government Gardens, to submit definite proposals after consulting the Public Works Department	Superintendent, Government Gardens and Chief Engineer Public Works Department *Two months*	The scheme should if possible be such as to ensure a return of 3% on the outlay
5	Keeping a small stock of medicine on the hills and directing the Sub-Assistant Surgeon, Chikballapur to pay weekly visits during the season	The Senior Surgeon to furnish his opinion in the matter with estimates of the cost of initial equipment if any and allowances that may be paid to the Sub-Assistant Surgeon	Superintendent Government Gardens and Senior Surgeon *One month*	
6	Construction of a motor road from the foot of the hill on the Sultanpet side to the top	The Chief Engineer to furnish rough plans and estimates	Superintendent Government Gardens and Chief Engineer *Three months*	
7	Transfer of the control and maintenance of roads and foot-paths on the hills from the Public Works Department to the Gardens Department	The Chief Engineer to furnish his opinion in the matter and also figures as to cost incurred on this account in previous years	Superintendent Government Gardens and Chief Engineer *Two months*	
8	The outside road leading from the foot of the hill to the top on the Sultanpet side to be kept in an efficient condition, by abandoning the other two roads—on the Bangalore and Doddballapur sides,—if possible, and utilising the allotments for those roads also for this purpose	The Chief Engineer to furnish his opinion in the matter and also figures as to cost incurred in previous years on each of the three roads The Deputy Commissioner Kolar, to be also consulted	Superintendent Government Gardens and Chief Engineer *Two months*	
9	Internal arrangements for promoting the efficiency of each bungalow, such as the disposal of useless furniture, numbering the articles of each bungalow separately	The Superintendent to take the necessary action in the matter	Superintendent, Government Gardens *One month*	
10	Of the three Tennis Courts, the one near Glentilt need only be maintained and this should always be kept in an efficient condition. The one near Cubbon's bungalow may be converted into a Badminton Court	The Superintendent to take action accordingly	Superintendent, Government Gardens *Three months*	
11	Revised rates of rent, etc., to be proposed in the light of experience so far gained.	The Superintendent to submit definite proposals	Superintendent, Government Gardens. *Fifteen days*	
12	Construction of six cottages with two suites of rooms each, at a cost not exceeding Rs. 5,000 for a cottage, to provide additional accommodation	Estimates to be called for from the Public Works Department	Superintendent, Government Gardens and Chief Engineer *Two months.*	

N B—The Superintendent, Government Gardens, will be primarily responsible for the completion of the various items of work within the time indicated. He may communicate with the other officers concerned to expedite progress and obtain an extension of time when such extension is necessary.

No. G. 8108-13—G. M. 282-16-16, dated 15th December 1916.

SUGGESTED IMPROVEMENTS TO THE NANDI HILL STATION.

(Joint proposals of Messrs. D. M. Narasinga Rao and L. Bishtopanth Badami, made after an examination of the conditions on the spot and in consultation with some of the visitors to the Hill Station.)

Suggestions Regarding Improvement to the Cunningham's Bungalow.

All the suggestions made in the annexed memo for improving the Cunningham's bungalow may be adopted.

Milk Supply.

II. The Hill Menial Staff should, for the present, be encouraged to keep milch cows for ensuring a steady and sufficient supply of milk. An advance of Rs. 500 may be sanctioned for granting loans to members of the staff for purchasing ten milching cows at about Rs. 50 each.

Suitable rules for regulating the grazing and picketting of cattle on the hill should be framed and strictly enforced.

Fuel Supply.

III. A fuel depot in a zinc shed should be opened by the Forest Department and a sufficient stock of fuel always kept therein. A literate watcher will quite do for running the depot and only the cost price including establishment charges should be levied for the fuel supplied.

The Forest Department may also store some charcoal for sale.

Water-supply.

IV. The question of pumping water to each of the bungalows may be investigated fully, in consultation with the Water-supply and Sanitary Engineers. The Scheme should, if possible, be such as to ensure a return of about 3 per cent on the capital outlay.

Electric Installation.

V. Along with the scheme of pumping water the question of installing electric lights may be similarly investigated.

Medicines.

VI. A small quantity of necessary medicines may be stored on the hills and the Sub-Assistant Surgeon of Chikballapur instructed to visit the Station once a week on appointed days during the season and at other times whenever sent for. He may be given a suitable local allowance to cover the actual charges of such weekly visits.

Motor Road.

VII. An estimate and plan for a motor road to the hill from the Sultanpet side may be prepared. A reference may be made to the Public Works Department in the matter.

Roads and Foot-paths.

VIII. The control of roads and foot-paths on the hill within the boundary of the Fort walls should be transferred to the Superintendent, Government Gardens and a separate adequate allotment for their maintenance sanctioned, in consultation with the Public Works Department.

It is desirable to restore to a good condition the foot-path running right round the fort rampart wall.

IX. The question of improving the state of the outside roads should be taken into serious consideration.

It might be possible to abandon two of the three roads, *viz.*, the one on the Bangalore side and the other on the Dodballapur side.

It is quite unnecessary to maintain all of them. The savings effected in this manner may be appropriated for keeping one road in a very efficient condition.

All the preliminaries may be settled in consultation with the Public Works Department.

Internal Arrangements for Promoting Efficiency in each Bungalow.

X. See remarks against I, as regards Cunningham Bungalow.

Similar notes may be prepared in regard to each of the others.

Generally the following points should receive attention :—

(i) Disposal of useless furniture and other property.
(ii) The property of each bungalow should be numbered serially with a distinguishing mark.
(iii) Better furniture should be supplied wherever necessary.

Tennis Courts.

IX. Only one of the three Tennis Courts might be maintained and this may be the one adjacent to the Glentilt Bungalow. It should always be kept in an efficient condition. The one near the Cubbon Bungalow may be used as a Badminton Court.

Revision of Rates.

XII. Proposals for revision of rates of rent, etc., may be made in the light of experience so far gained.

No. G. 8108-13—G. M. 282-16-16, dated 15th December 1916.

Telephone.

XIII. Both the Cunningham and Glentilt Bungalows should be connected by telephone with the other stations on the hills.

Additional Accommodation.

XIV. Six cottages with two suites of rooms each, not costing more than Rs. 5,000 each, should be constructed with a view to increase the available accommodation.

Plans and estimates may be prepared.

The cottages may be made available to such visitors as wish to stay on the hill for long periods and special rates of rent may be levied.

MEMO OF IMPROVEMENTS NEEDED TO THE CUNNINGHAM BUNGALOW.

Block No. I.

The present Dining-room may be converted into a bed-room and the small anteroom converted into a bath-room and one of the windows turned into a door.

The glass doors of the bed-room may either be papered or provided with curtains. The pictures in the room are in a bad condition. The frames are in good condition, new prints only being wanted. The pictures may be removed into the adjoining room (Verandah) which may be turned into a Sitting and Dining-room. The red screen now in use may be replaced by pretty coloured creton in the same frame.

The chairs require re-covering and the springs also require attention.

The wardrobe may be removed, leaving access to the Dining-room from the Maity's room.

Block No. II.

May be used as a single bed, sitting room, as the bath-room is not large enough for two.

The sofa requires repairs.

Block No. III.

Should be used as a bed sitting room for two persons.

Block No. IV.

Should be used as a bed sitting room for two persons.

General Remarks.

The drainage of some of the bath rooms requires improvement. Rails to divide the bathing portion from the remaining portion are also needed in some of the rooms.

Some of the lamps may be renewed.

One wardrobe is sufficient for each room.

One almirah for linen and another for stores are required for each bungalow. The initial letter of the name of the bungalow to be marked on each article of linen to avoid confusion.

The Chimney of the European kitchen is smoking and an oven suitable to English cooking is also required. The kitchen may be removed to the out-house and a suitable oven constructed. The sitting room may be either whitewashed or given a reliable pale pink colour wash that will not rub off.

All the Baths may be supplied with small and light bath boards and tin mugs.

Suitable rates for the supply of linen, exceeding the scale of free supply, may be prescribed and a sufficient quantity of linen always kept in stock.

Abbreviated Address.

No. G. 8114-62—G. M. 113-16-14, DATED 15TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 8114-62—G. M. 113-16-14, dated 15th December 1916.

Government have arranged with the Telegraph Department for the registration of the word "Sandal" as the abbreviated address of the officers in charge of the Sandalwood Oil Factories at Bangalore and Mysore for purposes of correspondence by telegram. They are therefore pleased to direct that all officers having occasion to address telegraphic communications to these officers should use the abbreviated form only and thus minimise the charges.

No. 4189-90—Edn. 146-15-2, dated 6th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 20651—873, dated the 20th April 1916, from the Inspector-General of Education in Mysore, submitting his proposals for the employment of twenty Educational Supervisors for the inspection of Village Primary Schools.

Order No. 4189-90—Edn. 146-15-2, dated 6th December 1916.

On account of the large and rapid increase in the number of elementary schools from year to year the existing inspecting staff of the department is represented to be quite inadequate to cope with the work. The Inspector-General of Education suggests that as a rule no inspecting officer should be required to inspect more than 100 schools, and recommends the appointment of twenty additional inspecting officers of a lower grade than the present Assistant Inspectors (to be designated "Educational Supervisors") on a pay of Rs. 40 per mensem with other expenditure as noted in the margin to assist the higher officers of the department in the inspection of primary schools.

Fixed travelling allowance	Rs. 20	per mensem
One peon	Rs. 8	do
Contingencies	Rs. 2	do
Total for each supervisor	Rs. 30	do

2. Government are pleased to approve of the proposals and sanction the appointment of twenty Educational Supervisors temporarily for a period of three years. The Inspector-General of Education is requested to report the minimum qualifications that the persons to be selected should possess.

The duties of these supervisors will be to pay frequent visits to new schools and give instructions to the masters how to conduct the schools in their charge efficiently and to help District and Assistant Inspectors by regularly undertaking the inspection of a certain number of schools annually.

3. The Inspector-General is requested to submit detailed proposals defining the duties and jurisdiction of the District Inspectors, Assistant Inspectors and Educational Supervisors and their respective relations to each other, with suitable rules and forms to make the inspection of primary schools thoroughly efficient.

4. The additional cost during the current year will be met from the lumpsum provision of Rs. 16,800 made for the purpose in the Education budget of 1916-17.

5. The names and qualifications of the officers appointed together with the dates of appointment should be reported to Government for information.

6. The Inspector-General is requested to submit a half-yearly report as to how the scheme is working.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector-General of Education in Mysore.
The Comptroller, Mysore Government, through Branch II.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 3174-7—Edn. 77-14-2, dated the 3rd March 1915, sanctioning the opening of 100 adult schools and calling for a report in the matter.

2. Government Order No 824-5—Edn 84-14-10, dated the 19th August 1915, sanctioning among other things the opening of an additional 100 adult schools.

3 Letter No. 9380—359, dated the 30th October 1916, from the Inspector-General of Education in Mysore, submitting a report on the working of the adult schools opened up to 30th June 1916

4. Letter No. 1662, dated the 1st November 1916, from the Secretary to the Education Committee of the Economic Conference, asking for a grant of Rs. 23,000 for opening 800 adult schools during the current year, the schools being handed over to the Education Department after a period of six months.

5. Letter No. 11453-441, dated the 22nd November 1916, from the Inspector-General of Education, requesting sanction to open 200 adult schools during the current year.

Order No. 4627-30—Edn. 104-16-4. dated 14th December 1916.

The Inspector-General of Education has stated that 156 new adult schools were opened until the end of June 1916, under the scheme sanctioned in Government Order of 3rd March 1915, referred to in the preamble at an annual cost of Rs. 19,194 and with the aid of grants ranging from Rs. 4 to 14 per mensem. He represents that to enable him to open a large number of such schools a further grant is necessary in addition to the budget provision of Rs. 31,200 during the current year.

2. Having regard to the low percentage of literacy in the State and the facilities provided for the expansion of adult education throughout the State on a large scale at a comparatively low cost by the existence of a large number of day schools, the staff and equipment of which may be utilised for night schools also, Government consider that arrangements should be made to start such schools wherever possible and are pleased to sanction an additional grant of Rs. 20,000 during the current year to enable the Inspector-General of Education to open more adult schools. The proposals contained in his letter dated the 22nd November 1916, to open 200 new adult schools during this year is also approved. The Inspector-General of Education is requested to submit suitable proposals to place the whole system of grants for such schools on a proper basis in the light of the experience gained and to regulate the scale of grants in accordance with the character of the institution concerned.

3. Regarding the application of the Education Committee for a special grant to enable them to open adult schools with the aid of the District Economic Superintendents and transfer them to the Education Department after six months, Government observe that such an arrangement would tend to place the School Masters of day schools, who would in most cases conduct the night schools, under a dual control. The scheme would therefore be worked by the Education Department, but the Education Committee might help the Education Department in working out details of schemes for extensive development of adult education and improving the scope and character of such instruction.

4. The Inspector-General of Education is requested to report what arrangements will be made for the inspection of these schools, for delegation of greater power for opening adult schools to the Deputy Commissioners and local agencies

No. 4627-30—Edn. 104-16-4, dated 14th December 1916.

and for prompt sanction and disbursement of grants. He is also requested to prepare and issue a suitable curriculum of studies to be adopted in adult schools with clear instructions to the teaching staff as regards the points of difference to be observed in teaching children and grown-up persons and the extent to which the teachers may exercise their discretion to adopt the course of instruction to individual needs.

5. A complete revised scheme embodying the abovementioned principles may be prepared in consultation with the Education Committee and issued with the approval of Government not later than 31st March 1917.

6. A quarterly statement of schools opened under the scheme should be submitted for the information of Government.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

No. 4622-6—Edn. 19-15-107, dated 14th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 4622-5—Edn. 19-15-56, dated 13th March 1916, reviewing the report of the Committee appointed to inspect the Chamarajendra Technical Institute at Mysore and the Mechanical Engineering School at Bangalore, and directing a second inspection of the institutions in March 1916, and calling for a report of the inspection before the end of April 1916.

2. Correspondence ending with letter No. 9146*, dated 30th August 1916, from the Secretary to Government in the Department of Public Works, forwarding reports of inspection of the Chamarajendra Technical Institute at Mysore and the Mechanical Engineering School at Bangalore.

* Printed as an accompaniment.

Order No. 4622-6—Edn. 19-15-107, dated 14th December 1916.

The report regarding the work of the Chamarajendra Technical Institute is meagre. The appointment of a Demonstrator for drafting designs and a Hindustani teacher for imparting general education to the Mahomedan boys is under the consideration of Government.

2. The report on the Mechanical Engineering School is fuller and the work turned out by the institution is satisfactory.

3. The recommendations of the Committee to institute two grades of instruction and to provide training for higher grade of Mechanical Draftsmen in the latter institution are approved. Government agree with the Committee in the view that it is desirable to make arrangements to enable the students to appear for the City and Guilds Examination of London.

4. The proposals of the Inspector-General of Education regarding the improvements suggested by the Committee and the abolition of the present system of having outside lecturers and equipping the Machine shop to meet the growing demands of the Mechanical Engineering School are awaited. They should be submitted before the 15th of January 1917.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

No. 4622-6 —Edn. 19-15-107, dated 14th December 1916.

ACCOMPANIMENT

Letter No. 9146, dated Bangalore, 30th August 1916, from Rajasabhabhushana Karpur Shrinivasrao, Esq., B. Sc., L.C.E., M.R.A.S., Secretary to the Government of Mysore, Public Works Department, to P. G. D'Souza, Esq., B.A., B.L., Offg. Secretary to Government, Departments of Education and Agriculture, Bangalore.

In continuation of my letter No. 8875, dated the 23rd August 1916, I have the honor to forward herewith the reports of the Committee on—

(i) the Chamarajendra Technical Institute at Mysore, and (ii) the Mechanical Engineering School at Bangalore.

Mr. R. E. Bury was not present when the first named institution was inspected and Mr. Chatterton was absent when the second one was visited.

2. The delay in the submission of the reports was due to certain correspondence which had to be carried on with Mr. Chatterton on account of his dissenting note of last year. He has stated that he has nothing to add to this year's report.

Committee's report on the inspection of the Chamarajendra Technical Institute, Mysore

Rao Bahadur M. Shama Row, Esq. M.A.,
A. Chatterton, Esq., C.I.E.
Karpur Shrinivasrao, Esq., B.Sc., L.C.E.
R. E. Bury, Esq. (Absent)

In accordance with Government Order No. 3424-27—Edn. 17-14, dated the 15th March 1916, the Chamarajendra Technical Institute, Mysore, was inspected for a second time on Friday the 16th June by a Committee consisting of the marginally noted officers and the question of improvement and wants of the institute was discussed. The work of the students was examined and the students themselves verbally tested about their work.

2. The Institute consists of four sections (*a*) Industries, Crafts and Arts Section, (*b*) Engineering Section, (*c*) Commercial Section and (*d*) Workshop Section. In the Art and Industries and Craft Section, the Institute provides practical instruction on the following arts:—

1. Cabinet making.
2. Smithy and Fitters.
3. Rattan work.
4. Metal work.
5. Wood carving.
6. Inlaying.
7. Engraving.
8. Painting.
9. Design and decorative art.
10. Modelling.

Besides these, there are classes for imparting instruction in general education and drawing to each of which the students have to devote an hour a day.

3. There are in all 199 students undergoing training in the several branches of this section as given below:—

Cabinet making	...	55
Smithy and Fitters	...	26
Rattan	...	27
Engraving	...	10
Inlaying	...	9
Wood carving	...	8
Metal work	...	10
Arts	...	36
Workshop apprentices	...	18
Total	...	199

There are 137 scholarship-holders and the amount of scholarship permitted to be utilised for the current year is Rs. 598 out of the budget grant of Rs. 1,180 per mensem.

Of the total number of 199 students, 41 are Brahmins, 1 Vaisya, 6 Rajputs, 105 other high caste Hindus, 9 Christians and 37 Mahomedans.

4. Since last inspection, the number of students has increased and as was suggested in the last report, the Institute has been placed under the management of Mr. Harold G. Alderton recently appointed from England.

5. The teaching in the school under the various branches is carried on as per syllabus approved by the Committee. Proposals are under consideration for revising the syllabus.

No. 4622-6—Edn. 19-15-107, dated 14th December 1916.

6. The following matters in regard to building, repairs, etc., are urgently requiring attention:—

The Superintendent brought to notice certain minor works for the improvement of the building and this question will be dealt with by the Public Works Department.

The Superintendent of the Institute has brought to notice the appointment of a Demonstrator for drafting designs and a Hindustani teacher for imparting general education to the Mahomedan boys. These proposals deserve favourable consideration.

Mr. Chatterton again refers to certain special proposals for improving the school as per his dissenting note of last year and these notes are attached for ready reference.

Committee's report on the inspection of the Mechanical Engineering School at Bangalore.

Rao Bahadur M. Shama Row, Esq., M. A.
R. E. Bury, Esq.
Karpur Shrinivasrao, Esq., B.Sc. L.C.E.

Agreeably to Government Order No. 3424-27—Edn. 17-14, dated 15th March 1915, the Mechanical Engineering School in Bangalore was inspected for a second time on Tuesday the 6th June 1916, by a Committee consisting of the marginally noted officers and the work done in the school during the past years, both in theory and practice and current work as well, was shown to the Committee by the Superintendent Mr. S. V. Setti and his Assistants.

2. *Subjects taught.*—The Institute provides instruction, as in the past, both in theory and practice, in the following subjects:—

(1) Management and care of steam and oil engines.

(2) Management and care of erection of machinery and mill work.

(3) Electrical work including operating.

(4) Care and driving of motor cars.

(5) Carpentry and cabinet making.

Besides these, there is the special class for training teachers for Industrial Schools. The other special classes, *viz.*, Permanent Way Inspectors' class is closed since there is no more demand for them and the Telegraph Signallers' class, which trained and sent out two batches of students, was transferred to the Traffic Department of the State Railway, as per Government Order No. 3043-5—Edn. 19-15-37, dated 4th January 1916.

2. *Present Strength of the Institution.*—There are at present in all 126 students undergoing training, as per accompanying tabular Statement A.

There are 55 scholarship-holders, 5 subsistance allowance holders, 47 free students and 19 paying students.

4. The number of students is greater in the Electrical Engineering Section (30) and least in carpentry and cabinet making section (5). Sixteen students of the I. S. T. class are now in their second year course, which will be completed next August when they can be usefully employed in the various Industrial Schools to be opened by the Government, and the Inspector-General of Education expressed that he is in need of them.

5. *Growing Demand for Technical Education.*—Since last inspection, in spite of the abolition of P. W. I. and T. T. classes, the number has increased to 126 as against 120 of last year when other classes were being held. It is therefore necessary to increase the staff suitably. The new extension to the main building, Smith's Shed and Motor Shed will be able to meet, when completed, the present demand for increased accommodation.

6. *Staff.*—The teaching in the school under the various branches is carried on, as usual as per syllabus approved by the School Committee. It is now undergoing a thorough revision in the light of past experience.

7. As usual, practical training predominates under each branch, while the necessary theoretical side, which is so very essential to secure success, has not been neglected.

8. *Necessity for two Grades of Technical Education.*—Though a low standard of general educational qualification is fixed for admission to the school, *viz.*, Lower Secondary, students of various standard of education, ranging from III Form to Intermediate class, are now studying. It has therefore been found difficult to interest some among this heterogenous combination in the general subjects which they have already studied in the High School classes and equally difficult to take the rest through the prescribed course, within the limited period. It is proposed to divide them into two grades, lower and higher, the subject syllabus of which is carefully drawn up by the School Committee (*vide* Appendix B).

Note.—The difficulty raised by Mr. Chatterton during last year's inspection by the present Committee that teaching partly theoretical subjects like Physics and Chemistry will serve no useful purpose, now disappears in the newly proposed improved courses under two grades to suit pupils of different standards of general education.

No. 4622-6--Edn. 19-15-107, dated 14th December 1916.

9. The new scheme does not in any way shut out the lower standard students, while the higher standard students will get better and higher form of technical training commensurate with their qualifications and ambition. It is recommended that these two grades of classes may be approved by Government.

10. *Work turned out in the various Shops.*—The work turned out by the students in the various classes was carefully examined.

(1) In the machine shop one third year student has nearly completed a six-cylinder radial type model steam engine, while another third year student is making horizontal type of steam engine which is also nearing completion. A few of the second year students were doing the different graded exercises on the lathes. The equipment in the machine shop is quite inadequate as compared with the number of students who have to get their training and the time at their disposal. The School Committee has recommended the purchase of certain machinery which the Government may very well sanction to the great advantage of the school.

(2) In the Fitters' Section the first year students were doing try-squares, scribing blocks.

(3) In the Carpenters' Shop, while a few were doing the advanced graded exercises, the others were making neat high stools fit for drawing class.

(4) In the Smithy, exercises in drawing out, making nails, welding were being done by the several students, while some of the students were working at the collapsible gate which is nearing completion.

(5) In the Foundry, a number of moulds, which had been got ready during the last few days, were all lined up and molten metal from the new emergency cupola was poured to several of them while a few were working at fresh moulds getting ready for casting next week or so.

(6) In the Motor Section, the students were busy in overhauling a Regal car, while some were being taken out for driving practice in Scott motor cycle combination and Calthorpe minor car.

(7) The Museum contains a set of graded exercises done by the past students in the various shapes, and in the class rooms a few reversible desks also done by the students were being used.

The above reflects great credit on the staff of the institution and the methods of carefully selecting suitable graded exercises and putting students in the way of how best to do them.

11. There are some casual students attending the institution, taking up short courses to pick up the knowledge they want and some of them appear to be smart and attentive to their work. One of them is Honours Graduate who has joined the institution with a view to get an insight into workshop work before going abroad.

12. *Practical Training.*—All the students of last year who successfully completed their second year course are now undergoing practical training in Messrs. Binny Mills, Maharaja Mills, Government Central Workshops, and the Electrical Department.

13. *Practical Training in the Railway Department.*—With regard to some of the present second year students who have to be sent for practical training, the question of offering prospects in the Railway Department was considered, and Appendix C shows the proposals made in consultation with the Chief Engineer for Railways so that there should be no difficulty to find employment for a few of the good successful students.

14. *Need for more Permanent Men on the Teaching Staff.*—The teaching staff consists of Mr. Setti helped by outside lecturers, three Assistants and six Artisans. Three years' experience has shown that some of the outside lecturers have not found it convenient to do the teaching work regularly and systematically owing to urgent calls in their own sphere of activity. This to a certain extent dislocates work. It is therefore desirable to increase the permanent staff and reduce the number of outside lecturers to minimise inconvenience (*vide* Appendix D).

15. *Marks and other Registers.*—Various Marks' Registers maintained were examined and the system of watching the progress of students at various stages of workshop practice by suitable records is very good, while the other registers have been maintained as usual.

The Visitors' Book maintained gives only their names and designation, but it is desirable to have another book to record opinions of distinguished visitors of technical or other repute.

16. *Recommendations of the Committee.*—After a careful study of the conditions prevailing for the last three years, the following recommendations are submitted for favourable consideration and early action :—

(1) The new scheme for giving two grades of instructions, higher and lower, prepared by the School Committee be approved with suitable provision for admitting successful lower grade students, reducing or omitting the period of training in certain subjects which they will have already done.

(2) A scheme for training higher grade of Mechanical Draftsmen (*vide* Appendix E. for subject syllabus) may be incorporated in the above scheme. In fixing the curriculum the Railway Chief Engineer has also been consulted.

(3) In view of the fact that the present School has to be gradually raised to the standard of a high class Technical Institute, it is desirable to introduce in the institution only subjects pertaining to Mechanical, Electrical and Railway Engineering, leaving the training of Civil Engineers to the several Colleges already existing outside the State where there is at present no difficulty to gain admission.

Higher Civil Engineering subjects may also be introduced eventually, when a separate Civil Engineering College is to be established in the State or made an adjunct to the present institution.

(4) Staff necessary in addition to the existing members mentioned in para 14 are :—

(i) One L. M. E. to replace the General Assistant who only teaches now Physics, Chemistry and other high school subjects and whose services will not be required under the new scheme.

(ii) One Mechanical Engineering B.A., B.E., of the rank of the Sub-Assistant Engineer may be lent from the Public Works Department, if possible.

(iii) One Artisan on Rs. 40—4—60.

(5) If higher technical classes are to be opened as stated in (2) three more Graduates with sufficient experience on works in Menchanical, Electrical and Railway Engineering respectively are necessary.

(6) It is found desirable to make arrangements, so that the students may appear for the City and Guilds Examination of London just as Commercial students go in for London Chamber of Commerce Examinations. It is desirable in the interests of the School to send every year a few students for practical training to factories outside the State with a stipend of Rs. 15 per month.

(7) The proposal sent up by the School Committee for equipping the institution with different types of prime-movers and electric generators is very good, as they are necessary to give the requisite training and confidence in handling different types of plant and may be sanctioned.

17. *Conclusion.*—On the whole, the Committee are pleased to record their opinion that the work of the institution is being conducted on sound and practical lines and that the School Committee and the staff are carefully studying the wants from time to time and submitting suitable proposals for sanction, with a view to enhance the reputation and status of the institution, and they therefore can strongly recommend the adoption of the various measures proposed in this report in para 16.

No. 4622-6—Edn. 19-15-107, dated 14th December 1916.

Total ... 23 do

Durbar Day 1
Total 141

365—141=224 working days or 1,500 hours per year, deducting about 68 hours for class examinations and contingencies.

PROBABLE TIME TABLE.

Students whose standard of education is not higher than the V Form and not lower than the III Form will have to work as follows:—

Every day ... ... { 1 hour for class work. 6 hours for workshop.

Saturdays ... ... { 1 hour for class work. 3 hours for workshop.

so that out of 39 hours, 6 hours are devoted to class work and 33 hours for workshop. Therefore out of 1,500 hours in a year

240 hours for class work; and
1,260 hours for workshop practice.

For 2½ years 600 hours for class work; and
3,150 hours for workshop practice.

Students who will have completed Secondary School-Leaving Certificate or passed in the examination will have to work as follows:—

Morning alternate days ... ... Class work and workshop.
Every day afternoon ... ... Workshop.

This gives 12 hours class work and 27 hours workshop work, so that in a year 480 hours for class work and 1,020 hours for workshop. Or, in 2½ years 1,200 hours for class work and 2,550 hours for workshop.

No. 4622-6—Edn. 19-15-107, dated 14th December 1916.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 20841—882, dated 20th April 1916, from the Inspector-General of Education in Mysore, submitting a copy of the Report on the working of the Chamarajendra Technical Institute, Mysore, for the half-year ending 31st December 1915.

2. Letter No. 8691—322, dated 19th October 1916, from the same officer, submitting a copy of the report on the working of the same institution for the half-year ending 30th June 1916.

Order No. 4818-9—Edn. 45-16-12, dated 18th December 1916.

The reports are recorded.

2. The Inspector-General is requested to submit for the information of Government in the future reports of the technical institutions, how many of the successful students trained in the respective institutions were able to find employment with details as to the nature of the profession and the place of employment.

3. Government will be glad if arrangements can be made to bring home the advantages of the institute to the local artizans and craftsmen and make them use the resources of the institute for their benefit. Suitable text-books in Kannada for commercial subjects should also be compiled early.

4. Government desire that the authorities of the technical schools should keep themselves in touch with passed candidates and render, when necessary, reasonable assistance in their starting in life properly.

5. Separate orders will be passed on the recommendations received from the Inspector-General of Education for revising the course of studies, etc., in the institute.

Re-organisation of the Sericultural Department.

No. 4224-5—A. & E. 25-16, DATED 7TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 980-1—A. & E. 20-16-4, dated 31st July 1916, sanctioning the continuance of the establishment for the Sericultural Department.

2. Letter No. 153, dated 26th July 1916, from the Director of Sericulture in Mysore, submitting for sanction the following scheme for the revision of his department :—

With reference to the programme of work furnished with my letter No. 8, dated 1st—3rd July 1916, I have the honour to submit the following scheme for the revision of establishment necessary for working out the items comprised in the programme.

The organisation of the staff will for the present have to be incomplete owing to the want of trained men, and to the fact that even the men who have had training cannot be considered fully qualified for the more responsible appointments.

It will be seen that the main activities of the Sericultural Department can be classified under the following heads :—

1. Head Office,
2. Central Schools,
3. Taluk Popular Schools,
4. Taluk Farms (only temporary).

Head Office.—By this is ment the office of the Director of Sericulture. An adequate establishment is needed for (*a*) correspondence, (*b*) accounts and cash, (*c*) stores and (*d*) general work. At present this office is provided with two clerks, one on Rs. 40 for correspondence and one on Rs. 35 for accounts and cash. I consider that with the development of work it would be most convenient to have a centralised store in the Head Office, where all the requisites of experimental and other work connected with sericulture can be stocked and issued according to the requirements of the subordinate institutions or private persons. The charge of these stores will be a responsible function requiring an official of some status and thorough trustworthiness.

Therefore I would propose the appointment of a store-keeper. This official will also be entrusted with the charge of the library.

In regard to accounts and correspondence the existing establishment appears to be sufficient for the present. If any strengthening should be found necessary as the work develops suitable proposals will be submitted.

By general work I mean the work connected with the efficient organisation and supervision of sericulture in the State. For this purpose I propose attaching a Superintendent to the Head Office who will assist me in office work and in preparing bulletins. So the increase in establishment proposed for the Head Office consists of a Superintendent and a store-keeper.

Central School.—The establishment of a Central School where instruction is imparted on definite scheme is a matter of far reaching importance. This school to satisfactorily do the work for which it is intended would require a capable and sufficient staff and I propose that it should be provided with a Superintendent, two Inspectors, two Operatives and two Practitioners. These will also assist me in experiments.

I would include also the necessity of providing substitutes for work in the mofussil stations in case of leave or other contingencies. They will be regarded as a sort of mobile corps to be in readiness to go wherever their presence may be required at a very short notice.

Taluk Popular Schools.—It is proposed to make a beginning by establishing four popular schools in the State. I consider these schools to be perhaps the most important link in our organisation as they will work in midst of the raiyats and seek to educate them by practical work in rational sericulture. To start with each of these schools will require at least one demonstrator and two practitioners. These latter must not be included in the staff, because the students after having completed the theoretical part of their course and pass an examination at the end of six months in the Central School will be drafted on for practical work and attached as practitioners to the Popular Schools. The total staff required for the schools is accordingly four demonstrators.

No. G. 1224-5—A. & E. 25-16, dated 7th December 1916.

Taluk Farms. – There are at present twelve Taluk Farms in existence at the marginally noted places. Of these four, *viz.*, Channapatna, Sidlaghatta, T.-Narsipur and Hindigpat will be converted to Taluk Popular Schools, the remaining will be continued as demonstration farms for the present and transformed into Taluk Popular Schools in course of time as I am convinced that these lower institutions will be more dangerous than useful. In addition to the above it will be necessary to have one demonstrator and two operatives at a cool hill station for an experimental grainage to be selected hereafter.

T.-Narsipur.
Mysore

Channapatna
Thimmasandra.
Devanhalli.
Sidlaghatta.
Hindigpat.
Kolar.
Hassan.
Chikmagalur.
Kunigal (not working).

I shall now proceed to the question of the pay of several grades of officials proposed above. It is perhaps hardly necessary to say that the scale of pay obtaining at present is based on no fixed plan and does in any manner correspond to the importance of work done by the officials. Government recognized that there is a great future before the sericultural industry if it is properly developed. It seems to follow that the work of the development involves great responsibility and calls for initiative close attention to business and great tact and energy. Any false step would result in a serious set back and the staff will have to be maintained under very strict discipline. Regard must also be had to the fact that there is at present a paucity of trained men and that is necessary to make the appointments attractive enough to keep them and choose only the best of them for being maintained in the appointments. The scale now proposed is the result of an attempt to adjust the salaries to the importance of the work assigned to each individual and to provide a reasonable incentive to good work in the way of increments.

Superintendents.—According to the scheme of establishment explained above two Superintendents are required. Their pay is proposed to be fixed at (100—$\frac{10}{1}$—150). They will assist me in superintending the general work in the head office and in the Central School, as well as in the supervision of subordinate institutions and will exercise control over the rest of the staff. The pay proposed is in my opinion not in excess of the importance of the post and is also necessary to maintain the prestige requisite for their controlling subordinate institutions.

Store-keeper.—The duties of the official, as already explained, is the management and the responsibility of the stores and the salary proposed, *viz*, Rs. 40 is not more than is demanded by the responsible nature of his duties as he has to be in charge of a very valuable Government property.

Demonstrators.—To these officers will be entrusted the demonstrative work and the supervision of the propaganda in the Department As the results will in large measure depend on their diligence, capacity and sense of duty a salary of Rs. (50—$\frac{5}{1}$—75) is proposed which provides an incentive for good work.

Inspectors.—Their duty consists especially in carrying out the instructions of the Demonstrators outside the farm when inspecting the houses of the raiyats. There are at present five Inspectors on Rs. 30 each 1 (25+10) and 8 (25). I propose to do away with this diversity and have an uniform scale of Rs. (30—$\frac{5}{1}$—40).

Operatives.—To these is allotted the duty of carrying out all the operations required in the schools especially in connection with silkworm rearing, consequently they will be mostly utilised inside the popular schools and they will accompany by turns the Inspectors for acquainting themselves with the same work. This is the lowest grade of sericultural officials in the proposed scheme and it is proposed to give them Rs. (20—$\frac{1}{2}$—25). The Sub-Assistant Inspectors of the existing scale are proposed to be absorbed in the scale after six months' probation.

I trust I have explained clearly the urgent necessity for the proposed revision of the establishment and beg Government to be so good as to sanction the same early in order to enable me to organise work immediately.

I annex statements showing (1) the existing and proposed scales of establishment explaining financial aspect (2) list of appointments proposed to be made in the various grades under the revised scale.

No. 4224-5—A. & E. 25-16, DATED 7TH DECEMBER 1916.

Order No. 4224-5—A. & E. 25-16, dated 7th December 1916.

The proposals of the Director contained in the letter read above refer to two different matters: (1) revision of establishment necessary for carrying out the items of work assigned to him in the programme of work of the department as sanctioned in Government Order No. 1146-55—A. & E. 29-16-2, dated 4th August 1916, and (2) the establishment of a Central School, and four Taluk Popular Schools, and continuance of the eight Demonstration Farms to be eventually converted into Taluk Popular Schools.

2. In view of the importance of the development of the sericultural industry in the State, Government have considered the Director's proposals. They are pleased to sanction a revision of the establishment as given in detail in the statement appended hereto with the following modifications.

(*a*) The change of designation proposed in the case of the Senior Inspectors is not necessary.

(*b*) One uniform grade on Rs. 30 will be substituted for the existing grades of other Inspectors.

(*c*) The appointments of Demonstrators will be taken against the existing ones, *viz.*, of Inspectors by readjustment.

3. All appointments will be temporary.

4. The additional funds, *viz.*, Rs. 1,980 required will be met by reappropriation from the savings under "Assistant Experts" in the sericultural budget of the current year.

5. The Director's proposals regarding the conversion of the Sidlaghatta, T.-Narsipur and Hindiganal Farms into Taluk Popular Schools are approved as also the continuance of the others as Demonstration Farms to be converted into Taluk Popular Schools in course of time.

6. He is requested to send up definite proposals regarding the Channapatna Farm after a central school is opened at Mysore, and for establishment of grainages with full details of cost, recurring expenses, receipts and probable financial results.

7. He is further requested to send up for record a statement of allocation of the staff now sanctioned.

Territorial Distribution of Business between the Central and the Provincial Co-operative Banks.

No. 4417-19--A. & I. 19-15-28, DATED 9TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ —

Government Order No. 7569—A. & I. 19-15-22, dated the 26th June 1916, stating that the arrangements sanctioned in Government Order No. 6560-71—A. & I. 19-15-15, dated the 13th May 1916, in regard to the territorial distribution of business between the Central and Provincial Co-operative Banks, were made after a full consideration of all the aspects of the question and that Government are not prepared to sanction any modification thereof, except that the arrangement may be brought into force from 15th May 1916, instead of 15th March 1916.

2. Letter No. 7195, dated the 29th June 1916, from the Registrar of Co-operative Societies in Mysore, stating, with reference to the above that he will do all in his power to settle the questions that may be raised for his decision on the subject.

3. Letter No. 400, dated the 6th July 1916, from the Secretary, Provincial Co-operative Bank, stating that as the order of the 13th May 1916, read above, unduly hampers the work of the Bank, the Board of Directors have resolved to decline the cash credit sanctioned, so as to retain the right and the liberty of extending their operations throughout the State and requesting a reconsideration of the said order as otherwise the Bank would have to be wound up.

4. Memorial to His Highness the Maharaja, dated the 13th July 1916, from the Board of Directors of the Provincial Co-operative Bank, praying for a reconsideration of the order of the 13th May 1916, referred to above.

Order No. 4417-19--A. & I. 19-15-28, dated 9th December 1916.

Government have carefully considered the representations made by the Provincial Bank on the subject and are of opinion that, as according to the territorial distribution already ordered each Bank can deal with more than 250 Societies, a number sufficiently large for the business of any central financing agency, the Bank cannot have any legitimate ground for complaint. Government therefore see no reason to modify their order dated 13th May 1916.

2. The Registrar of Co-operative Societies has reported that he has made arrangements to give effect to the territorial distribution. He is requested to furnish a monthly return arranged by districts showing the number of applications for loans received and the manner of their disposal. As already directed, the position will be examined at the end of one year with a view to such further re-adjustment being made as may be necessary with reference to the work, stability and finances of each Bank during that period.

3. The Registrar is requested to invite the attention of the Provincial Bank to the objectionable character of the general tone of its communication to Government and inform it that representations sent up in an unconstitutional manner are not likely to help its cause. The Bank should be clearly given to understand that, if it is not willing to abide by the orders now passed, it should expect no further help from the department or concession from Government.

4. Both the Provincial and the Central Banks should be required to address Government through the Registrar of Co-operative Societies in matters connected with the work of the department instead of direct.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Registrar of Co-operative Societies in Mysore.
The Comptroller, Mysore Government.
The Financial Secretary to Government.

No. 4738-87—A. & E. 62-16-5, dated 18th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. C. Per. 95, dated the 17th October 1916, from the Revenue Commissioner in Mysore, forwarding a consolidated statement of the Village Statistics for 1915-16, for the whole State with a review.

Order No. 4738-87—A. & E. 62-16-5, dated 18th December 1916.

This is the third set of statistics issued under the Village Improvement Scheme.

2. The number of villages for which statistics are given in the present statement is 17,847 as against 17,682 in the year previous, while the number of villages having Village Improvement Committees is shown as having gone down from 8,906 to 8,878, the total population concerned being 48·4 lakhs as against 47·7 lakhs in the previous year. The reasons for these variations should have been ascertained and *becharak* and inam villages included in the return, given separately.

3. The table appended hereto gives the most important figures relating to production and literacy in rural areas contained in the statistics under review.

STATEMENT No. I.

No.	District	No. of villages included in the return	Population and number of villages with Village Improvement Committees	Percentage of literacy	Area under food and other crops
1	2	3	4	5	6
1	Bangalore	2,611	6,42,245 & 1,150	5·1	Acres 6,19,592
2	Kolar	3,026	6,33,528 & 1,451	5·5	5,20,277
3	Tumkur	2,659	6,90,504 & 1,249	6·6	8,33,961
4	Mysore	2,852	11,07,960 & 1,577	3.37	13,95,247
5	Hassan	2,516	5,28,297 & 999	4·97	5,32,735
6	Shimoga	1,913	4,32,731 & 816	4·86	5,60,759
7	Kadur	955	2,79,248 & 522	5·9	2,98,459
8	Chitaldrug	1,293	5,26,755 & 1,084	4·9	9,34,986

No.	District	Area under commercial crops	Value of Agricultural produce	Value of industrial output	Average yield per head of population
		7	8	9	10
1	Bangalore	Acres 45,364	Rs. 1,00,49,134	Rs. 815,994	16
2	Kolar	27,042	91,31,283	434,595	15
3	Tumkur	95,601	94,01,754	467,858	14
4	Mysore	1,06,944	2,42,75,837	849,606	22
5	Hassan	94,939	1,53,81,763	110,719	29
6	Shimoga	42,318	1,28,90,477	222,277	30
7	Kadur	87,405	1,16,31,447	80,263	41
8	Chitaldrug	1,66,884	1,07,52,683	662,461	21

No. 4738-87—A. & E. 62-16-5, DATED 18TH DECEMBER 1916.

Owing chiefly to favourable seasonal conditions the total area cropped rose from 58 lakhs in the previous year to 65 lakhs during the year under review and the value of the produce from Rs. 899 lakhs to Rs. 1,036 lakhs, representing an increase of 7 lakhs in the acreage and over Rs. 130 lakhs in value.

4. The appended statement (Statement No. II) furnishes details regarding outturn and value of the principal crops grown in the State.

STATEMENT No. II.

Crop	Extent in thousands of acres		Increase or decrease	Order
	1915-16	1914-15

Mulberry	26	18	6·8	6·3	,,	9
Cotton	20	7	26·5	9·1	,,	7
Cocoanut and supari	64	50	70·2	61·7	,,	3
Coffee and cardamom	66	72	51	69	Decrease	5

There has been a considerable expansion in the area under sugar-cane obviously due to good rains and the high prices of jaggery, but the increased area apparently represents a recovery from the fall in the area originally cultivated. As the present area under sugar-cane is only a fraction of the lands which could be utilised for sugar-cane cultivation by more economical use of water and better organisation, the subject of extending the sugar-cane cultivation is commended to the special attention of the departments and agencies concerned with the development of production in the State. Arrangements should be made to furnish in the respective administration reports of the departments, details of increase in area due to the special efforts made by them in this respect. Though the figures for the average value of outturn per acre of the different crops given in Statement II seem to be vitiated by several inaccuracies, they are sufficiently indicative of the low level of yield in the State, especially with regard to commercial and non-food crops.

It would be well if the Agricultural Department and the Committees of the Economic Conference concerned devoted some attention to impress these facts upon the people and placed before them through the help of the District, Taluk and Village Progress Committees and Co-operative Societies and similar agencies proper standards with suggestions of practical measures to be adopted to attain them.

5. According to the figures noted in the margin there is an appreciable increase in the number of births and decrease in the number of deaths. It is expected that as a result of the arrangements recently sanctioned there will be marked improvement in the collection of such statistics in future, which cannot, as they stand at present, be considered accurate.

No. 4738-87- A. & E. 62-16-5, dated 18th December 1916.

Education.

6. The percentage of literacy varies from 3·37 in the Mysore District to 6·6 in the Tumkur District. The number of primary schools has risen from 5,636 to 6,356 and the increase has been mostly in respect of aided schools. The number attending schools for the year under report is 175,293 as against 161,467 in the previous year. The number of adults receiving instruction has risen from 5,618 to 8,163. The number of reading rooms has increased from 580 to 975. The Tumkur District has contributed largely to the addition in this respect, the increase being from 43 to 227, while on the other hand the number in the Chitaldrug District has actually fallen from 71 to 50.

The progress in education in villages, which is still very slow, calls for more sustained efforts on the part of Village Committees not merely in the direction of the opening of schools but in securing proper attendance.

Occupations.

7. Out of a total population of 48 lakhs including dependants engaged in various occupations, over 39 lakhs are engaged in agriculture. Of the remaining, 1·6 are engaged in trade, ·79 in weaving, ·45 in smithy, ·23 in pottery, ·20 in carpentry and ·10 in silkworm rearing. There is no appreciable change in the figures as compared with those of the previous year. Taking them by districts there is a slight decrease under trade in the Bangalore District, a small increase in weaving in the Tumkur and Mysore Districts. The figures show an increase of 1,150 in the number of cotton looms, 400 in that of woollen looms and a small decrease in the number of silk looms.

Only 9 per cent of the agriculturists have some subsidiary occupations; 7 per cent of the total population are stated to be capable of maintaining themselves for two successive years in case of distress; the proportion of such families to the total number ranges from 4 per cent in the Mysore District to 11 per cent in the Chitaldrug District as will be seen from the details in the margin.

Percentage of families capable of maintaining themselves for two successive years of distress

District			Order
Bangalore	...	8	3
Kolar	...	6	5
Tumkur	...	7	4
Mysore	...	4	7
Hassan	...	7	4
Shimoga	...	5	6
Kadur	...	9	2
Chitaldrug	...	11	1

The paucity both in the number and variety of rural industries and of subsidiary occupations in the State, which is forcibly indicated by the present returns requires special investigation by the Economic Conference and the Industries and Commerce Committee is requested to prepare a comprehensive scheme for the development of the minor industries of the State and take the necessary steps for the purpose.

Industrial Output.

8. The value of industrial output for the year is estimated at 39·6 against 40·3 lakhs of the previous year. Weaving has contributed 20 lakhs, silkworm reeling 7 lakhs, and pottery a little over 3 lakhs.

The total income for the year from both Agricultural and Industrial Occupations is 1,075 lakhs as against 939 lakhs of the previous year and the average income per head of population dealt with works out to Rs. 22-4-0 against Rs. 20 of the previous year.

9. The total value of Village Improvement Works executed during the year by the villagers with or without the aid of Government contribution is stated to be Rs. 6,63,641 as compared with Rs. 3,73,134 in the previous year, while the value of religious or charitable works executed in the villages is given at Rs. 4,17,428 as against Rs. 4,57,492 in the previous year.

10. The Revenue Commissioner's attention is invited to the following discrepancies in the returns:—

(*a*) If the total value of the agricultural produce and the industrial output is divided between the total rural population in each district the

average production per head works out as below and gives the following extremely divergent results:—

		Rs.
Bangalore	... ...	16·9
Kolar	... ...	15·0
Tumkur	. . ...	14·2
Mysore	... ...	22·7
Hassan	... ...	29·8
Shimoga	... . .	30·3
Kadur	... ...	41·8
Chitaldrug	... ...	21·9

(*b*) The value of the outturn of one acre of mulberry is shown to be about Rs. 50 per acre in the Bangalore and Kolar Districts, while it is not more than Rs. 10 to 15 in the Tumkur and Mysore Districts. Three hundred and twenty-three acres are shown as being under mulberry cultivation in the Kadur District. The total number of persons with dependants engaged in silkworm rearing and silk-reeling is shown as 10,781, while the total area under mulberry cultivation is given as 23,311 acres which works out at the rate of 10 acres nearly for each family containing 5 souls. The total value of silk produced in the villages is estimated at 7 lakhs. There can be no doubt that there is a wide margin of error in all these figures. As sericulture is one of the most promising rural industries in the State, the value of exact figures cannot be over-estimated.

(*c*) The number of families who are stated to be able to withstand two adverse seasons is proportionately greater in Chitaldrug where the rainfall is uncertain, than in Mysore which has great resources in the way of irrigation.

10. Though it is now three years since the system of collecting and issuing statistics separately for the villages was introduced, the figures so far collected beyond giving some rough indications regarding the economic condition and the activities of the rural population contain too large a margin of error, both in estimating outturn and value, apart from mistakes in calculation, to be of much use in the preparation of schemes for increasing occupations and the earning power of the people. The Revenue Commissioner is requested to consult the Deputy Commissioners and submit proposals for further improving the statistics. Every officer belonging to the departments concerned with improvement of education and the economic condition of the people should familiarise himself with outstanding facts to be deduced from these returns and take special interest during his tours in the interior in checking village statistics and instructing the committees to make them more accurate and reliable.

11. Government consider that arrangements should be made to collect statistics for urban areas also. The Secretary, Mysore Economic Conference will be requested to submit for approval in consultation with the principal Municipal Councils and District Committees a suitable form for municipal areas and arrange to compile and publish a census of production, etc., in cities and towns simultaneously with the village statistics, with the help of the Municipal Councils and the District Committees concerned.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Revenue Commissioner in Mysore.
The Director of Agriculture in Mysore.
The other Heads of Departments.
The Deputy Commissioners of Districts
and Presidents of District Committees and Municipalities, etc.
The Secretary, Economic Conference.

Exd.—C. R.

Report of the Industries and Commerce Department.

No. 4109-59—I. & C. 43-16-4, DATED 6TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Industries and Commerce Department for the year 1915-16, received with the Director's letter No. 954, dated the 5th September 1916.

Order No. 4109-59—I. & C. 43-16-4, dated 6th December 1916.

Owing to difficulties in procuring machinery and other causes, the Director states that, with the exception of sandalwood oil distillation, it has not been possible to take up any new line of work. The operations of the department therefore chiefly consisted of the installation of power plants, improvements in weaving and the investigation of wood distillation and a few other industries. Some progress has been made in the Soap Industry and manufacture of soap on a commercial scale is expected to be undertaken as soon as the plant already ordered arrives. The Department has received much valuable help from the Professors of the Indian Institute of Science in experimental work in connection with sandalwood oil and wood distillation and they have also undertaken other investigations likely to be of practical use in utilising for industrial purposes other raw materials in the State.

2. *Sandalwood Oil Distillation.*—An experimental factory was sanctioned during the year in Bangalore at an initial cost of a lakh of rupees. The work of erection was started in November 1915 and the actual distillation of oil commenced in May 1916, the bulk of the plant and machinery having been manufactured locally. Government have recently sanctioned the erection of a larger factory at Mysore.

3. *Installation of Power Plants.*—The number of new installations started during the year was 32 and with those already in existence at the beginning of the year there are now in the State 103 installations in which power is employed. The cost of the 35 installations wholly completed during the year under review is Rs. 2,78,220 and that of installations in hand about Rs. 1,31,700. Fourteen hire-purchase agreements amounting to Rs. 40,270 and 16 loans amounting to Rs. 76,500 were sanctioned. The total amount advanced by Government either in the shape of loans or for the purchase of machinery supplied on the hire-purchase system is Rs. 83,352-8-0. During the year a sum of Rs. 30,872-3-3 was recovered, of which Rs. 11,557-2-3 was on account of loans, Rs. 16,114-12-6 on account of hire-purchases and Rs. 3,200-4-6 on account of interest. The amount outstanding at the end of the year amounted to Rs. 5,082-8-0, of which Rs. 1,158-4-9 has since been recovered and the balance to be recovered is Rs. 3,924-3-3.

Out of 74 applications received for assistance under the rules during the year 44 were rejected. The Director states that no application was sanctioned without careful scrutiny and loans were granted only in cases in which the proposed undertaking was likely to prove profitable and the applicants would be likely to be able to carry it out. The Director is of opinion that the system of loans subject to these safeguards has proved to be of great benefit to the people and has resulted in bringing into existence a large number of installations likely to yield good returns to their owners. It is understood that, owing to lack of trained men to handle machinery and facilities for repairs in the districts, work is often interrupted. It is hoped that, with the training now given in the Bangalore Mechanical Engineering School and in the workshops attached to the Chamrajendra Technical School, a supply of such men will be forthcoming.

4. *Sugar-cane Mills and the Manufacture of Jaggery.*—During the year 7 sugar-cane installations were worked departmentally. Of these 5 were Government installations, 1 belonged to a private party and 1 to a Co-operative Society. The mills are reported to have worked 2,435¼ hours in all and turned out 19,406 maunds of jaggery. The small amount of work turned out is stated to be due to the very unfavourable season and to large quantities of cane being held back from the mills to provide seedlings for the current year.

No. 4109-59—I. & C. 43-16-4, DATED 6TH DECEMBER 1916.

The working expenses of the sugar-cane mills from the time they were started have been Rs. 19,333-13-0 and the receipts Rs. 18,843-7-5. The capital cost of the 5 installations erected by Government is Rs. 60,652-3-10. The concerns have worked so far at a slight loss. The Director is requested to see that they work to their full capacity during the entire working season. The Director should arrange with the Deputy Commissioner, Shimoga, for the immediate settlement of the question of the transfer of the Shikarpur sugar mill and to take steps to transfer Government installations to private persons wherever possible.

The steam-heating plant which is being experimented on at Agaram for dealing with large areas of sugar-cane is stated to have proved a success. The Director is requested to complete the demonstrations in the coming season and report in consultation with the Director of Agriculture and the Revenue Commissioner upon steps that may be taken to popularise such plants under the Kannambadi Reservoir and other works of irrigation where sugar-cane cultivation is likely to extend on a large scale.

5. *Hand-Loom Weaving.*—Work was continued in the Weaving Factory on the same lines as in the previous year. Considerable progress is stated to have been made in the weaving of silk and gold-laced saries on jacquard looms. But extensive development has not been possible owing to the necessity of machinery for the supply of silk to the looms. It is also stated that an improved sectional warping and sizing machine has been invented by the Superintendent which is at present suitable only for course counts but which is being modified for the higher counts of yarn used on the power looms.

So far the measures adopted by the Director for the improvement of weaving in the State have not resulted in much direct benefit to the weavers except in the introduction of a large number of fly-shuttles. The Director is requested to prepare a proper scheme of work for the future so that the investigations may be of more practical value to the weavers. Arrangements should also be made to have correct statistics regarding the condition of the weaving industry in the State and steps may be taken by District and Taluk Progress Committees to collect information regarding the economic condition of weavers in a few typical villages in each taluk. Government consider that the operations in the Factory should now be able to yield a substantial margin of profit which should cover the cost of the experiments.

Woollen Mills.—The Director is requested to make a special report regarding the Wool Spinning Mill for which there is urgent need owing to the difficulties experienced by local weavers in getting wool for which they are now dependent on hand labour. The Tumkur District Committee may be consulted to see if there is any likelihood of the business being taken up in that district and if not the Director may submit proposals separately to start one at an early date.

6. *Tile Factories.*—It is to be regretted that the manufacture of tiles has not been commenced in any of the factories started with the help of Mr. Burrows. The Director is requested to see that work is started at once in the Tirthahalli Factory.

7. *Statistics.*—The Director states that he has not been able to publish special statistics as required in the last year's review. Government trust that arrangements will be made during the current year to select and review at least two important industries and trades.

8. *Conclusion.*—The work of the department has on the whole been conducted with vigour, specially in the direction of stimulating enterprise and demonstrating and establishing the valuable Sandalwood Oil Industry for which the thanks of Government are due to Mr. Chatterton.

Execution of Decrees passed by the Registrar of Co-operative Societies and Suits filed in his Office.

No. 4057-65—I. & C. 13-16-11, DATED 4TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The marginally noted communications from the Deputy Commissioners of the Hassan, Kadur, Chitaldrug and Bangalore Districts, forwarding statements showing the result of proceedings on applications for execution of decrees passed by the Registrar of Co-operative Societies during the half-year ending 30th June 1916.

Letter No. 30—C. 2, dated 19th July 1916, from the Deputy Commissioner, Hassan.
Letter No. 38—C. 2, dated 4th August 1916, from the Deputy Commissioner, Kadur.
Letter No. 41—C. 2, dated 5th August 1916, from the Deputy Commissioner, Chitaldrug.
Letter No. 52—C. 2, dated 10th August 1916, from the Deputy Commissioner, Bangalore.

2. Letter No. 1531, dated 16th August 1916, from the Registrar of Co-operative Societies in Mysore, forwarding a statement giving particulars of suits filed in his office during the said half-year.

3. Communications from the Deputy Commissioners of the remaining four districts forwarding similar statements.

Order No. 4057-65—I. & C. 13-16-11, dated 4th December 1916.

Recorded with the observation that arrangements should be made to submit the statements before the end of January and July every year, as prescribed in paragraph 5 of Government Order* No. 5559-67—A. & I. 155-14-2, dated 28th June 1915.

2. Out of the 464 suits pending before the Registrar of Co-operative Societies during the half-year under reference, 126 suits were disposed of; 62 of them by reference to arbitration, 28 without trial, 17 *ex parte* and only 19 by actual trial.

Having regard to the object with which these facilities have been provided, Government cannot consider that the Co-operative Societies can derive much benefit from the provision, if the Registrar is not able to deal in the course of the half-year with more than about 25 per cent of the suits. As the procedure is very simple and the matter can be disposed of in most cases without any detailed enquiry, the Registrar is requested to see that hereafter no suit is kept pending, as far as possible, for more than three months after institution.

3. There were 110 decrees pending execution before the Deputy Commissioners during the half-year and only 21 were disposed of, leaving a balance of 89 at the end of the period, as shown in the margin.

Name of district	No. pending before the Deputy Commissioner	Number disposed of
Hassan	30	4
Kadur	5	1
Chitaldrug	...	...
Bangalore	11	...
Kolar	5	...
Mysore	30	4
Tumkur	29	12
Shimoga	...	...
Total ...	110	21

Here again, Government observe that the object of the privilege given to Co-operative Societies is frustrated by delays. The Registrar of Co-operative Societies should, in consultation with Deputy Commissioners, devise some effective means for speedy disposal in all cases. The Deputy Commissioners are also requested to briefly note in future the special steps taken by them for the speedy execution of decrees.

4. Under the column headed "*Total number of applications for the execution of decrees before the Deputy Commissioner*," in statement B mentioned in the Order of the 28th June 1915, each Deputy Commissioner is requested to furnish hereafter details as to the number of applications pending at the beginning of the half-year under report and the number received during the half-year. The Deputy Commissioners are also requested to adhere to the prescribed form in furnishing information in future.

READ—

Note received with letter No. 1272, dated 16th December 1914, from the Registrar of Co-operative Societies, on the subject of his being invested with powers to execute decrees passed under the Mysore Co-operative Societies Regulation.

Order No. 5559-67—A. & I. 155-14-2, dated 28th June 1915.

The proposal of the Registrar does not commend itself to Government.

2. To keep the Registrar informed of the results of the decrees passed by him, it is desirable that information should be sent by the Deputy Commissioners to the Registrar in each case after the decree has been fully executed. They are accordingly requested to arrange for such information being furnished to the Registrar in future.

3. Government also direct that a half-yearly return be submitted (in Form B attached hereto) by each Deputy Commissioner showing the number of decrees sent to him for execution up to the end of the previous half-year and the progress of execution during the half-year to which the return relates.

4. A similar statement in Form A, of suits filed before the Registrar and disposed of by him, decrees passed, executed and pending should be sent up by the Registrar to Government.

5. These two returns should be submitted to Government before the end of January and July every year.

Weekly Edition of the Mysore Economic Journal.

No. 4300-49—E. C. 10-16-8, DATED 8TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 1444-90—A. & I. 86-14-1, dated the 24th November 1914, sanctioning a scheme for the monthly publication of a journal of the Economic Conference, both in English and Kannada.

Order No. 4300-49—E. C. 10-16-8, dated 8th December 1916.

With a view better to promote the objects of the Mysore Economic Journal and make it a more effective medium for spreading sound ideas on economic subjects among the people and stimulating their activities in all useful directions, the Standing Committee of the Economic Conference have recommended the publication of a weekly edition of the Journal in *Kannada*. Government are pleased to accept the recommendation and to approve of the publication of a weekly Kannada edition for a period of one year, with effect from 1st January 1917, in lieu of the existing monthly.

2. The lines on which the *weekly* will be conducted are contained in the provisional scheme appended to this order and they are generally approved. The total extra expenditure for converting the monthly Kannada journal into a weekly should not exceed Rs. 5,000 per annum. The Secretary Economic Conference is requested to work out all further details and take the necessary steps for entertaining any additional establishment required and incurring other expenditure, with proper sanction. An additional grant of Rs. 2,500 will be sanctioned to meet the cost of the publication for the half-year beginning from the 1st January 1917 and suitable provision will be made in the budget of the journal next year.

3. Heads of Departments and Deputy Commissioners of Districts are requested to permit their subordinate officers to contribute freely to the Kannada weekly journal, and officers connected with the Departments of Education, Agriculture, Industries and Commerce, Economic Conference, Co-operative Societies and others concerned with the economic improvement of the people should be instructed to make use of the journal regularly to keep the people informed of all important activities in the State.

4. The Secretaries to the Central Committees are requested to arrange to publish in the journal, in the first instance, all information intended for the education of the people and issue bulletins only on subjects of a technical character and matters more or less of permanent interest.

5. The existing Kannada monthly journal will be discontinued as early as practicable.

6. The Secretary to the Economic Conference is requested to submit a quarterly report on the working of the scheme. He is also requested to submit proposals for the further continuance of the English and Kannada Journals three months before the expiry of the sanctioned period.

PRESS TABLE.

Exd.—C. R.

No. 4300-49—E. C. 10-16-8, dated 8th December 1916.

APPENDIX.

Title.—The weekly will be called by the same name as the monthly which it replaces, *viz.*, "The Arthasadhaka Patrike."

Size.—The size of the journal inclusive of advertisements will not exceed 16 pages of demy or 8 pages of double demy.

Contents.—The journal will be mainly devoted to economic subjects, its primary object being to stimulate and develop economic activities in the State. It is also intended to bring the people into touch with the work of the Economic Conference and the various departments and agencies connected therewith.

The journal will not deal with politics and will avoid all controversial topics on social and other subjects. It may contain current news without comment, biographical sketches, stories, metrical compositions, etc., inculcating the utility of economic development, business habits, etc.

The journal will be divided into the following sections:—

(i) Editorial notes,
(ii) Current news,
(iii) Original articles,
(iv) Biographical sketches, metrical compositions, etc.
(v) Statistics, information relating to and comparison with foreign countries.
(vi) Economic activities in the State—
  (*a*) Departmental.
  (*b*) Central Committees of the Economic Conference.
  (*c*) Work in the districts.
  (*d*) Work in the rural tracts.
(vii) Extracts.
(viii) Correspondence and enquiries, and
(ix) Advertisements.

Information pertaining to the activities of the departments and Central Committees will be furnished by the departments and the Secretaries to Central Committees, and that relating to the work in the districts and the rural tracts by the District Economic Superintendents, Secretaries of District Committees and Taluk Progress Committees.

(*N. B.*—Government will not be responsible for any article appearing or for any opinion expressed in the paper.)

Management.—The Editor will be responsible for the regular publication of the journal and for all matters of business connected with the journal subject to the general instructions of the Secretary to the Mysore Economic Conference.

A Committee consisting of the marginally noted officers will meet once a month to consider and suggest the lines on which the working of the journal is to be conducted, the general policy to be followed and measures for improving the journal. The Committee will have no executive authority but will be entitled to be furnished with any information they may require. The acceptance and rejection of articles, the appropriation of space for different topics, the fixing of honoraria for accepted contributions will rest with the Assistant Editor subject to the instructions of the Editor, Economic Journal, for the time being.

1. The Secretary, Economic Conference.
2. The Secretaries of Central Committees.
3. One Assistant Director of Industries and Commerce.
4. The Registrar of Co-operative Societies.
5. The Deputy Director of Agriculture.
6. The Editor, Mysore Economic Journal.
7. The Assistant Editor in charge of the Kannada Weekly.

Subscription.—The annual subscription to the journal will for the present be Re. 1 per annum for subscribers inside the State and Rs. 2 per annum for outsiders, exclusive of postage.

Advertisements.—The journal will receive select advertisements and the space devoted to them will not exceed one-fourth of the total number of pages in the journal.

Printing.—The Editor will arrange to have the journal printed in a private press, but if the arrangements are not completed in time to enable him to start the publication early in January, the work may, for a short time, be entrusted to the Government Press.

Details of cost.—The additional cost is calculated to be approximately as follows:—

Editorial staff.	Rs.
Additional salary to Assistant Editor	20×12=240
One additional Sub-Editor on Rs. 75	75×12=900
One Examiner on Rs. 30 and one Reader on Rs. 10...	40×12=480
Clerical.	
Additional salary to existing staff	20×12=240
One Ledgerer on Rs. 30 and one clerk on Rs. 20 ...	50×12=600

No. 4300-49—E. C. 10-16-8, dated 8th December 1916.

Menial.		Rs.
One peon on Rs. 7 and two office boys on Rs. 4 each	15×12=	180
Total ...	220×12=	2,640

Supplies and Services— Rs.

(*a*) Printing paper assuming a circulation of 1,000 copies per week	...	2,480
(*b*) Honoraria at Rs. 3 per column for 3 columns per week	...	400
(*c*) Contingencies	...	600
(*d*) Furniture, etc.	...	380

Abstract of Receipts and Expenditure—

Receipts—

By 1,000 copies at Re. 1 per annum	... 1,000
By advertisement charges for 12 columns to commence with, Rs. 10 per column per mensem	... 1,500
By Government contribution	... 4,000
Total	... 6,500

Expenditure— Rs.

To establishment	220×12=	2,640
To paper and printing the journal (or in round figures)	206×12=	2,480
To non-recurring expenditure (furniture, reference books, during the first year)		380
To contingencies	50×12=	600
To Honoraria		400
Total ...		6,500

These items are subject to further revision. The Secretary to the Economic Conference will be responsible to see that only such additional staff as is actually necessary is entertained and all additional expenditure is incurred after proper sanction subject to the limits prescribed in the Government Order.

District Economic Superintendents.

Government Order No. 16855-S—G. M. 134-15-144, dated 17th June 1916, laying down rules for regulating the promotions to the grade of Assistant Commissioners in the general line of Amildars deputed to do duty as District Economic Superintendents.

Printed as an annexure.

2. Representations of Messrs. Sri Narasimha Sastri and M. S. Ramachandra Rao, requesting that they may both be given the status of Assistant Commissioners and their pay fixed at Rs. 250, per mensem.

Order No. 4640-4—E. C. 9-16-16, dated 15th December 1916.

Government are pleased to direct that when the turn of an officer doing duty as District Economic Superintendent comes to act as an Assistant Commissioner, he should, if fully qualified and otherwise eligible therefor, be given the status and pay of an Assistant Commissioner so long as the vacancy lasts. This will supplement the order of the 17th June 1916 read above.

2. The claims of Messrs. Sri Narasimha Sastri and M. S. Ramachandra Rao to be given the temporary rank of Assistant Commissioners will be dealt with in accordance with this principle and they will also be entitled to draw travelling allowances at rates admissible to Assistant Commissioners so long as they have that status.

ANNEXURE.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. G, dated the 20th December 1915, from the Deputy Commissioner of the Tumkur District, stating, with reference to this office letter No. G. 7388—G. M. 134-15-63, dated the 11th December 1915, that one of the Amildars, junior to Mr. M. S. Ramachandra Rao, District Economic Superintendent, has been appointed to act as an Assistant Commissioner in a long term vacancy and recommending that Mr. Ramachandra Rao may be given the status of an Assistant Commissioner during his employment as Economic Superintendent in consideration of his seniority and the good work done by him.

Order No. 16855-8—G. M. 134-15-144, dated 17th June 1916.

Government consider that the Amildars who are now doing duty as District Economic Superintendents and who are duly qualified under the rules by having passed the prescribed tests should not lose their chances of promotion to the grade of Assistant Commissioners in the general line by their deputations and are pleased to lay down the following rules to regulate their promotions :—

(i) The position of each duly qualified officer belonging to the general line, now working as Economic Superintendent, will be specified as between such and such officers for promotion to Assistant Commissionership and when he reverts to the general line, he will, subject always to continued efficiency and fulfilment of required examination and other tests, assume his specified place in the lists of Assistant Commissioners. No junior officer in the general line will ordinarily be appointed *permanently* as Assistant Commissioner, while any officer senior to him, working as an Economic Superintendent, who is eligible for an Assistant Commissioner's place has not been so appointed.

(ii) When the officers on deputation become loosers in the matter of salary by continuing as Economic Superintendents, they should be given local allowances to make up the loss.

(iii) No new compensation should be allowed on account of the travelling allowance rates being less, rank being lower, etc., the higher emoluments given to them in the beginning of their tenure as Economic Superintendents, being held to cover all this.

2. The case of Mr. M. S. Ramachandra Rao will be disposed of in accordance with the above rules.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Revenue Commissioner in Mysore.

No. 4903-7—E. C. 8-16-7, DATED 21ST DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. 85,* dated 11—13th November 1916, from the Deputy Commissioner and President, District Committee, Bangalore District, submitting proposals for starting a fortnightly journal in Kannada called *the Bangalore District Gazette*

*(Printed as appendix)

Order No. 4903-7—E. C. 8-16-7, dated 21st December 1916.

The proposed journal is intended to be started under the auspices of the Bangalore District Committee with the three-fold object, *viz.*—

(1) to keep the village officers and other people in rural tracts regularly informed of all important measures bearing on rural economic developments and important orders and circulars issued in connection therewith,

(2) to publish in Kannada abstracts of proceedings of the District Board, District Committee, Taluk Boards and Taluk Progress Committees and such other organisations, and

(3) to spread among the masses of the people correct ideas relating to Education, Agriculture, Industries and Commerce and other subjects, with a view to stimulate their activities in these directions.

The Deputy Commissioner and President of the District Committee, in applying for the sanction of Government for the publication of the journal, requests the grant of the following concessions therefor:—

(1) an initial grant-in-aid of Rs. 300, for the current year towards the cost of publication and

(2) permission to transmit the journal by post to the subscribers on Mysore Government Service.

2. The publication in question is reported to be likely to be of great use in rousing the interest of the people in all useful activities in the district.

Government are pleased to accord necessary permission to the District Committee to publish the journal and to sanction the grant of a subvention of Rs. 150, towards the initial expenditure for a period of one year, in the first instance. The President of the District Committee is requested to propose a more suitable title for the journal so that it may more appositely indicate the object of the publication.

The Secretary, Economic Conference, is requested to arrange for the payment of the amount to the Committee, intimating to the Comptroller the source from which it may be met.

3. The President of the District Committee, Bangalore, is requested to submit to Government two copies of the first issue of the journal as soon as it is published. He will also submit to Government before 30th May 1917, a report showing how the scheme is working, together with a statement of receipts and expenditure.

4. As the journal will issue under the auspices of the District Committee and the Local Board, copies may be sent to subscribers on Mysore Government Service.

APPENDIX.

No. I.

Letter No. C. 85, dated 11—13th November 1916, from K. R. Srinivasa Iyengar, Esq., M. A., President, District Committee, Bangalore District, to P. G. D'Souza, Esq., B.A., B.L., Secretary to Government, Departments of Education and Agriculture, Bangalore.

In submitting herewith for the information of Government an extract of the Proceedings of the 3rd meeting of the District Committee, for the year 1916-17, held on the 22nd September 1916, resolving to issue a fortnightly publication in Kannada with a view to keep the people in the rural tracts informed of the official changes and administrative activities in the district and educate them in subjects of economic developments relating to the district, I have the honor to state that the public as well as the Officers of Government in all the Departments have been all along keenly feeling the want of a periodical publication like the 'District Gazettes' published by authority in the several districts of the Madras Presidency, containing information on all official matters of importance relating to the various Departments of administration in the district.

2. At present the villagers, particularly in the rural parts, are in absolute ignorance of the numerous beneficient activities engaging the attention of Government or the public in their taluks, as well as of the important orders affecting their interests issued by Government and their subordinate officers, the Heads of Departments, the Deputy Commissioners, etc., in the various departments. All the important circulars, and orders issued by the Government, the Deputy Commissioners and others and intended for the information of the public have now to be communicated to the people in the rural tracts through the shekdars, who in the midst of their multifarious duties have either not got the necessary time to attend to the work, or if they attend to it at all, communicate the orders orally to the village shanbhogs and patels (many of whom are illiterate), with the result that the latter do not properly understand the oral instructions given to them, or even if they understand them for the time being, forget them the moment the shekdar turns his back on them.

3. Moreover, the people in one part of the district have no means of knowing the work turned out by those in other places in the various departments of activities connected with the Economic Conference, Village Improvement, Local Self-Government, etc., and of comparing notes with each other with a view to their mutual development and progress.

4. These and other difficulties which are being experienced by the Officers of Government as well as the people in distant parts of the district were considered by the members of the District Committee at the aforesaid meeting and they were unanimously of opinion that the publication of a fortnightly journal under the designation of "The Bangalore District Gazette" under the auspices of the District Committee of the Economic Conference, will be attended with highly beneficial results and they have accordingly resolved that sanction of Government be obtained for the publication.

5. In addition to information on all official changes and other matters of importance relating to the district, the proposed 'District Gazette' will also contain abstracts of Proceedings of District and Taluk Boards, Municipal Boards and District and Taluk Progress Committees, periodical reviews of Village Improvement, Rural water-supply, Minor Tank Restoration and other works, with reports of progress made in the establishment of schools, opening of rural Libraries, the formation of Tank Panchayets, etc., in each of the taluks of the district. It will also contain instructions and useful notes on matters relating to Agriculture, Industries, Education, Sanitation, etc. The management of the Gazette is proposed to be entrusted to a small Sub-Committee, formed from among the members of the District Committee, with the Deputy Commissioner as President. The Secretary to the District Committee will be responsible for the Editorship of the Gazette. A clerk on Rs. 35 or 40 will be entertained, whose duty will be to correct proofs, help in making translations, keep accounts, to do correspondence, etc. One thousand copies will be printed in the first instance and will be issued for distribution.

6. The Taluk Progress Committees as well as many of the Village Improvement Committees that were consulted have enthusiastically approved of the proposal and offered to give it their hearty support. It is proposed to fix the annual subscription of the Gazette which will consist of about 12 pages of quarto size at Rs. 1-8-0 per annum exclusive of postage. Considering that the Gazette will be a quasi-official organ the Committee request that Government may be pleased to accord sanction to its being sent to the subscribers on Mysore Government Service, free of postage.

7. The Committee have every hope that in course of time the Gazette could be made self supporting, but as some amount of financial help is required for it in the initial stages they pray that Government may be pleased to sanction a sum of Rs. 300, for the current official year towards the undertaking, the Committee making their own arrangements for finding the additional funds required for the work.

8. It is understood that the Government have been paying a grant-in-aid of Rs. 150, in support of the weekly newspaper published in Shimoga. Considering the scope of the proposed Gazette and the nature of the work proposed to be done by it, the Committee hope that in asking for a somewhat enhanced grant therefor, they will not be considered as making any exorbitant demand.

9. I request, that, in the circumstances detailed above, you will be so good as to obtain the sanction of Government for :—

(1) the publication of a fortnightly periodical in Kannada with the designation of "The Bangalore District Gazette" under the auspices of the District Committee;

(2) the transmission of the Gazettes by post to the subscribers on Mysore Government Service; and

(3) a grant-in-aid of Rs. 300 for the current year towards the publication.

No. 4905-7—E. C. S-16-7, DATED 21ST DECEMBER 1916.

No. II.

Extract of the Proceedings of the District Committee Meeting, held on the 22nd September 1916.

XVIII. The question of the publication of a fortnightly bulletin in Kannada by the District Committee in furtherance of Economic Conference work in the district.

The necessity of publishing a fortnightly journal was discussed in detail and it was resolved :—

1. That a fortnightly journal by name "The Bangalore District Gazette" be published in Kannada.

2. That the Secretary of the District Committee, be the Editor of the said journal.

3. That the Gazette be under the management of a Sub-Committee consisting of the three Chairmen of the three Sub-Committees the District Economic Superintendent and the Secretary to the District Committee.

4. That the Government be requested to sanction a grant-in-aid of Rs. 300 for the current year to help the publication.

Read—

Correspondence ending with letter No. 333, dated the 5th March 1914, from the Deputy Commissioner, Chitaldrug District, submitting for approval a revised scale of fees to be imposed on shops assembling at the jatra of Tipperudraswami at Naikanhatti, Challakere Taluk, and requesting sanction to credit the jatra realizations to the temple funds.

Order No. 1549-51—Muz. 533-12-7, dated 21st December 1916.

The temple of Tipperudraswami is a Muzrai institution endowed with certain Inam lands and the concerns of the temple were being managed by some of the leading villagers until recently. Owing, however, to laxity in supervision and confusion in the accounts maintained, the management had to be assumed by Government.

2. A jatra is being held annually in connection with the car festival of the temple. For a long time past fees were being levied by the temple managers on the shops assembling at the jatra and the realizations were being utilized for the temple purposes.

3. To place the levy on a regular basis, the Deputy Commissioner solicits sanction to a scale of fees which is substantially the same as the rates which have been in vogue. He also reports that the realizations from the levy which were originally utilized wholly by the temple were, for some years since the formation of the village into a Local Fund Union, being divided between the Union and the temple, that in 1912, the whole of the realization was under the orders of the Deputy Commissioner credited to the temple and that the Local Fund Board have since resolved to waive their claim to any portion of the collection and recommends that under the special circumstances of the case and in accordance with the practice obtaining in other places, sanction may be accorded to the jatra collections being wholly utilized for the temple purposes.

4. Under the circumstances and in view of the fact that the temple has to incur a large amount of expenditure in connection with the car festival and the jatra, Government are pleased to accord sanction to the scale of fees now submitted and to the realizations from the jatra fees being wholly credited to the temple funds. The temple should however be responsible for any special expenditure that may be called for on account of sanitary and conservancy arrangements at the jatra.

5. The Deputy Commissioner is requested to submit for the approval of Government the names of gentlemen who may be appointed as Dharmadarsis and also a scale of expenditure for use in the temple after taking all sources of income and necessities of the temple into consideration.

No. 136—E. A. G., DATED 21ST DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 136—E. A. G., dated 21st December 1916.

Previous work and present State of Departmental Manuals.—In Government Order No. G. 1981-2019—G. F. 143-03-04, dated 11th October 1904, Government approved of a scheme for the preparation of departmental manuals submitted by Mr. V. R. Thyagaraja Iyer, then on special duty in connection with the curtailment of periodical reports and returns. Some of the manuals then ordered to be undertaken have been completed and are at present in use, but a considerable number have not yet passed the stage of preparation. In some cases new manuals not contemplated in the Government Order quoted above have been taken up, while others included in the scheme have been, owing to various reasons, abandoned. The accompanying statement shows the present situation as regards departmental manuals and compilations of rules and standing orders. Out of 47 important and 40 minor compilations that appear to be necessary, 23 important and 11 minor compilations are ready, and 20 important and 23 minor ones are under preparation. Ten manuals of which 4 are of some importance, remain yet to be undertaken.

2. Government attach the greatest value to the preparation of these manuals, and they consider that a statement of the objects to be kept in view and of the methods to be followed in compiling them will make for the expeditious and satisfactory completion of the work.

3. *The compilation programme.*—In the first place, there should be a clear understanding as to the manuals required in the different departments. The appended list has been prepared from such information as was readily available. The Heads of Departments and Secretaries to Government are requested to scrutinize the portions of the list relating to their respective departments and to intimate any additions or changes they may consider necessary therein.

If any new manuals are undertaken in future or any departure is contemplated in the programme of compilation as laid down in the statement (which will be corrected and issued from time to time), intimation should be given to the Secretary to Government, General Department (Efficiency Audit).

4. *Classification of manuals with regard to scope and form.*—The scope and form of the manuals is the second point to be considered. It is manifestly impossible to lay down any plan which could be uniformly applied to all departmental manuals But there are certain general considerations to be borne in mind in their preparation. There are roughly three kinds of compilations referred to in the statement. In the first place there are compilations which lay down a complete system of work or rules to be followed in a department (*e g.*, the Forest Code, the Public Works Manuals and the Jail Manual) or on particular subjects (*e.g.*, the Service Regulations). This is the kind of compilation which should eventually be provided for every department when its lines of work have been sufficiently settled. But it is unnecessary for departments whose business is mainly governed by Regulations and Rules framed thereunder or is of too tentative a character to admit of detailed regulation in this manner. For such departments the compilation of standing orders need not aim at laying down an elaborate system of work or rules but should merely bring together the existing orders passed from time to time. These orders, of course, should be edited and arranged in logical sequence, but nothing more need be attempted.

The third class of manuals is known as office manuals, and they are intended to regulate the work of particular establishments, *e.g.*, the Secretariat Manual, the Taluk Office Manual and the Press Manual. Manuals of this kind are unnecessary in the case of minor offices where the work done is of a simple character, and where the general orders issued by the Government supplemented by office memoranda sufficiently serve the purpose.

This in outline is the *rationale* on which the scheme of manuals is based.

5. *Means for expediting the preparation of incomplete manuals.*—In the case of some manuals an unduly long time has been taken for preparation. Government fully recognise the labour involved in and the care and deliberation required for work of this kind, but they feel that in many instances it has been retarded not because of its inherent difficulties but owing to the absence of efficient arrangements for its execution. Too often the official to whom the work is entrusted is not sufficiently relieved of his ordinary current duties which leave him little time for the work of compilation which is therefore indefinitely postponed. In all offices where any manuals are under preparation, Government desire that an experienced official should, if possible, be told off for the work exclusively, his current duties being temporarily distributed to other officials. Where such an arrangement cannot be effected, and where the entertainment of an extra hand is unavoidable, Government will be prepared to sanction such entertainment for the period shown to be necessary. Where this period does not exceed two months and the charge could be met from the budget allotment of the department, the sanction of the Head of the Department would be sufficient. When an official is thus selected for special duty, he should be given some advance not exceeding Rs. 20 on the salary he may be getting at the time of appointment. But the total charge on account of the preparation of a manual should in no case exceed Rs. 100 per mensem.

6. Instead of employing an additional hand in this manner, it would sometimes be advantageous to get the work done by a competent official, out of office hours by offering him an honorarium to be fixed in each case with the previous approval of Government.

7. The practice of sending up manuals in a finished form, without obtaining previous approval to their plan and contents, sometimes results in the manuals being returned for extensive revision. This could be avoided if officers preparing compilations of this kind would send to Government a brief preliminary statement of the lines on which they wish to proceed, and obtain informally the advice of the Secretariat on portions of the work as it progresses.

8. In some cases delay has arisen in the Secretariat in scrutinising manuals owing to want of men who could devote exclusive attention to this work. To avoid this difficulty Secretaries to Government will be authorised to entertain, if necessary, additional hands, subject to conditions similar to those laid down in paragraph 5 in the case of Heads of Departments.

9. *Arrangements to keep manuals up-to-date.*—The keeping of manuals up-to-date is no less important than their preparation and Government observe that the arrangements in this regard too leave much to be desired. In some cases addenda and corrigenda slips are issued promptly enough whenever any correction is needed, while in others a supplement containing such corrections is issued at long intervals. But in many instances, manuals are left altogether alone till they become so antiquated as to call for a revised edition.

10. The object of a manual will be in a large measure defeated if it is not maintained up-to-date. It is therefore requisite that the modifications becoming necessary from time to time should be promptly effected.

The system of annual or other periodical supplements is therefore unsuitable and will be dispensed with. Addenda and corrigenda slips serially numbered should be issued whenever occasion arises, and care must be taken to supply copies of these slips to all officers using the manual, a list of whom should be kept in the offices concerned.

11. *Responsibility.*—In the statement appended to this order, the authorities responsible for the preparation and maintenance up-to-date of the several compilations

are specified. These officers will submit to Government once a quarter a report of the progress made in the compilation of the manuals under preparation, and in the case of those which have been completed and are in use, an annual report of the correction slips, if any, issued during the year.

12. *Numbering of manuals, size, type, etc.* Among matters of minor importance connected with manuals is the necessity for numbering them for facility of reference and the adoption of a uniform style of printing, binding, etc. After the list appended to this order has been verified by Heads of Departments and other officers concerned, a fresh list will be issued giving the numbers by which the several manuals should be referred to.

Manuals should, as far as possible, be printed in 10—12 point type in royal octavo and should be bound in thick paper covers of blue colour. Any departure from this pattern should be referred to Government for orders.

No. 79 / E. A. G.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
Dated Bangalore, 20th December 1916.

CIRCULAR MEMORANDUM.

Government desire that members of communities who are backward in education should be more largely represented in public service than at present and are pleased to direct that at least 25 per cent of the appointments made in a year in a department or a district be given to qualified members of backward communities. Heads of Departments and Deputy Commissioners are requested to see that this rule is adhered to, as far as possible, and to furnish at the end of every calendar year a statement showing the number of appointments within their control which have fallen vacant during the year and the extent to which they have been filled up on the principle enunciated above.

By Order,
D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Heads of Departments.
The Secretaries to Government.
The Deputy Commissioners of Districts.

Exd.—C. R.

Engineer Officers lent to other Departments and seconded on the Public Works list.

No. 2466-67—P. W. 12731-32, DATED 16TH DECEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

Order No. 2466-67—P. W. 12731-32, dated 16th December 1916.

On account of the frequent demands made upon the Public Works Department by other Government Departments for the services of Engineer Officers, it has become necessary to lend a large number of officers for comparatively long periods and second them on the Public Works list. It is desirable that, while employed in other Departments, they should not be allowed to suffer in pay or prospects accruing to them in their own Department.

2. Government are therefore pleased to direct that Engineer Officers whose services are lent to other Departments and seconded on the Public Works list be given the promotions that accrue to them in the Public Works Department to which they belong.

KARPUR SHRINIVASRAO,
Secy. to Govt., P. W. Dept.

To—The Chief Engineer of Mysore.
The Comptroller, Public Works Branch.

Formation of a Temporary Stores Depot at Bangalore.

No. 1852-1856—Ry. F. 69. E.-16-17, dated 16th December 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ—

Note No. 203, dated the 30th October 1916, from the Secretary for Railways, Government of Mysore, explaining the need for the formation of a temporary Stores Depot at Bangalore, till such time as the Central Stores is established at Mysore, and requesting sanction to the minimum establishment costing Rs. 203 per mensem required therefor.

Order No. 1852-1856—Ry. F. 69. E.-16-17, dated 16th December 1916.

The proposals of the Railway Secretary are sanctioned.

The temporary Stores Depot will be located at Bangalore and the establishment therefor costing Rs. 203 per mensem is detailed below:—

	Rs.
One Depot Store-keeper	100
One Sub-Store-keeper	40
One Checker	25
Five Lascars and Watchmen	38
	203

K. KRISHNAIENGAR,
Secy. for Railways, Govt. of Mysore.

To—The Secretary to Government, General Department.
The Secretary to Government, Financial Department.
The Comptroller, Public Works and Railway Branch (through the Financial Department).
The Agent, Mysore State Railways.

Exd.—C. R.

SECTION 3—PRISONS AND JAILS

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DECEMBER 1916.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	J 1981—Pris 38-16-3	2	The I.-G. of Prisons in Mysore	Grants permission to a Catechist of the C. E. Zanana Mission, Bangalore, to impart religious instruction on Sundays, to the Panjabi Christian convicts of the Bangalore Central Jail, subject to the provisions contained in Rule 663 of the Mysore Jail Manual, with the direction that instruction should not be forced on any one who does not want it.
2	J 2004—Pris 32-16-2	4	Do ...	Approves of the alterations suggested by the Inspector-General of Prisons in Statement No. XVIII appended to the Prisons Administration Report so as to provide for information being furnished in it as to the number of under-trial prisoners discharged and acquitted by Magistrates and released by the Police, respectively.
3	Pol 559—Pris 30-16-4	6	The First Asst. to the Hon'ble the Resident in Mysore.	In the matter of the request of the Civil and Military Station Municipality for the supply of Jail labour, states, for the seasons explained, that the Durbar regret their inability to comply with the request of the Civil and Military Station Municipal Commission.
4	J 2055—Pris 39-16-2	8	The Senior Surgeon with the Govt. of Mysore.	Records his letter reporting that criminal lunatic Manja *bin* Manjanna, died of Tuberculosis of the Lungs on the 20th November 1916, in the Lunatic Asylum, Bangalore.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
5	J 2074-5—Pris 40-16-2 ...	12	The I.-G. of Prisons in Mysore and the Comptr., Mysore Govt.	Accords sanction for correcting the date of birth of M. M. Ponnappa, Assistant Chief Warder of the Bangalore Central Jail, as 10th March 1884, and directs that the necessary corrections be made in the service register of the official and the Schedules of Establishment.
6	J 2135—Pris 41-16-2 ...	14	The I.-G. of Prisons in Mysore.	With reference to his letter submitting an application for one month's privilege leave on behalf of Mr. P. Palpu, and recommending that an Assistant Commissioner and the District Medical and Sanitary Officer, Bangalore, may be appointed to act as Superintendent and Medical Officer, respectively, of the Bangalore Central Jail, states that the notice given of the leave is too short and that no Assistant Commissioner can at present be spared for the charge of the Jail and requests that some other arrangements for the charge of the Jail during Mr. Palpu's absence may be suggested or Mr. Pulpu asked to defer his leave to a more convenient date.

7	J 2258-9--Pris. 43-16-2 ...	22	The I.-G. of Prisons in Mysore and the Comptr. to Govt.	Sanctions the deputation of an official of the Bangalore Central Jail, to identify one Ramadu, ex-convict No. 4024 who has been arrested by the Police of Nandyal.
8	J 2268--Pris. 44-16-2 ...	23	The I.-G. of Pris. in Mysore.	Directs that the remission of the unexpired portion of the sentence passed on Kaligadu, convict No. 4027 of the Bangalore Central Jail, be cancelled for having violated the conditions of the Ticket-of-Leave Rules and that he be rearrested and remanded to undergo the rest of the sentence.
9	J 2271-3—Pris. 45-16-2 ...	23	The Senior Surgeon with the Govt, the Dt. Magte., Mysore and the Regtr., Ch. Court.	Directs the confinement, in the Lunatic Asylum, Bangalore, of one John, accused under Section 309 of the Indian Penal Code, who is of unsound mind and incapable of making his defence.
10	J 2279—Pris. 18-15-5 ...	23	The Compiler, *Mysore Gazette.*	Notifies certain rules regarding the appointment of the official and the non-official visitors of the Lunatic Asylum at Bangalore and their duties and responsibilities, under the Mysore Lunacy Regulation, 1916.
11	J 2280 ...	23	The Senior Surgeon with the Govt. of Mysore.	Forwards a copy of the above.
12	J 2281--Pris. 42-16-2 ...	23	The I.-G. of Prisons in Mysore.	Approves of the rates tendered by C. Honnappa, for supplying the ration articles required for the use of the convicts of the Bangalore Central Jail during the calendar year 1917.
13	Pol 637—Pris. 13-15-18...	23	The First Asst. to the Hon'ble the Resdt. in Mysore.	Acknowledges the receipt of a cheque for Rs. 542-15-7, on the Eastern Bank, Limited, Bombay, on account of the pensionary contribution and leave allowances of Mr. P. Palpu in connection with his deputation to the Baroda State, and requests the favour of the transmission of the receipt for the cheque to the Baroda Durbar.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
14	J 2304—Pris 41-16-4	28	The Compiler, *Mysore Gazette.*	Notifies the grant of privilege leave of absence for eleven days with effect from 2nd January 1917 with permission to avail himself of the four days of the preceding Christmas and New year holidays, to Mr. P. Palpu, L.M.S., D.P.H., Superintendent and Medical Officer, Bangalore Central Jail, and places Mr. F. Noronha, Superintendent, Vaccine Institute, in charge of the offices of Superintendent and Medical Officer of the Bangalore Central Jail, during the above period or until further orders.
15	J 2305 ...	28	The I.-G. of Prisons in Mysore.	Forwards a copy of the above.
16	J 2314-16—Pris 50-15-4	30	The I.-G. of Prisons in Mysore, the Ch. Engineer of Mysore and the Comptroller, Mysore Govt.	Sanctions, at an approximate cost of Rs. 18,058, the additions and alterations proposed by the Inspector-General of Prisons to certain existing lock-ups in the State for providing separate accommodation for convicts and under-trials and requests the Chief Engineer to arrange for the early execution of the work in the order of their urgency, in consultation with the Inspector-General of Prisons, by setting apart a sum of at least four or five thousand rupees every year, for this purpose.

	Number	Date	To whom sent	
1	J 2015—Regis 5-16-9 ...	6	The Compiler, *Mysore Gazette.*	Notifies the postings and transfers of certain Special Sub-Registrars in the interests of public service.
2	J 2022-3—Regis 5-16-10	6	The I.-G. of Regn. in Mysore and the Comptr., Mysore Govt.	Sanctions certain permanent and temporary appointments and promotions of Special Sub-Registrars, consequent on (1) the death of Mr. K. Venkatachar, B.A., Sub-Registrar of Channarayapatna, (2) the opening of a special Sub-Registry Office at Mudgere with effect from the 1st October 1916, and (3) the appointment of Sub-Registrar Mr. S. Venkataranga Iyengar, B.A., LL.B., as a clerk, *sub pro tem* in the Chief Court.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
3	J 2072-3—Regis 5-16-2 ...	12	The I.-G. of Registration in Mysore, and the Comptroller, Mysore Govt.	Approves of Mr. A. Shama Rao, B A., acting 3rd clerk of his office, being in charge of the Bangalore Sub-Registry Office, as a temporary measure, in place of Mr. M. Chakrapani Rao, B.A., B.L., appointed as acting Amildar.
4	J 2078-9—Regis 4-16-8 ...	12	Do ...	Authorises the Comptroller to investigate the arrear claim preferred in the charge allowance bill of the Sorab Registry Office for the month of July 1915.
5	J 2168—Regis 21-16-2 ...	16	The I.-G. of Registration in Mysore.	With reference to his letter suggesting his deputation to Bombay and Madras to gain an insight into the actual working of the Central Record System as prevailing in those Presidencies, states that the proposal to have one Central Record Office for the whole State will involve modification if the idea of relieving Deputy Commissioners and appointing District Registrars for two or three districts is carried out and that there is therefore no urgency regarding the scheme of a Central Record at Government Headquarters, which may be over till the Registration Department is reorganized first.

SECTION 5—POLICE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DEEMBER 1916

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	J 1965-6 –Police 78-16-2	1	The I.-G. of Police in Mysore and the Comptr., Mysore Govt.	Sanctions the purchase of 500 copies of the Kannada Edition of the "First Aid to the Injured" at a cost of Rs. 500 for distribution among the several police stations and directs that the expenditure should be incurred after the 1st July 1917, necessary provision therefor being made in the Budget for 1917-18.
2	J 1967—Police 82-16-2 ...	1	The Dy. Comr., Bangalore Dt.	Records, with regret, his letter reporting the death of two women in the floods caused by the excessive rain on the 8th November 1916, in the Bangalore Taluk.
3	J 1969—Police 80-16-2 ...	1	The Compiler, *Mysore Gazette.*	Notifies the exemption of the Manager, the Agricultural Farm, Hiriyur, from the operations of the Mysore Arms Regulation.
4	J 1972—Police 81-16-1 ...	2	Do ...	Notifies the exemption of the Aides-de-camp on the staff of His Highness the Maharaja from the operations of the Mysore Arms Regulation.
5	J 1982-4—Polic 47-14-7. .	2	The Secy, Insurance Comtt., the I.-G. of Police in Mysore and the Comptr., Mysore Govt.	States, for reasons given, that Government do not see their way to accept the recommendation of the Inspector-General of Police to take 24th November 1884 accepted by the Insurance Committee, as the date of birth of Lance Dafedar Suleman Baig of the Krishnarajpet Taluk Police, and directs that the date entered in the Service Register of the dafedar be taken as the date of his birth.
6	Pol. 549—Police 38-15-24	2	The F. A. Resident in Mysore	States that the Durbar have no objection to transfer the services of Jamadar Badsha permanently to the Madras Government, and to bear his pension charges according to rule of proportions.
7	J 1999-2000—Police 103-15-4	4	The I.-G. of Police in Mysore and the Comptr., Mysore Govt.	Records the letter from the Inspector-General of Police reporting that the advance of Rs. 400 sanctioned to the policemen deputed for duty at Talkad during the Panchalinga Darsana was fully adjusted on 24th July 1916.
8	J 2050-1—Police 90-16-2	8	Do ...	Sanctions the grant of a reward of Rs. 255 to Police Inspector Mr. C. R. Subba Rao and others for their services in saving certain persons from drowning during the breach, in November last, of the temporary wall erected on the dam of the Cauvery Reservoir near Kannambadi.
9	J 2052-4—Police 87-16-2	8	The Secy., Insurance Committee, the I.-G. of Police in Mysore and the Comptr., Mysore Govt.	Directs that the date of birth accepted by the Insurance Committee in the case of G. Sakharam Rao, Lance Dafedar of Police, Shimoga District, under training in the Police Training School, Bangalore, be taken as the date of his birth and the necessary alterations made in the Dafedar's Service Register as also the schedules of establishment.

10	J 2083-5—Police 85-16-2	12	The Secy., Insurance Committee, the I.-G. of Police in Mysore and the Comptr., Mysore Govt.	Directs that the date of birth accepted by the Insurance Committee be taken as correct in the case of K. Heera Singh, 2nd grade Head Constable of Police, K. C. Railway, Kolar, and that the same be entered in the service register of the Head Constable as also in the Schedules of Establishment.
11	J 2098—Police 14-16-14	13	The I.-G. of Police in Mysore.	Sanctions the acceptance, by 2nd grade dafedar Govinda Setty of the Tirthahalli Taluk, of a reward of Rs. 5 offered by one Manjappa for services rendered.
12	J 2099—Police 14-16-15...	13	Do ...	Sanctions the acceptance, by 1st grade Jamedar C. G. Rudriah, of a gold medal worth Rs. 50 and by certain policemen and others, of a money reward of Rs. 50 offered by one Belagur Venkanna of Shimoga for their services in the detection of a case of theft of a gold jewel which was snatched away from the neck of his daughter.
13	J 2104-6—Police 24-16-7	13	The I.-G. of Police in Mysore, the Ch. Engr. of Mysore and the Comptr., Mysore Govt.	Accords sanction to the preparation and submission of detailed plans and estimates for executing the necessary repairs to the old Body Guard Lines at Mysore recently acquired for the Police Department, and directs that the work should be commenced only after detailed estimates are sanctioned and should be proceeded with gradually as funds permit and that the amount to be spent during the current year should be limited to Rs. 10,000.
14	J 2107-8—Police 14-16-16	13	The I.-G. of Police in Mysore and the Rev. Comr. in Mysore.	Sanctions the acceptance, by Patel Amalagiri Gowda of Arsikere and Talwar Siddamalla of Javagal, of silver bangles worth Rs. 15 and 10, respectively, offered by one Malla Setty of Aldur in the Chikmagalur Taluk for their services in tracing his missing cart and bullocks.
15	J 2122-3—Police 14-16-17	14	Do ...	Sanctions the acceptance, by certain policemen and patel Veerappa, of a reward of Rs. 40 offered by one Bachalli Kala of the Yelandur Taluk for their services in detecting a case of house-breaking and theft.
16	J 2127—Police 44-16-4 ...	14	The Dt. Magte., Kolar Dt.	In the matter of the appeal of Murahari Raju of Bowringpet against the Kolar District Magistrate's order directing him, under Section 17 of the Mysore Mines Regulation, to quit the mining area, states that Government have perused the records and also a report from the District Magistrate in the whole case, on a careful consideration of which they do not consider that there are sufficient grounds for any interference with the order issued against the petitioner.
17	J 2128—Police 44-16-5 ...	14	Murahari Raju, c/o Mr. H. Lubock, B.A., LL.B., Bar-at-law, Bangalore.	Informs him of the above order passed on his appeal petition.
18	J 2136—Police 83-16-2 ...	14	Rukminiamma, Grant-in-aid Girls' School, Robertsonpet.	With regard to her complaints against criminal court clerk Lakshmana Naidu and the police, states that Government cannot interfere in the matter and that she should seek redress through the courts of law.
19	J 2139-41—Police 158-15-6	14	The I.-G. of Police in Mysore, the Ch. Engr. of Mysore and the Comptr., (thro' Br. II.)	Directs that an increment of Rs. 5 be given to the Survey Teacher of the Police Training School at Bangalore after three years from the date of last promotion and that thereafter he be placed in the Rs. 50—2—60 grade.
20	J 2142-3—Police 38-15-26	14	The I.-G. of Police in Mysore and the Comptr., Mysore Govt.	Sanctions the extension of the period of the loan of the services of Jamadar Badsha of the Kolar Gold Fields to the Madras Government by three months, *i.e.*, up to the end of February 1917.

31	J 2285—Police 238-15-3...	26	The I. G. of Police in Mysore.	Records his report regarding the statements contained in the articles on "The Preservation of Game" published in the *Daily Post* of the 31st May and 1st June 1916.
32	J 2293—Police 196-15-16	26	Do ...	Requests him to depute a competent police officer to conduct the prosecution in the case of the complaint of assault lodged by Game Supervisor Ranganatha Rao of the Chamarajanagar Game Preserve against Mr. Stanley E. Jenkins and Dr. Freeman of the Kolar Gold Fields who have been charged by Mr. P. F. Bowring, Justice of the Peace Kolar, with the commission of an offence under Section 353 of the Indian Penal Code.
33	Pol 645—Police 30-16-6...	26	The F. A. Resident in Mysore.	With reference to his letter, dated 12th August 1916 regarding the interprovincial verification of sales of arms, states that the Durbar propose to furnish the Commissioner of Police, Madras, or the District Magistrates concerned in that Presidency, as the case may be, with verification slips in respect not only of the arms and ammunition mentioned therein but of all arms and ammunition purchased by the residents of the Madras Presidency from dealers in Mysore and requests him to be so good as to arrange to furnish the Inspector-General of Police in Mysore, with verification slips in respect of all arms and ammunition purchased by the inhabitants of the State from dealers in the Madras Presidency, instead of copies of reports of purchases.
34	Pol 646—Police 196-15-17	26	Do ...	Informs him of the details of the case of assault, by Mr. Stanley E. Jenkins and Dr. Freeman of the Kolar Gold Fields, of the Chamarajanagar Game Supervisor and states that the result of the trial will be intimated in due course.
35	Pol 662—Police 72-16-4...	30	Do ...	Intimates that on the 22nd October 1916 while K. Srinivasiengar, Shekdar of Kasaba Hobli in the Bangalore Taluk was doing "Pahani" inspection work near the Chickamaranahalli Tank, Naick Ranganatham of the 2nd Queen's Own Sappers and Miners was shooting birds with a number of sepoys and one of the shots wounded the Shekdar on the forehead, that the accused have been dealt with departmentally and that it is reported there is not sufficient evidence to support a charge of negligence or rashness against them.

GENERAL AND REVENUE SECRETARIAT,
Bangalore, 31st December 1916.

D. M. NARASINGA RAO,
Secy. to Govt. Gen. Dept.
